Department Overview

The mission of the Human Services Department (HSD) is to connect people with resources and solutions during times of need, so all Seattle residents can live, learn, work, and take part in strong and healthy communities. HSD contracts with more than 170 community-based human service providers and administers programs to ensure Seattle residents have food and shelter, education and job opportunities, access to health care, opportunities to gain social and economic independence and success, and many more of life's basic necessities. HSD is committed to working with the community to provide appropriate and culturally-relevant services.

HSD's Strategic Plan, "Healthy Communities, Healthy Families" identifies a set of goals and actions to position HSD to better serve clients and strengthen the City's overall service delivery system. The strategic plan includes four key goals:

- Create a Proactive, Seamless Service System;
- Strengthen and Expand Partnerships;
- Engage and Partner with the Community; and
- Use Data-Driven Design and Evaluation.

HSD's work is funded by a variety of revenue sources, including federal, state and inter-local grants, and the City's General Fund. General Fund contributions leverage significant grant revenues to benefit Seattle residents. As a result, external grants represent approximately 50% of HSD's revenue, while General Fund represents 50%.

Human Services Department

Budget Overview

To advance the Mayor's Affordability Agenda and to enhance the safety net for Seattle's most vulnerable residents, the 2015 Adopted and 2016 Endorsed Budget for the Human Services Department (HSD) preserves services and increases general fund support in key areas such as:

- homelessness
- domestic violence
- services for older adults and people with disabilities
- youth services

Although the economy has been improving, many families and individuals continue to feel the impacts of the recession. The Budget maintains current investments in community-based health and human services, including an inflation increase to General Fund contracts of 2.1% in 2015 and 2.3% in 2016. Combined with existing investments, the 2015 Adopted and 2016 Endorsed Budget expands funding to provide critical support to individuals and families. In addition, the department supports the Mayor's Affordability Agenda, particularly by increasing resources in utility discount program administration, with the goal of doubling program enrollment and the expansion of financial empowerment centers.

Increase Assistance for Individuals and Youth without Shelter

HSD invests more than \$32 million a year in programming that impacts the most vulnerable people in our communities, particularly those at-risk of homelessness. HSD invests \$19 million a year in homeless prevention, intervention, and housing stabilization/supportive housing. In addition to the HSD investments, the Office of Housing provides approximately \$25 million annually in capital funding for the production and preservation of affordable housing, a significant portion of which supports homeless housing projects.

Despite significant investments, there remains continued demand for assistance to help individuals and families without shelter. The 2014 One Night Count, which occurs annually during the month of January, counted 2,392 individuals living unsheltered in the City of Seattle. To address this, the 2015 Adopted and 2016 Endorsed Budget includes funding that assists long-term shelter stayers, and supports efforts to rapidly re-house single adults. Moving long-term shelter stayers into permanent housing not only benefits these individuals, it also creates additional shelter capacity by freeing up shelter bed space. Rapid Rehousing as a program model is a nationally recognized best practice. In addition to these investments, the budget also includes funding for day and hygiene services, and outreach support for homeless individuals.

The 2015 Adopted and 2016 Endorsed Budget's funding expansion for Rapid Rehousing services aligns with the City's priority on veterans. The U.S. Department of Housing and Urban Development (HUD), the U.S. Interagency Council on Homelessness, U.S. Department of Veterans Affairs, and the National League of Cities all called on mayors to make a commitment to end veteran homelessness in their cities. Mayor Murray joined other leaders from around the country to support the Mayor's Challenge to End Veterans Homelessness.

The 2015 Adopted and 2016 Endorsed Budget also includes funding to support homeless youth by providing case management, legal advocacy and trauma-specific therapy.

Establish a Mayor's Office of Domestic Violence and Sexual Assault Prevention

HSD invests more than \$5.9 million annually in services and programs to address domestic violence and sexual assault. The level of investments has increased 38% since 2009. In 2012 the Seattle Police Department received 10,085 domestic violence related calls to 911 and 7,644 domestic violence reports were documented. In order to raise the profile of this important work, and to facilitate integration across HSD, the 2015 Adopted and 2016 Endorsed Budget establishes a Mayor's Office of Domestic Violence and Sexual Assault.

Human Services Department

Enhance Services for Seniors

The 2015 Adopted and 2016 Endorsed Budget invests in additional funding for senior services. Senior Centers play a critical role in providing opportunities for older adults to improve their physical and mental health and well-being, and in reducing social isolation. In 2013, the City's nine senior centers served more than 14,200 Seattle residents, of which 48% percent live alone and 30% percent are low-income, leaving them at risk of accessing social and health resources. Based on analysis conducted by HSD, a geographic disparity in the northeast part of the city exists and proposed funding will address this disparity.

