

Roster Solicitation: Vision Zero Messaging Focus Groups

Project Manager	Allison Schwartz
Email	Allison.schwartz@seattle.gov
Phone	(206) 386-4654
Website	www.seattle.gov/visionzero

High Level Scope	<p>Conduct focus groups to inform messaging development and strategic communications efforts related to our Vision Zero program to end traffic deaths and serious injuries on city streets by 2030.</p>
Contracting Opportunities (3)	<p><u>Vision Zero focus groups</u></p> <p>Purpose + goal We want to use focus group feedback to inform messaging development and strategic communications efforts related to our Vision Zero program to end traffic deaths and serious injuries on city streets by 2030. We know what the top contributing factors to serious and fatal crashes are (speeding, impairment, distraction, and failure to yield). We also know that designing a safer system is key to achieving Vision Zero and are working on making design changes to our highest crash corridors.</p> <p>Now, we're looking for help to determine what people's perceptions and attitudes toward traffic safety are, so we can put together a strong public education campaign that resonates with people and supports behavioral change. This type of qualitative research will support our efforts to be data-driven around how we're approaching Vision Zero public education, and hopefully help us develop long-standing campaign strategies and tactics to encourage behavior change.</p> <p>Our goal is to gain insight into people's perception around pedestrian safety, and traffic safety more broadly. The last time we did this was via the Pedestrian Master Plan (development of a holiday pedestrian safety campaign) in 2009. It's time for another conversation!</p> <p>Scope of work would include tasks such as:</p> <ul style="list-style-type: none"> • Setting up and running a series of focus groups (with mainstream <i>and</i> historically underrepresented communities) to get a better sense of people's perception around pedestrian safety, and traffic safety more generally • Could also involve developing and deploying a complementary survey tool (for the same purposes, but at a wider/higher level) • Findings would inform development of messaging and tactics to encourage behavior change • Could also include recommended approaches to measuring effectiveness of public engagement campaigns

	Key deliverable: Report summarizing the purpose, content, and findings of the focus groups, and tees up recommended next steps for possible public education campaign development
Scope Details	Contracting Opportunity is anticipated to be released as a roster solicitation. The solicitation will be sent to firms registered under relevant roster categories from the City of Seattle Online Business Directory (OBD).
Contract Estimate(s)	\$65,000

Schedule Summary	SDOT is looking to release this in Fall 2018, with focus groups and summary report completed by Jan/Feb 2019.
<p>Roster procurements are open to eligible firms within the applicable associated roster list for the procurement. This information is neither a guarantee of contracting opportunities, nor a promise of business and is subject to change.</p> <p>To add your firm to the OBD, or update vendor profile information, to include what rosters your firm is listed for, log in here: https://web6.seattle.gov/FAS/OBD/Logon/Logon.aspx. If you have any questions on the prospective projects, please contact the staff person identified for the project.</p>	

DRAFT

SDOT UPCOMING CONSULTANT OPPORTUNITIES

Listing Updated Quarterly

Projects	Description	Design Consultant Opportunities	Construction Management Opportunities	Outreach Consultant Opportunities During Design	Outreach Consultant Opportunities During Construction	Planning	Other	Project Manager
Bicycle/Multi-Modal On-Call Design Services	Provide design services to support the preliminary engineering, PS&E production, and construction of SDOT CIPs to expand Seattle's bicycle facility network. Projects will likely include Neighborhood Greenways, Protected Bike Lanes, and Multi-Use trails.	Q1 2019						Peter Trinh peter.trinh@seattle.gov 206-615-0929
Consultant Contracting Accessible Mount Baker	The Accessible Mt. Baker Plan will transform an auto-oriented area into a pedestrian and transit-oriented destination that is safe for everyone. The Plan will reconfigure the intersection of Rainier Ave South (Rainier Ave) and Martin Luther King, Jr. Way (MLK Way) and transform the Mt. Baker station area into a safe, comfortable and dignified place for people to walk, bike, and make transit connections. This contract will be for design services and design support during construction.	completed	2022-23	N/A	2022-23	N/A	N/A	Therese Casper therese.casper@seattle.gov 206-684-8764
Fremont RapidRide Planing, Design & Environmental	Zero to 30% planning, design and environmental for the Fremont RapidRide Corridor (a Seattle RapidRide Expansion Program corridor) with the provision for amending the contract to include all services associate with completing 60%, 90% and 100% design milestones. Work may include traffic analysis, traffic modeling, signals & ITS, and multimodal design. There is the potential for this corridor to be federally funded.	Q3 2018						Alison Townsend alison.townsend@seattle.gov 206-233-3780
Market/45th RapidRide Planning, Design & Environmental	Zero to 30% planning, design and environmental for the Market/45th RapidRide Corridor (a Seattle RapidRide Expansion Program corridor) with the provision for amending the contract to include all services associated with 60%, 90% and 100% design milestones. Work may include traffic analysis, traffic modeling, signals & ITS, and multimodal design.	Q3 2018						Alison Townsend alison.townsend@seattle.gov 206-233-3780
Madison BRT --- CM Services	Provide on-site RE, inspectors, office engineer/document control team to manage the construction of this bus rapid transit project. A. Madison BRT (RE/Inspectors only) B. Madison BRT (Office Engineer/Doc Control only)		Q1 2019					Mark Sliger mark.sliger@seattle.gov 206-733-9936
Northgate Ped Bridge	This project constructs a new pedestrian and bike bridge over I-5 in Northgate to improve connections between the east and west sides of the community and to maximize the use of transit facilities, including the King County Transit Center and the future Sound Transit Link light rail station.		Q4 2018					Mark Sliger mark.sliger@seattle.gov 206-733-9936

