Seattle Public Utilities (SPU) keeps our region clean, green, and healthy by delivering drinking water, drainage, wastewater, garbage, and recycling services. Sheryl Shapiro and Natasha Walker will discuss how SPU's three Community Advisory Committees play a key role in helping shape SPU's services, programs, policies, projects, and communications in these areas.

Want to hear from the presenters themselves? Watch this month's "Age Friendly Minute" along with short video stories ("vlogs") about previous coffee hours by searching for "Aging King County" on YouTube!

For questions about accessibility or to request an accommodation, contact Lenny Orlov (206-386-1521 or agefriendly@seattle.gov) at least one week prior to the event.

Age Friendly Seattle Coffee Hours are held on the third Thursday of every month at the Central Building and on other dates in Seattle neighborhoods.

The events bring community elders closer to City officials to explore topics of interest. Presentations often include cutting edge information about healthy aging, legal and planning issues, and more.

Participants learn about City programs and services, and officials hear from their constituents.

Coffee and refreshments are served.