Create a New Department of Education

Last fall, the City Council unanimously approved a budget action requesting the Executive to develop a proposal that would "elevate the Office for Education to a separate Department..." (SLI 41-1-A-1). The 2015 Adopted and 2016 Endorsed Budget centralizes the City's early learning and education investments into a single department. Integrating the City's resources allows for programmatic alignment, streamlining contracting, creating consistent expectations and metrics for provider performance, and leveraging multiple program investments for improved outcomes. As part of this centralization, the following programs are transferred from HSD to the new Department of Education:

- Early Childhood Education and Assistance Program (ECEAP)
- Comprehensive Child Care Program (CCCP)
- Child Care Assistance Program (CCAP)
- Nurse Family Partnership
- All Families and Education Levy Programs: Step Ahead, Child Care Health Services, Parent-Child Home Program

Supplemental Budget Changes

The 2015 Adopted and 2016 Endorsed Budget includes a new baseline change which reflects FTE changes that were approved by the Council in supplemental budget ordinances effective in 2014. Council approved 0.5 FTE in the 2013 Quarter 3 supplemental budget for the Human Services Department.

City Council Changes to the Proposed Budget

The Council increased General Fund support in the areas of homelessness, domestic violence, public health, and youth services. The Council also added funding to mitigate the minimum wage increase for human service providers, and shifted funding for the Law Enforcement Assisted Diversion program (LEAD) from Finance General to the Human Services Department budget.

In the area of homelessness, the Council added funding for day and hygiene services; for services for persons living in transitional encampments; to provide support for low-barrier women's shelter; and for homeless youth outreach. In addition to these increases to the Human Services budget, the Council allocated funding to Finance General for the Mayor's Task Force on Unsheltered Homelessness, and for incentives for regional partnerships to develop homeless shelters.

The Council provided additional funding for domestic violence support services, specifically targeted to mobile advocacy services for survivors of domestic and sexual violence. The Council also added funding for doula services, and expanded funding for human services information and referral. The Council increased funding for youth outreach and mentoring.

To mitigate the Seattle minimum wage increase, the Council added funding to support human service providers who contract with the City and pay less than the new required minimum wage. The first phase-in of the minimum wage will become effective on April 15, 2015.

Descriptions of Incremental Budget Changes

Baseline Changes

Citywide Adjustments for Standard Cost Changes - \$1,896,739

Citywide technical adjustments made in the "Baseline Phase" reflect changes due to inflation, central cost allocations, retirement, healthcare, workers' compensation, and unemployment costs. These adjustments reflect initial assumptions about these costs and inflators early in the budget process.

Internal Transfers

This item is budget neutral transfers between budget control levels and programs.

Supplemental Budget Changes - \$750,000

This adjustment reflects changes made through supplemental budget legislation since the last Adopted Budget. Supplemental budget legislation is developed by the Executive and adopted by the City Council four times a year to provide for corrections to the Adopted Budget, unforeseen changes in circumstance, new funding opportunities or new policy priorities. These changes may include additions or reductions in appropriations and FTEs.

2014 Supplemental Position Changes/.50 FTE

This adjustment reflects FTE changes that were passed by Council through the supplemental ordinances effective in 2014. The purpose of this adjustment is to include all Council approved FTE changes as of January 1, 2015.

Adjustment for One-time Adds or Reductions - (\$1,363,076)/.75 FTE

This item includes budget reductions in the 2015-16 Biennium for one-time salaries, equipment or expenses added in the 2014 Adopted Budget. It also includes the addition of funding for one-time budget reductions taken in 2014.

Proposed Changes

Increase Investments to Address Homelessness - \$1,410,000

The 2015-2016 Proposed Budget adds General Fund support to enhance shelter capacity by moving long-term

Human Services Department

stayers into permanent housing. Seattle's emergency shelter programs are currently operating at capacity. By supporting the transition of long-term stayers out of shelter and into permanent housing, this frees up some shelter capacity for individuals who are currently un-sheltered. The General Fund support of \$410,000 will fund housing navigation case management and flexible housing assistance funding. The City anticipates partnering with the United Way to leverage an additional investment of \$400,000. In addition to the funding for long-term stayers, the proposed budget adds \$600,000 to support Rapid Rehousing for single adults and placing a priority on veterans. The proposed budget also adds \$200,000 for day and hygiene services for homeless individuals, and \$200,000 for homeless outreach and stabilization.

