

## 35th Ave NE crossing improvements starting as early as Monday, November 26

### PROJECT OVERVIEW

This winter, we will make crossing improvements to several intersections throughout Seattle to improve safety and access for people walking, biking, and driving. The improvements at 35th Ave NE will include new curb ramps, new sidewalks, some pavement repair, and a Rapid Flashing Beacon to improve safety and accessibility for people walking and biking at this popular intersection.

### SCHEDULE

Construction is expected to start as early as Monday, November 26 and last approximately 12 weeks. We will communicate any changes to this schedule. Crews will generally work 7 AM to 4 PM, Monday through Friday.

### WHAT TO EXPECT DURING CONSTRUCTION

We will minimize construction impacts as much as possible. During this work, please expect:

- Temporary and intermittent traffic and lane restrictions and/or pedestrian detours; signage and flaggers to direct people through the work zone
- Possible side street closures, which will be communicated in advance
- Noise, vibrations, and dust during work hours
- Equipment and materials near the project area
- "No Park" signs placed in work area 72 hours in advance of work starting
