## Key Tower Operating Subfund

The Key Tower Operating Subfund shows all revenue and expenditures associated with Key Tower, which was acquired by the City in January 1996 as a future location for many of the City's offices. The 2004 Adopted Budget assumes that private tenants will continue vacating and that the City will incrementally take occupancy in the years 2004 through 2006. The Subfund balance will be used for building improvements and maintenance, and to balance the loss of private tenant revenues as the City occupies more space in the building. As a result of lower interest rates, \$1,749,000 is saved in 2003 and \$1,226,000 is saved in 2004. These savings are proportionately rebated to the various funds that contributed to debt service payments for the building in these years.

## Municipal Civic Center Fund

The Municipal Civic Center Fund was created through Ordinance 119304 as a capital fund related to the Civic Center. This fund implements the Council-adopted Civic Center Master Plan and is grouped into four projects within the Fleets & Facilities Department's Capital Improvement Program: "City Hall," "Justice Center," "Arctic Building Seismic," and "Civic Center Plan - Key Tower, Park 90/5, and other projects." The Municipal Civic Center Fund, through Ordinance 119919, is also authorized to pay: (i) certain debt service obligations related to Limited Tax General Obligation Bonds issued for the original purchase of the now privately-owned Dexter Horton building, as well as (ii) a portion of rental payments charged to City departments that will remain in the building until 2006.

## Parking Garage Operations Fund

The Parking Garage Operations Fund receives the revenues and pays the operating and debt service costs for the parking garage located between Sixth and Seventh Avenues and Pine and Olive Streets in downtown Seattle (Pacific Place Garage). The City took over responsibility for the Garage in November 1998. In this biennium, garage revenues and subfund balance are estimated to be sufficient to cover operating and steadily increasing debt service costs without requiring General Fund support. In 2003, parking equipment in the garage was replaced.

## 2000 Parks Levy Fund

The eight-year 2000 Neighborhood Parks, Green Spaces, Trails, and Zoo Levy (2000 Parks Levy) was approved by Seattle voters in November 2000. Capital elements displayed below are shown for informational purposes, as the actual appropriations are made through the Capital Improvement Program appropriation page for the Department of Parks and Recreation. Significant changes are the result of including funding for Open Space and Green Space Acquisitions, correcting the budget for Homer Harris Park, and accelerating the budget for the Ballard Municipal Center Park.

Operating Elements, with the exception of Zoo Programming, are appropriated below for transfer to the Park and Recreation Fund as reimbursements for operating expenditures that are incurred on behalf of the 2000 Parks Levy Fund. These transferred funds appear as revenues to the Park and Recreation Fund and are additionally appropriated within the Department of Parks and Recreation's portion of the Adopted Budget. The Zoo Programming Operating Element is a direct appropriation that does not transfer to the Park and Recreation Fund as expenses are paid directly from the 2000 Parks Levy Fund. Per Ordinance 120024, all amounts appropriated from the 2000 Parks Levy Fund carry over until they are expended.
