

#### Overview

The Department of Parks and Recreation (Parks) manages a <u>6,400-acre park system of over 485 parks</u> and extensive natural areas. Parks provides athletic fields, tennis courts, play areas, specialty gardens, and more than 25 miles of boulevards and 120 miles of trails. The system comprises about 12% of the city's land area. Parks also manages many facilities, including 26 <u>community centers</u>, eight <u>indoor swimming pools</u>, two <u>outdoor (summer) swimming pools</u>, three <u>environmental education centers</u>, two <u>small craft centers</u>, four <u>golf courses</u>, an outdoor stadium, and much more.

Seattle's parks and recreation system provides numerous benefits to the people of Seattle—healthy people, a healthy environment, and strong communities. These benefits are grounded in Parks' values of access, opportunity, sustainability and responsiveness and underlie the outcomes Parks aims to achieve. For Seattle to remain a vibrant city that is attractive to residents, visitors and businesses, it needs to maintain a great park system with healthy open spaces and meaningful recreational opportunities—which is why preserving the legacy of Seattle's parks and recreation system is so vital.

#### **Thematic Priorities**

Parks' Capital Improvement Program (CIP) is focused on promoting healthy people, a healthy environment, and strong communities by preserving, enhancing, and expanding the physical assets where all of the people of Seattle can play, learn, contemplate, and build community. As described in the Project Selection Criteria section below, Parks uses an Asset Management Plan which measures each potential capital project by criteria including safety, asset preservation, race and social justice, legal obligation, and improvements in efficiency to set priorities for capital projects. Each of these criteria directly reflect Parks' core values of access, opportunity, sustainability, and equity.

#### Aligning Capital Investments with Growth and/or Community Planning

Seattle's Comprehensive Plan, "Seattle 2035," is a 20-year vision and roadmap for Seattle's future that guides City decisions on where to build new jobs and housing, how to improve the transportation system and where to make capital investments such as utilities, sidewalks, parks and open space, and libraries. The Comprehensive Plan is the framework for most of Seattle's big-picture decisions on how to grow while preserving and improving our neighborhoods.

A Parks and Open Space element is now included in the Seattle's Comprehensive plan. There are parks-related policies included in multiple areas within the plan. Parks has updated its 2017 Parks and Open Space Plan to be consistent with Seattle 2035. In addition to the City-wide Comprehensive Plan, there are myriad other plans for specific programs and amenities in the City that affect parks. Parks participates in shaping those plans to help continue developing an integrated open space and recreation system in Seattle.

Seattle's Climate Action Plan provides a framework for meeting Seattle's climate protection goals, including the overarching goal of becoming carbon neutral by 2050. Parks' role involves maximizing the benefits of the bicycle and pedestrian master plans, meeting building energy plan goals, such as LEED compliance, and fulfilling urban forest restoration goals, such as those outlined in the Green Seattle Partnership.

Parks is committed to developing and managing an environmentally-sustainable park system. This means using energy and utilities with conservation in mind in all facilities, effectively managing the use of water for irrigation and other purposes, creating efficiently-maintained landscapes, and operating clean and safe park facilities.

These principles have led Parks to undertake energy conservation improvements to various facilities, make investments that preserve the integrity of facilities, make improvements that ensure public safety in the parks and address various code deficiencies.

#### **Project Selection Criteria**

Parks' capital priorities are informed by two processes. First, in the planning and development of the Seattle Park District (Park District), staff created a six-year capital spending plan that identifies specific projects and maintenance priorities. This plan was developed with input from the Parks Legacy Committee, the Mayor's Office, the City Budget Office, and City Council. These priorities will be implemented as generally described in the spending plan and in accordance with the Park District's agreement with the City. Second, Parks uses an Asset Management Plan (AMP) to identify and rank necessary major maintenance projects.

The AMP is a set of projects to address facility needs. Parks identifies projects through ongoing condition assessments, consultant studies, work order analyses (to identify key problem areas), and intradepartmental information sharing of facility maintenance issues and needs. Every two years, Parks reviews and updates the AMP. While Parks' planning staff prepares and coordinates the AMP planning process and document development, the process involves a collaborative approach throughout the department to develop project scopes and budget estimates.

