The Reverse Vendor Trade Show is an annual event hosted by the City of Seattle to allow vendors the opportunity to introduce themselves to a variety of City department representatives. Vendors can learn about upcoming solicitations, procurement opportunities and sustainable purchasing while networking with other local vendors. Women-owned and minority-owned businesses are especially encouraged to attend.

This event will offer both in-person and live virtual. The City encourages vendors to sign up online prior to the event to prevent entry delays. The live virtual is by appointment only for a one-on-one with your departments of choice on a first come first serve basis. If you are interested, please choose the Virtual Attendance ticket in the RSVP link below.
