Vision Zero is our plan to end traffic deaths and serious injuries by 2030. There have been several serious pedestrian and bicycle collisions on NE 65th Street over the last three years.

We launched a collaborative process to review street conditions along NE 65th St with the goal of improving safety for all modes along 65th and we’ve developed the street design based on community input, citywide modal plan recommendations, and traffic modeling results.

**Project Goals**
- Improve safety for people walking, biking, driving, and taking transit
- Improve access to Roosevelt Link station
- Improve transit service
- Improve bicycling and walking
- Maintain business access