Typically, department staff score and rank all of the projects included in the asset management plan using the following six criteria:

**Code Requirements:** The project brings a facility or element up to federal, state, and Seattle code requirements (such as Americans with Disabilities Act compliance, water quality, or fire suppression) or meets other legal requirements.

**Life Safety:** The project will eliminate a condition that poses an imminent threat of injury. Examples of safety hazards are lack of seismic elements, failing piling, outdated play equipment, emergency management elements, or a documented environmental health hazard.

**Facility Integrity:** The project will help keep the facility operational and extend its life cycle by repairing, replacing, and renovating systems and elements of the facility, including building envelope (roof, walls, windows), electrical, plumbing, storm and sewer line replacement, and synthetic turf replacement.

*Improve Operating Efficiency*: The project will result in reduction of operating and maintenance costs, including energy and water savings.

**Equity:** The Project will preserve or enhance an asset which serves low income and racially diverse communities.

**Other:** Projects that have a unique element (e.g. leverage other funds) and/or are known needs that do not fit the other priorities

#### 2019-2024 CIP Highlights

Parks' 2019-2024 Adopted CIP budget is \$74.6 million in 2019 and \$82.5 million in 2020 and reflects a wide range of discrete projects and ongoing programs with a mix of funding sources. There are several key investments planned over the next two years to continue the department's strong commitment to preserving existing assets and expanding access to park and recreation facilities across Seattle with an emphasis on historically underserved areas.

#### **Proposed CIP**

In 2019, \$1.8 million of Real Estate Excise Tax (REET) will support a comprehensive site plan at the South Park. In total, this is anticipated to be a more than \$10 million project which will include a field conversion from grass to synthetic turf, playground, lighting, spray park, sport court, fencing, loop trail and adult fitness zone, as well as a planted buffer between the site and the highway. In addition to the REET revenue, Parks anticipates raising funding from a range of sources including the Seattle Academy of Arts and Sciences, Park District, and state and federal grants.

2019 also includes \$500,000 of REET funding for planning and design work in Yesler Crescent, including City Hall Park and Prefontaine Plaza. This early design and planning work will focus on how to enhance circulation, encourage park activation and preservation, and refurbishing the Prefontaine Fountain. This early funding will inform the work of a coordinated effort among City departments and external parties to make improvements in these areas which could include pathway renovation, furnishing replacement, lighting upgrades, irrigation improvements and fountain renovations.

The CIP also includes significant additional REET commitments for community center planning and renovations, including \$500,000 each in 2019 and 2020 for planning and schematic design for replacement of the current Green Lake Community Center and Evans Pool. The budget also allocates an additional \$3 million in REET in 2020 for the Lake City Community Center which includes planning, feasibility analysis, design, and construction. The addition of this supplemental funding will allow for a broader scope in this first construction phase but does not fully fund project construction.

The CIP also invests \$1.3 million of REET in 2020 to fully develop the land-banked site at North Rainier into a park. Since the original Park District plan to develop 14 land-banked sites, Parks has acquired several additional parcels adjacent to the original North Rainier parcels and did not have sufficient Park District resources to fully develop all of them. This supplemental REET funding will allow Parks to fully develop the expanded land-bank site at North Rainier and will enable the department to meet its commitment of having all 14 land-banked sites open or in development by the end of 2020.

Another key investment in the CIP in 2019 and 2020 is funding for American with Disabilities Act (ADA) improvements. The 2019-2024 CIP allocates \$2 million for ADA improvements in 2019 and \$1 million in 2020, which will support improvements at five sites currently in design and another four through design only, including Laurelhurst Community Center, Discovery Park Environmental Learning Center, Queen Anne Community Center, Queen Anne Pool, Meadowbrook Pool, Rainier Community Center, Montlake Community Center, Loyal Heights Community Center and Jefferson Community Center. This proposal also funds Parks maintenance staff to address and remove barriers to accessibility in-house, rather than paying a premium for contractors. ADA improvements are expected to be a continuing funding obligation in the coming years.

