

# NEW SEARCH FEATURES IN STREET USE PAY PERMIT FEES PORTAL

June 2018

LINK TO NEW PORTAL: <https://web7.seattle.gov/sdot/PayPermitFees/>

In May 2018, we launched a new online payment portal to make it easier to pay for permits.

All Street Use permit applicants may use this new portal to pay permit use fees and issuance fees. All existing permit information will transfer to the new application. **PLEASE NOTE:** Invoiced charges are not in the portal. Please mail in all invoice payments to the address on the invoice.

Since we launched the new portal, we've received lots of great feedback from you! One request we received was to provide additional search options in order to assist with permit tracking. So, we're making it happen!

Beginning July 9, you will be able to search by permit number, customer/company ID, customer/company name, and permit address (whereas currently, you may only search by the permit number). You will also be able to see the review and inspection status of permits. Be on the lookout for these changes, coming to you soon!

We are always looking for ways to improve our services. Our goal is to continue building easy-to-use tools that help us all better navigate our work together.

---

This new portal allows you to view permit information, see the status of your permit review, and pay your permit fees, all in one easy to use webpage. Just have your permit number and payment method ready!