ITS Design and Signal Timing and Modeling Consultant Support

Project Manager	Adiam Emery
Email	Adiam.Emery@seattle.gov
Phone	(206) 684-5121
Website	N/A

High Level Scope	SDOT seeks a skilled Consultant available for immediate work in support of the timely and cost-efficient delivery of the Move Seattle ITS program, and ITS projects across SDOT. The goal of this consultant solicitation to identify and retain a highly capable consulting teams with exceptional skills, experience, availability and the flexibility to all phases of ITS projects in support of the timely and cost-efficient delivery of the Move Seattle ITS program.
Contracting Opportunities (1)	This contracting opportunity is anticipated to be released as stand-alone, full solicitation. The solicitation will be posted through the City of Seattle E-Bid Exchange portal.
Scope Details	SDOT has identified the following Core Services in this Scope of Work: <ul style="list-style-type: none"> • Developing ITS Plans, Specifications and Estimates (PS&E) packages for bid by private contractors. • Developing work orders detailing ITS field designs for implementation by SDOT forces. • VISSIM modeling for the purpose of signal timing plan development • Synchro modeling for the purpose of signal timing plan development • SCOOT timing plan development • Other traffic signal timing plan development including coordinated and traffic responsive plans.
Contract Estimate(s)	Approximately \$900,000.

Schedule Summary	SDOT is looking to release this in September 2018
-------------------------	---

The consultant contract opportunity will be announced on <http://consultants.seattle.gov/>. The Formal Solicitations are bid through the **City of Seattle E-Bid Exchange** system. This information is neither a guarantee of contracting opportunities, nor a promise of business and is subject to change. If you have any questions on the prospective projects, please contact the staff person identified for the project.

UW MICMA Program Manager and Evaluation Consultant Support

Project Manager	Adiam Emery
Email	Adiam.Emery@seattle.gov
Phone	(206) 684-5121
Website	N/A

High Level Scope	SDOT seeks a skilled Consultant available for immediate work to ensure that the UW MICMA ITS project meets the FHWA grant requirements, including evaluation, and to support the successful completion of the project.
Contracting Opportunities (1)	This contracting opportunity is anticipated to be released as stand-alone, full solicitation. The solicitation will be posted through the City of Seattle E-Bid Exchange portal.
Scope Details	<p>SDOT has identified the following Core Services in this Scope of Work:</p> <ul style="list-style-type: none"> • Developing and applying means to monitor the project progress and schedule, including budgetary progress. • Deliver and execute a pro-active risk identification and avoidance or mitigation strategy. • Proactively track project progress. • Supporting SDOT’s monthly progress reporting. • Support in developing RFPs/RFQs, and goods procurement documents. • Facilitating issue resolution, including proposing resolution approaches. • Other tasks directly related to Program Management of the UW MICMA ITS project, which may include assessing resource needs, developing presentations for upper management, and coordination with other Divisions/Departments. • Develop scope of services for project evaluation, including coordination with FHWA. • Create a data collection plan and oversee data collection by SDOT and others. • Provide staff to conduct certain aspects of the data collection, to include pedestrian counting to confirm pedestrian detection system, and monitoring of signal operations response to GiveMeGreen and associated cyclist behaviors. • Conduct evaluation, to include statistical analysis of data, and reporting.
Contract Estimate(s)	Approximately \$500,000.

Schedule Summary	SDOT is looking to release this in September 2018