Parks also faces the significant challenge of replacing the bulk of its synthetic turf field inventory. The department is devoting \$1.1 million of REET and \$3.9 million of Park District funding in 2019 and \$2.2 million of REET and \$3.1 million of Park District dollars in 2020 for turf field replacements. Planned play fields for replacement over the biennium include Queen Anne Bowl, Georgetown, Delridge, Lower Woodland #2 and #7, Magnuson #6, and Miller. Parks also continues to convert grass fields to synthetic turf to increase playability year-round and is allocating \$3 million of REET in 2020 toward a conversion of Queen Anne playfield (approximately half of the full conversion cost).

The 2019-2024 CIP also includes funding for Parks' ongoing maintenance programs, allocates \$1 million to renovate the Bitter Lake Play Area in 2020, shifts 2014 King County Parks Levy to cover debt service for the golf program, and transfers \$221,000 of funding from the Park District operating budget to the capital budget to reflect the updated timeline for the Smith Cove project. Parks will also continue to use Community Development Block Grant funds for the Seattle Conservation Corps in 2019. The Seattle Conservation Corps (SCC) executes park improvement projects in low- to moderate-income neighborhoods while at the same time providing training and employment for formerly homeless adults. In 2019, \$808,000 will fund the SCC to improve parks through the Parks Upgrade Program.

The 2019 Adopted and 2020 Endorsed Budget also includes a realignment between General Fund, Park District capital and operating resources, and REET that impacts the 2019-2024 Adopted CIP. The adopted budget shifts \$10 million in General Fund operating costs to the Park District and adds \$10 million of REET support to fund those formerly Park District-funded capital projects. Given Seattle's strong residential and commercial activity that generates REET, the City can commit to this higher level of ongoing REET support while continuing to invest in other high-priority capital projects.

REET will replace Park District funds with REET in 2019 and 2020 for the following projects:

- \$1.9 million of the Zoo Major Maintenance project
- \$3.3 million of the Community Center Rehabilitation and Development project
- \$4.8 million of the Major Maintenance Backlog and Asset Management project

This shift in the source of funding for Park's major maintenance backlog is part of a broader budget strategy to redirect more flexible funding sources to other General Fund priorities. The use of REET funds rather than Parks District resources will allow the Parks District resources to be redirected toward Parks' operational costs that are currently supported by the General Fund. In turn, this will allow those General Fund resources to be used for other City priorities, including the response to homelessness.

Finally, the 2019-2024 Adopted CIP includes two changes for Waterfront projects. The first change is to the Aquarium Expansion project. The CIP has been updated to reflect the City's full commitment of \$34 million to the project. This commitment was confirmed in <a href="Ordinance 125630">Ordinance 125630</a> which the City Council passed in July 2018. The total cost of the Aquarium Expansion project is estimated to be \$110 million. The remainder of the funding will come from non-city sources. The second change is to the Parks Central Waterfront Piers Rehabilitation project. This project includes rehabilitation of Piers 62/63 and a redesign of Waterfront Park to improve access, safety and flexibility. The Pier 62 rebuild includes replacing the aging wood pilings and deck, retaining the existing size and shape of the piers. The rebuild will also provide new railings, lighting, utilities and a floating dock. The 2019-2024 Adopted CIP adjusts the budget between years to better align with cash flow needs of the project. The budget also includes a modest increase in REET funding in 2019-2020 and reflects allocating additional Local Improvement District funding to these projects.

#### **City Council Changes to Proposed CIP**

The City Council made several adjustments to capital projects included in the 2019-2024 Proposed CIP:

- The Council replaced \$406,000 of Park District resources with REET I from the Department of Finance and Administrative Services' capital budget, and then used the Park District resources to offset General Fund utility expenses in the operating budget, freeing up General Fund for other Council priorities.
- The Council reduced the planned REET I allocation in the Aquarium Expansion project by \$64,000, moving that funding to 2021. The \$64,000 of REET I in 2020 was redirected to the Major Maintenance Backlog and Asset Management project in lieu of Park District resources, which were then used to offset

General Fund utility expenses in the operating budget, freeing up that General Fund to support a onetime appropriation in the Office of Sustainability and Environment for the Green Pathways fellowship program.

