1	<p>Question(s): We were planning on applying for the Immigrant & Refugee Out of School Time RFP, but it seems that it has been removed from your available funding page.</p> <p>Can you let us know when that will be released and if it won't, what the details of it's removal?</p>	<p>Answer(s): DEEL incorporated the Refugee Out of School Time funds for culturally responsive out-of-school-time (OST) programming the Equitable Communities Initiative (ECI) investment areas, including Youth Leadership & Cultural Education. Organizations interested in applying for the Refugee OST RFI should apply for funding through the Youth Leadership & Cultural Education RFI. The rationale for incorporating the OST funds within the ECI work is the natural alignment which exists between the investments' priorities:</p> <ul style="list-style-type: none"> • Including the OST funds within the ECI investment is consistent with DEEL's FEPP Levy funded Culturally Specific and Responsive (CSR) investment strategy per the following CSR criteria: <ul style="list-style-type: none"> ○ Experience operating high-quality after-school programs, summer learning programs, or other out-of-school time programs as a strategy to improve academic achievement. ○ Implement authentic family engagement and student leadership development. ○ Utilize the local community as an extension of the classroom learning environment. • Both the ECI and the OST funds prioritize programs providing cultural enrichment and academic supports for students, as well as programming that engages family members in supporting youth academic success. • In addition to programming priorities that overlap between the ECI and OST funds, these investments also align in the population they aim to serve. The ECI investments intend to serve BIPOC youth and families, and the OST focus on immigrant /refugee populations can be situated within that broader group (BIPOC). 	<p>Sent: Thursday, April 21, 2022 8:05 AM To: DOE_DEEL Funding <DEELFunding@seattle.gov></p>	5/9

62	<p>Question(s): Are there any geographic restrictions or priorities on proposals? For instance, we are a Seattle organization and work with students in Seattle and King County, as well as in the Tacoma area. Would we need to show a specific percentage of work in Seattle and/or King County to be competitive?</p>	<p>Answer(s): While a specific percentage has not been established, ECI funding is intended for services to Seattle-based students. Organizations can serve additional students outside of Seattle, but will need to provide information on the number of Seattle youth served in relation to total youth served.</p>	<p>Sent: Wednesday, May 11, 2022 9:35 AM To: DOE_DEELFunding <DEELFunding@seattle.gov></p>	5/12
63	<p>Question(s): Our organization, Key to Change, was hoping to apply for this RFI, but were curious about our eligibility. We are based in Seattle but primarily work in South King County, including the Skyway area. Because that doesn't fall into a City Council district (and that's a question on the application), I was wondering if that disqualified us from funding.</p>	<p>Answer(s): The City Council district question pertains to where within the city you plan to deliver services. You are eligible to apply if you are delivering services to Seattle-based students. While a specific percentage has not been established, ECI funding is intended for services to Seattle-based students. Organizations can serve additional students outside of Seattle, but will need to provide information on the number of Seattle youth served in relation to total youth served.</p>	<p>Sent: Wednesday, May 11, 2022 11:12 AM To: DOE_DEELFunding <DEELFunding@seattle.gov></p>	5/12
64	<p>Question(s): Can any of this money be spent on Capital Improvements?</p> <p>Please advise at your earliest convenience.</p>	<p>Answer(s): No. In addition, proposed budgets should have little, if any, infrastructure items (vans, laptops, iPads, other items that would last well beyond the program).</p> <ul style="list-style-type: none"> • All cost must be reasonable, and in benefit of the program • Budget must be aligned to proposed program/service 	<p>Sent: Wednesday, May 11, 2022 11:38 AM To: DOE_DEELFunding <DEELFunding@seattle.gov></p>	5/12
