

Attend a hands-only CPR and 911 workshop

You could save a life.

Attend this free workshop to become educated on the 9-1-1 system and to learn hands-only CPR.

Dialing 9-1-1

Learn about when you should call 9-1-1 and what resources are available for non-emergencies.

9-1-1 Dispatchers

Find out what the most important information is to relay to dispatchers and learn how to request an interpreter.

Hands-only CPR

Gain knowledge on when and how to perform hands-only CPR, and get hands-on practice with a manikin.