- The Council added \$470,000 of unprogrammed King County Levy funding to the Yesler Crescent Improvements project in 2019, bringing the total project funding to \$970,000.
- The Council updated the Lake City Community Center project page to revise the project description, show an additional \$1 million REET II commitment in 2020 (and showing a commensurate reduction in the Community Center Rehabilitation and Development project), and show an additional \$5 million of Park District funding for the project in 2021.
- The Council updated the project description for the Green Lake Community Center and Evans Pool Replacement project to reflect that the replacement of this community center is anticipated to be fully funded in the next Park District six-year planning cycle.
- Similarly, the Council updated the South Park Campus Improvements project description to show that the project is anticipated to be fully funded, but not all funding sources have been secured at this time.
- The Council accelerated the timeline for the Magnuson Park Field 12 conversion from grass to turf from 2023 to 2021.
- Through the errata process, \$500,000 of anticipated state funding in 2019 was added to the Magnuson Community Center Improvements project.

#### **City Council Provisos to the CIP**

• The Council imposed one proviso on the Yesler Crescent Improvements project, indicating that no more than \$75,000 of the money appropriated in the 2019 budget in the Building for the Future Budget Summary Level may be spent for the Yesler Crescent Improvements project until authorized by a future ordinance. It is anticipated that such a future ordinance will not be passed until the department submits to the Finance and Neighborhoods Committee or its successor committee a set of recommendations, including a spending plan for the project, by May 1, 2019.

#### **Budget Corrections to the Adopted CIP**

The budget corrections ordinance amended several project pages in the adopted CIP in both 2019 and 2020 to more accurately reflect the \$10 million funding realignment in the Park District Fund and REET II. The following projects were updated:

- Major Maintenance and Asset Management
- Community Center Rehabilitation & Development
- Zoo Major Maintenance
- Saving our City Forests

In addition, the budget corrections ordinance amended the Lake City Community Center project page to show an additional \$2 million REET II commitment in 2019 as intended by Council Green Sheet 10-8-A-1.

#### **CIP Revenue Sources**

Funds for the development of the system and for ongoing asset management come from a variety of sources. The two largest funding sources for Parks' capital work in 2019 are the Park District at \$28.3 million and REET at \$30.1 million. The majority of the remaining \$16.2 million in funding comes from Community Development Block Grants (CDBG), the Central Waterfront Improvement Fund, King County, and General Fund to pay debt service. Other funding includes the 2008 Parks and Green Spaces Levy, the Cumulative Reserve Subfund, and other special fund sources, grants, and private donations.

#### Seattle Park District

In August 2014, the voters of Seattle passed a ballot measure creating the Seattle Metropolitan Park. The Park District provides for a new taxing authority and ongoing revenue source to fund increased parks and recreation services and capital projects. The Park District has the same boundaries as the City of Seattle. The City Council members, acting *ex officio* and independently, comprise the governing board (the District Board). In 2019, the Park District will generate \$283 million of revenue for Parks' capital budget with the largest component going towards asset preservation and major maintenance.

#### Real Estate Excise Taxes (REET)

REET funding is used for asset preservation purposes. In addition to the key investments highlighted above, REET is used to address various ongoing capital programs, such as boiler replacement, electrical system upgrades, small irrigation upgrades, trail maintenance, athletic field and ballfield turf maintenance and improvements, small roofing replacement, paving restoration, landscape and forest restoration, and others. It also funds replacement of aging field lighting systems and certain aquarium infrastructure projects.

