WHAT'S NEXT?

We are collecting feedback through June 30, 2019 by online comment form, email, phone, and at the public hearing. All comment methods are treated equally. We plan to send out a final decision in fall 2019 on whether the proposed parking changes will be implemented.

Questions?

Find more information on the proposal on our website www.seattle.gov/transportation/NewAndChangingRPZs

Or, contact SDOT's Ruth Harper at WallingfordParking@seattle.gov or by phone at (206) 684-4103.

PROPOSED PARKING CHANGES

Let us know what you think by June 30, 2019.

Why are we proposing parking changes in Southeast Wallingford?

SDOT received a request from the Wallingford Community Council to evaluate residential areas in southeast Wallingford for eligibility for a Restricted Parking Zone (RPZ). We completed a parking study and sought feedback about on-street parking in the area. We've used the parking study results and feedback to develop the proposed changes outlined in this mailer. Visit our website for more details www.seattle.gov/transportation/NewAndChangingRPZs.

What do RPZs do?

RPZs help reduce all-day parking by commuters on residential streets and balance the needs of many people to use the public right-of-way. RPZ signs would not be installed next to businesses and employees would not be eligible to purchase permits.

Zone 22

Residents within the pink-shaded area would be eligible to purchase Zone 22 permits. Each household would be eligible for up to 4 permits and 1 guest permit. Permits are currently \$65 per vehicle for a 2-year cycle. A \$10 low-income permit is available.

The pink-lined blocks would be signed Zone 22, which would limit vehicles without a Zone 22 permit to 2-hour parking, 7 AM – 6 PM, Monday – Friday.

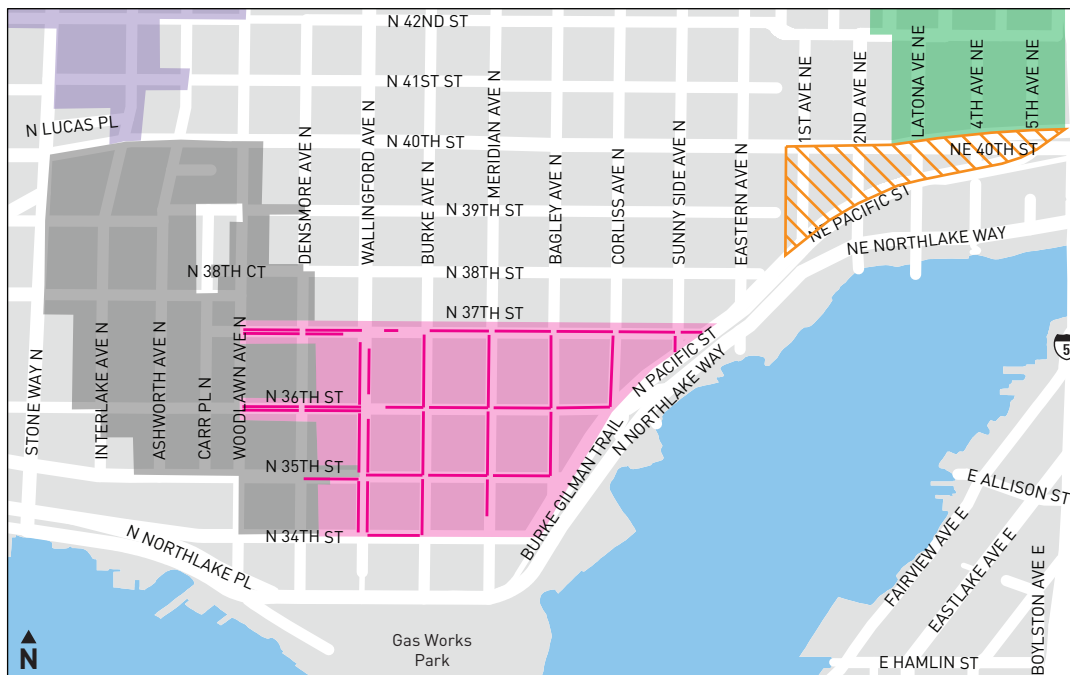

We're proposing Zone 22 signs be installed on one side of the street east of Wallingford Ave N to better balance the needs of neighborhood employees to use the public right-of-way and to reduce spillover of vehicles to blocks at the edges of Zone 22. These were two concerns we heard frequently in earlier feedback.

Blocks within the gray-shaded area currently have Zone 22 signs that are in effect 8 AM – 5 PM, Monday – Friday, with a 2-hour limit for vehicles without a Zone 22 permit. We are proposing to standardize Zone 22 restrictions so that they match the neighboring Zone 33 to the north. Restrictions would be in effect 7 AM – 6 PM, Monday – Friday with a 2-hour limit for vehicles without a Zone 22 permit.

Zone 34

In our initial outreach in fall 2018, we proposed expanding Zone 34 further south to NE Pacific St. Most of the feedback we received was not in support of expanding Zone 34 as proposed. In response, **we are no longer proposing to expand Zone 34 further south.**

The green-shaded area shows current Zone 34 (which extends north to NE 50th St).

What do you think of the proposed parking changes?

Submit your comments online by **June 30, 2019**: www.surveymonkey.com/r/SEWallingfordRPZProposal

You can also submit feedback via email, phone, or at the public hearing. **All comment methods are treated equally.**