Enhance Services for Seniors - \$70,000

Additional funding for senior services is included in the proposed budget. Senior Centers play a critical role in providing opportunities for older adults to improve their physical and mental health and well-being, and in reducing social isolation. As part of the planning process for the 2015 Request for Investment (RFI) for senior center funding, HSD completed a community stakeholder engagement process, completed research on best practices, and did data analysis work. As a result of this planning process, HSD identified a geographic disparity in the northeast part of the city. The 2015-2016 Proposed Budget includes \$70,000 in 2015 and \$140,000 in 2016 to address this gap in services in northeast Seattle.

Expand Utility Discount Program - \$190,766/1.50 FTE

Seattle offers one of the most generous utility discount programs (UDP) in the country. However, of the estimated 72,000 Seattle residents who qualify for the program, only 14,000 were enrolled at the beginning of 2014. On January 29, 2014 the Mayor announced a goal of doubling enrollment to 28,000. The UDP is offered by the city's utilities who contract with HSD to administer the program. The 2015-2016 Proposed Budget adds positions to the Human Services Department to manage the increased number of UDP applications, recertifications, and outreach to meet goals of doubling the program enrollment.

Youth Services - \$100,000

The 2015-2016 Proposed Budget adds \$100,000 to support homeless youth by providing case management, legal advocacy, and trauma-specific therapy focused on untreated sexual assault. The program also receives state, federal and private funding.

Create New Department of Education - (\$10,288,415)/(18.50) FTE

The 2015-2016 Proposed Budget transfers child care and early learning programs and positions from the Human Services Department to a newly created Department of Education and Early Learning. To achieve the goals of the Council Statement of Legislative Intent, and the Mayor's objectives, the following programs will move from the Human Services Department to the new Department of Education and Early Learning effective January 1, 2015:

- Early Childhood Education and Assistance Program
- Comprehensive Child Care Program
- Child Care Assistance Program
- Nurse Family Partnership
- Step Ahead
- Child Care Health Services
- Parent-Child Home Program

Enhance Food Support - \$100,000

The 2015-2016 Proposed Budget adds \$100,000 for bulk food buying for food banks. Food banks in Seattle have reported an increased need of between 16-40% over the previous year.

Human Services Department

Reserve LEAD/MDT Funding in Finance General - (\$715,000)

Law Enforcement Assisted Diversion (LEAD) is an innovative program that was developed with input from community leaders to address low-level drug-related crime. LEAD helps to identify long-term solutions to underlying problems that contribute to individuals engaging in low-level street disorder and crime. Instead of jailing and prosecuting low-level drug and prostitution offenders, LEAD diverts individuals known to be engaged in such activity immediately to community-based treatment and support services, either when they are placed under arrest or on a social contact basis. LEAD's goal is to improve public safety and public order, and to reduce criminal behavior by those who participate in the program.

Originally focused in the Belltown neighborhood, the 2014 Adopted Budget added \$830,000 to expand the LEAD program to include the entire downtown core. Council also placed \$300,000 in Finance General for potential additional funding for the LEAD program and for the Multi-Disciplinary Team (MDT).

The expansion of the LEAD program was fully implemented in May 2014. Due to the delay in program implementation and challenges with data collection, the evaluation of the LEAD program has been delayed. The 2015-2016 Proposed Budget moves \$715,000 in funding from HSD's budget to Finance General pending the results of the evaluation, which are expected in the first half of the year. Funding for the second half of the year, \$415,000 for LEAD and \$300,000 for the LEAD/MDT reserve, is set aside in Finance General. Council reversed this proposal in the Adopted Budget. Refer to the Council Phase Changes section below.

Transfer New Citizen Program to OIRA

The New Citizen Program (NCP), an existing program currently in the Human Services Department (HSD), gives grants to local organizations to provide citizenship eligibility screening, interview preparation, application assistance, disability waivers and referrals for legal assistance. The NCP receives \$402,051 in General Fund support, and also receives \$328,409 in state funding and \$24,112 from the Seattle Housing Authority. In 2016, the NCP will be transferred from HSD to the Office of Immigrant and Refugee Affairs (OIRA), as well as a full-time grants & contracts specialist currently assigned to the program.

Minimum Wage Increase-Seattle Youth Employment Program - \$100,000

This item is a technical change to reflect the increase in costs for the Seattle Youth Employment Program (SYEP). The cost increase is due to the increase in Seattle's minimum wage.

Technical Funding Change-Career Bridge - \$400,000

The 2014 Adopted Budget added \$400,000 in Community Development Block Grant (CDBG) funding to support the Career Bridge program. Due to some of the requirements of the CDBG funding, General Funds were identified to support the program in 2014 on a one-time basis. The 2015-2016 Proposed Budget continues \$400,000 in General Funds for the program, and there is a corresponding reduction in CDBG funding for the Career Bridge program.

