This Oversight Committee meeting was conducted as a float trip on the lower Cedar River held in the field to provide members with the opportunity to see condition of the river and discuss HCP activities related to lower river restoration and flow management.

Discussion:

- Viewed key habitat features, habitat protection and rehabilitation sites while floating
- Stopped at Belmondo Reach for discussion of Peak Flow Management Study – “Unconfined reach” and lunch
- Stop at Cedar Rapids Reach for discussion of Peak Flow Management Study – “Confined reach”
