

8TH AVE S SIDEWALK IMPROVEMENTS

Construction expected to start in spring 2020

OVERVIEW

We're building new sidewalks on 8th Ave S between S Sullivan St and S Southern St in South Park. We'll build a new sidewalk on the east side of the street where a temporary in-street walkway was installed in 2016 and we'll repair/replace the existing sidewalk on the west side.

NEW! We're also planning to incorporate decorative street designs into this project – see back for details!

Temporary walkway where we'll build the permanent concrete sidewalk

SCHEDULE

2018-2019: Design and outreach (including door-to-door, project 'walk and talk,' and attending community meetings)

Spring-Winter 2020: Sidewalk construction

Following sidewalk construction: Install decorative street designs (timing TBD based on weather and crew availability)

WHAT TO EXPECT DURING CONSTRUCTION

- Typical weekday work hours of 7 AM – 5 PM, Monday through Friday
- Driveway closures when crews are prepping and building the sidewalk in front of driveways
- Flaggers directing people driving and biking around the work
- Parking restrictions to allow space for work and equipment
- Detours around the work area for people walking
- Noise, dust, and vibrations during work hours

We will work with neighbors and the construction contractor to minimize construction impacts as much as possible. Please visit our webpage to sign up for email updates!

This project is funded by the 9-year Levy to Move Seattle, approved by voters in 2015.

DECORATIVE STREET DESIGNS ON 8TH AVE S

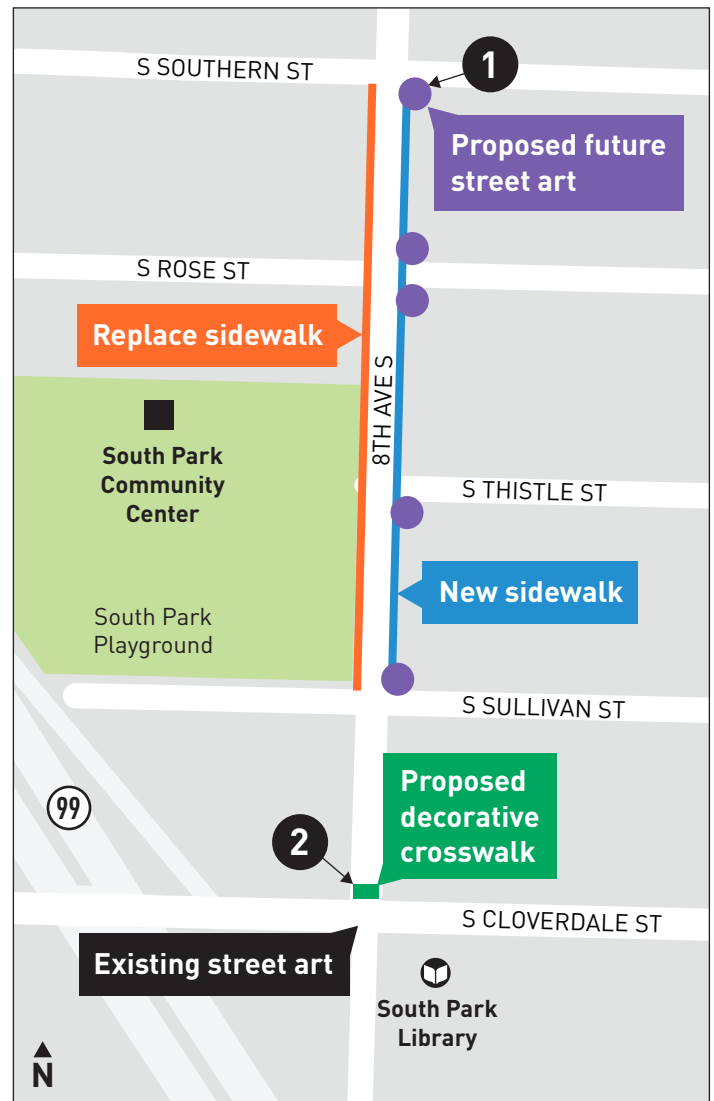

Based on positive feedback about the decorative crosswalks and street designs on 8th Ave S and S Cloverdale St, we're planning to extend similar art up 8th Ave S between S Cloverdale and S Southern streets. The art would be painted at the same locations as the existing painted curb bulbs with an additional decorative crosswalk at 8th Ave S and S Cloverdale St and potential painting on the new sidewalks. See map for more details, and **please contact us with questions or concerns.**

Existing decorative street design on 8th Ave S and S Cloverdale St

Existing painted curb bulbs where we're proposing new street art design that ties in with the art on 8th and Cloverdale