Proposed Technical Changes

Citywide Training and Travel Reallocation - (\$2,736)

This adjustment makes small reductions to training and travel budget appropriations Citywide. The Budget reallocates these funds to a new Centralized Management and Leadership Development program in the Department of Human Resources. More information on the new training program can be found in the Department of Human Resources budget section.

Human Services Department

Technical Overhead Changes for the 2015-2016 Proposed Budget - \$56,000

This item is a technical change to reflect the increase in indirect costs as a result of managing additional resources included in the 2015-2016 Proposed Budget.

Technical Adjustments - \$6,855,173

Changes reflected in this category include: adjustments within or between Budget Control Levels that align funding with spending requirements, corrections to baseline adjustments made during Executive phase, and other technical changes to staffing and program funding requirements. These changes are considered technical in nature because they do not significantly affect approved department service delivery or require new or additional policy decisions.

Final Citywide Adjustments for Standard Cost Changes - (\$44,672)

Citywide technical adjustments made in the "Proposed Phase" reflect changes due to inflation, central cost allocation, retirement, healthcare, workers' compensation, and unemployment costs. These adjustments reflect updates to preliminary cost assumptions established in the "Baseline Phase."

Council Changes

Increase Investments to Address Homelessness - \$570,000

The Council added \$200,000 for day and hygiene services for homeless individuals. Day and hygiene services provides access to restrooms, showers, and laundry facilities for homeless individuals. The Council also added \$120,000 to provide support for year-round low-barrier women's shelter. "Low-barrier" means that as few restrictions as possible are imposed to allow women to access the shelter. In addition, the Council provided \$150,000 for homeless youth street outreach, and \$100,000 to assist persons living in transitional encampments.

In addition to the funding that Council added to the Human Services Department budget, Council also placed funding in Finance General. The Council allocates \$200,000 to Finance General for reducing unsheltered individual and family homelessness in Seattle. This funding includes a proviso that is anticipated to be lifted following the recommendations of the Mayor's Task Force on Unsheltered Homelessness. The Council also added \$175,000 to Finance General for incentivizing regional partnerships to develop homeless shelter. This funding also includes a proviso. The budget detail for the Finance General items is included in the Finance General section of the budget book.

Minimum Wage Increase - Human Service Providers - \$663,000

Council added \$663,000 to mitigate the impact of minimum wage increases on human service providers. The first increase for Seattle's new minimum wage requirement is effective April 1, 2015. Some of the non-profit providers with whom the City contracts to provide human services pay their employees less than the minimum wage that will be required. The increased funding is intended to mitigate some of the increase in cost to providers.

Expand Domestic Violence Programs - \$300,000

Council added \$300,000 for flexible and mobile advocates for survivors of domestic and sexual violence. Mobile advocacy involves having the advocate go to the victim rather than requiring the victim to travel to a location for advocacy services.

Human Services Department

Expand Public Health and Behavioral Health Supports - \$168,000

Council added \$75,000 for birth doula services for low-income women and \$93,000 for human services information and referral. Doulas are trained and certified to provide support to women before, during and in the weeks following birth. Doula services are not currently funded by the City of Seattle. The added funding for information and referral is anticipated to expand service levels to allow for an additional 11,000 calls annually.

Expand Youth Services - \$75,000

Council added \$75,000 for youth outreach and mentoring. This funding is intended to help youth achieve academically and acquire life skills.

Shift LEAD Funding from Finance General to HSD - \$415,000

Council shifted \$415,000 from Finance General to the HSD budget in 2015. This action partially reversed the funding move in the 2015-2016 Proposed Budget that shifted funding to Finance General. The funding for 2016 remains in Finance General pending the review of quarterly reports and the evaluation of the LEAD program.

One-time Appropriation Reduction - (\$359,300)

This Council item reflects a one-time across-the-board reduction in appropriations for all departments receiving more than \$10 million in General Fund support. This reduction is equivalent to 0.6% of the General Fund appropriation included in the 2015 Proposed Budget.

Technical Adjustments

This change is a budget neutral technical adjustment.

City Council Provisos

The City Council adopted the following budget provisos:

- *Of the appropriation in the 2015 budget for the Human Services Department's Community Support and Assistance Budget Control Level, \$200,000 is appropriated (and of the amount endorsed for 2016, \$200,000 is expected to be appropriated) solely for hygiene services and may be spent for no other purpose.*
- *Of the appropriation in the 2015 budget for the Human Services Department's Public Health Services BCL, \$300,000 is appropriated (and of the amount endorsed for 2016, \$300,000 is expected to be appropriated) solely for flexible and mobile advocates for survivors of domestic and sexual violence and may be spent for no other purpose.*
