## Bagley Wright Theatre Maintenance Fund

This project represents the City's commitment to fund maintenance at the Bagley Wright Theatre as stipulated in the lease agreement between the Seattle Repertory Theatre (SRT) and Seattle Center. The agreement requires each party to establish a maintenance fund and to make annual funding contributions to address interior major maintenance at the theater. The agreement is structured to transfer financial responsibility for interior major maintenance of the facility from the City to the SRT after the year 2009. At that point, City contributions to its fund end, and the SRT assumes total responsibility for the interior maintenance of the theater. The City's maintenance fund primarily pays for the planned replacement of theatrical equipment, but also is intended to fund certain carpeting, seating, and mechanical improvements.

## KeyArena Improvements & Repairs

This ongoing project funds repairs and improvements to maintain and enhance KeyArena so it is well positioned in the highly competitive sports and entertainment marketplace, and to maintain basic building operations and facility integrity. Planning and implementation of work for this project is conducted in consultation with the building's prime tenants, the Seattle Sonics and the Seattle Storm. Work funded by this project includes, but is not limited to, installation of lighting controls, replacement of the basketball floor and the insulated floor that covers the ice for non-ice events, creation of a south end loge seating section to increase revenue, and partial funding of a concept plan for future facility upgrades. Future work may include partial reconfiguration to attract additional events to the building, and the creation of additional points of sale for event-related merchandise. Additional funding for 2007-2008 and beyond is on hold pending resolution of lease and facility improvement discussions with the Sonics. The February 2006 report of the KeyArena Subcommittee recommends a capital investment in the range of \$200 million if KeyArena is to be a competitive, major league arena for NBA basketball, and an investment of at least \$20 million for KeyArena to be a competitive, non-major league arena.

In 2007-2008, Seattle Center completes a 20-year investment plan for the Seattle Center campus resulting in a new Seattle Center Master Plan. In developing the plan, Seattle Center will work with a stakeholder group and consultant team to identify development alternatives, hold public meetings, develop concept plans, complete environmental review of the identified development alternatives, and other work as needed. In conjunction with development of the 20-year plan, Seattle Center will recommend a set of phase one improvements to begin implementation of the plan. Seattle Center used existing funds from the Center House Rehabilitation (S9113) and Open Space Restoration and Repair (S9704) CIP projects to begin work on this project in the 4th quarter of 2006.

## SIFF Tenant Improvements

The Seattle International Film Festival (SIFF) is planning a move to Seattle Center in two phases. The first phase involves SIFF presenting films at the Nesholm Family Lecture Hall (in McCaw Hall) on a year-round basis, beginning in 2007. To accomplish this, the City added \$150,000 through the 4th Quarter supplemental in 2006 to design and construct changes in the Lecture Hall to make it useable for presentation of films, to be matched by \$225,000 from SIFF for equipment purchases. Phase Two involves the permanent move of SIFF's entire operations, including their box office and film center, to Seattle Center. This plan entails build-out of the Alki Room and move-in of SIFF's operations in 2008. The City is contributing \$200,000 towards Phase Two costs, with SIFF funding the rest. SIFF's contribution to Phase Two is shown below at an estimated \$1.3 million. This cost estimate will be adjusted as planning and pre-design work proceeds.

This ongoing project funds replacement and renovation of wayfinding, ADA-related, and informational signage throughout the Seattle Center campus, and other work as needed. Past work includes a building readerboard for Fisher Pavilion, signage for the east side public entry of Center House, and interim repairs to extend the life of the World's Fair-era readerboards at the perimeter of the campus. In 2007, Seattle Center begins design and implementation of an integrated readerboard and signage program. This \$2.5 million program, of which \$1.9 million is funded from Lot 2 sale proceeds, replaces perimeter readerboards with electronic message boards that will be tied into a network of electronic signage throughout campus facilities and grounds.

## Theatre District Improvements

**BCL/Program Name:** Theatre District Improvements

**BCL/Program Code:** S0103

**Project Type:** Improved Facility

**Start Date:** 1st Quarter 2000

**Project ID:** S0103

The Theatre District Improvements project includes a series of open space and pedestrian improvements along both sides of Mercer Street, at the north edge of Seattle Center. In 2000, the Kreielsheimer Foundation awarded \$3 million in challenge grants for development of open space between the Intiman and the Bagley Wright Theaters ("Theatre Commons") and for acquisition of property on the north side of Mercer Street between Second Avenue N and Warren Avenue N. The grants require matching funds from public or private sources, which are shown as To Be Determined below. The grants expire on December 31, 2007, but the Board of Directors of the Foundation can extend the deadline to 2010 if the City demonstrates reasonable efforts in securing the matching funds. Through 2007, Seattle Center has secured \$500,000 of the required \$1.0 million in matching funds for the Theatre Commons, as well as \$300,000 in interest earnings on the challenge grants for planning and design. The 2008 Budget includes an additional \$500,000 in matching funds, which effectively extends the grants on a year-by-year basis until 2010. The current concept level cost estimate for this project is \$5.3 million, with the majority of the funding expected to come from private sources. The scope and cost of the project will be reviewed, together with the capacity for private funding, as planning continues. Theatre District improvements are expected to be made incrementally as funding is available.
