

N 40TH ST AND BAGLEY AVE N IMPROVEMENTS

FACT SHEET

April 2017

PROJECT BACKGROUND

The Seattle Department of Transportation's (SDOT) N 40th St and Bagley Ave N Improvements project will repair sidewalks and install marked crosswalks, new curb ramps, and pedestrian lighting, improving safety at this intersection for people walking and biking. In 2016, this project was one of 12 selected by the Levy to Move Seattle Oversight Committee to be funded through SDOT's Neighborhood Street Fund (NSF) program. The NSF program funds projects requested by the community.

In order to save money and reduce construction impacts, this NSF project is partnering with a project to repave N 40th St in a few years. The scope of the NSF project elements will be finalized in 2017 and then included in the repaving project. Design of the repaving project (including the NSF elements) will take place in 2017 and 2018, with construction as soon as 2019.

In the interim, on both the east and west sides of Bagley Ave N, SDOT will install new marked crosswalks with signs across N 40th St. A painted curb bulb will also be installed on the southwest corner of the intersection. These improvements will be made in late summer/early fall 2017.

PROJECT ELEMENTS

- Marked crosswalks
- New curb ramps
- Pedestrian lighting
- Sidewalk repair
- Consolidated bus stop

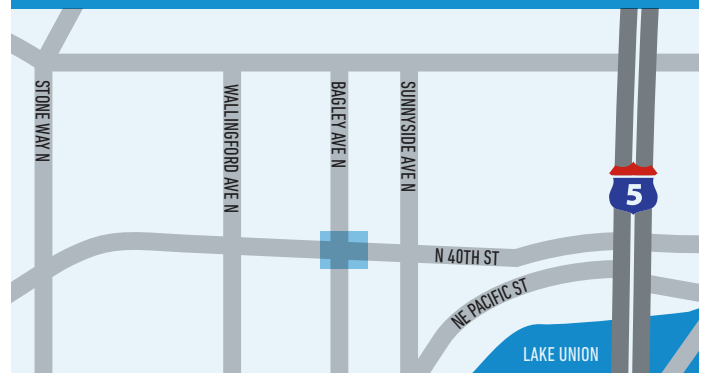

PROJECT BENEFITS

- Safer, more comfortable crossings for people walking and biking
- Increased accessibility
- Improved visibility of people walking and biking
- Improved sidewalk conditions for people walking

Looking west on N 40th St toward Bagley Ave N. Existing crossing flags shown on east side of intersection.

PROJECT LOCATION

WE WANT TO HEAR FROM YOU!

The new curb bulbs initially proposed as part of the NSF project will be constructed as part of N 40th St repaving. This frees up some of the NSF funds for other improvements in the area.

- What other improvements would you like to see in this area?
- If additional improvements include sidewalk repairs near this intersection, where should they be made?

EARLY DESIGN OPTION

SCHEDULE

2017-2018 Project design

2019 Construction with N 40th St repaving project

FUNDING

Funding comes from the 2015 voter-approved, nine-year Levy to Move Seattle, which will improve safety for all travelers, maintain streets and bridges, and invest in reliable, affordable travel options for a growing city. The levy includes \$24 million to continue the Neighborhood Street Fund program over the nine years.

STAY INVOLVED!

We are committed to keeping you informed throughout the life of the project. Feel free to contact us, and be on the lookout for more information.