#### 2008 Parks and Green Spaces Levy

The 2008 Parks and Green Spaces Levy was a six-year \$145.5 million levy intended to acquire, develop, or restore, existing or new, parks, recreation facilities, cultural facilities, green spaces, playfields, trails, community gardens, and shoreline areas. The levy package, largely modeled after the successful 2000 Pro Parks Levy, provided for acquisition of new parks and green space and for development and improvement of various parks throughout the city. This included renovation of 23 play areas, park development atop lidded reservoirs, renovation of several existing parks and cultural facilities, and an environmental category to provide funding for the Green Seattle Partnership, community gardens, trails, and improved shoreline access at street ends. An Opportunity Fund Category funded other community-identified projects. This levy ended in 2014 but continues to collect revenues on delinquent property taxes. The capital budget does not include any new appropriations of levy funds, but Parks will continue to spend down existing appropriations.

#### **Summary of Upcoming Budget Issues and Challenges**

The City's Department of Finance and Administrative Services recently issued a Citywide ADA Barrier Removal Schedule requiring City departments to identify a strategy and timeline for resolving barriers to ADA accessibility. More than half of the barriers identified are on Parks property. Parks has allocated REET funding toward this work in 2019 and 2020, but an ongoing sustainable funding commitment is needed to address the growing number of ADA issues in facilities. This will be an issue in consideration for the next six-year Park District financial planning cycle.

As stated previously, Parks also faces the significant challenge of replacing the bulk of its synthetic turf field inventory. Of the 19 synthetic turf athletic fields and four baseball fields with synthetic infields that make up the department's portfolio, 15 were installed between 2008 and 2010 and are due to be replaced. To accommodate this bow wave of replacements while avoiding closing a majority of the fields simultaneously, which could affect athletic programming and revenue generated from field rentals, Parks has identified a strategy to stagger these replacements. Parks plans to replace three to four fields a year using approximately 40% REET and 60% Park District Major Maintenance funding.

#### **Future Projects/What is on the Horizon**

Traditionally, Parks had not had sufficient resources to support ongoing asset management of the parks and recreation system, and over the years had accumulated a large major maintenance project backlog. A major maintenance project is a capital investment intended to preserve a facility. Typically, these projects are expensive and long lasting, cost at least \$20,000, and are designed to function for at least 15 years. Projects can

take between one to three years to complete. A backlog exists because the number of projects has historically outpaced funding.

Fortunately, in August 2014, Seattle voters passed the Park District and more than half of Park District funding will be used to support capital projects – of that, nearly half will address major maintenance. This is a substantial investment allowing Parks to systematically address the major maintenance needs of the system. The backlog is not a finite list of projects, and the department will continue to update it as more facility assessments are completed and projects come to the end of their useful life. Because there is not a beginning and end to major maintenance and preserving the system's assets, Parks will establish six-year goals to show progress over the long term. By 2021, Parks plans to complete 126 major maintenance projects. In 2019 and 2020, Parks will begin planning for the next six-year Seattle Park District financial plan, which will begin in 2021. This process will incorporate community input about priority capital investments between 2021 and 2026.

In conjunction with the above, Parks has allocated resources to build capacity for asset management planning and tracking and to centralize capital planning efforts for consistency and better implementation of public involvement and project-delivery efforts. Through efforts over the past two years, Parks has launched a new Asset Management and Work Order System to further improve the tracking of capital assets. This system allows Parks to integrate separate data systems and give the department the tools for better data collection, analysis, and decision making and better integration with the citywide accounting system upgrade. This new Asset Management Work Order System is now the system of record for capital planning for the department, and the breadth of capital project and asset information contained and updated within it continues to expand.

# <u>Aquarium - Pier 59 Piling Replacement and Aquarium Redevelopment Debt</u> Service

Project Type:Debt ServiceProject No.:MC-PR-31002Start/End Date:2005-2025BSL/Program Code:BC-PR-30000

Project Category: Rehabilitation or BSL/Program Name: Debt and Special Funding

Restoration

**Location:** 1483 Alaskan Wy

Neighborhood District: Downtown Council District: 7

**Total Project Cost:** \$37,209 **Urban Village:** Downtown

This project supports debt service payments on 20-year Limited Tax General Obligation (LTGO) bonds that were issued in 2005 to pay for the replacement of the entire pier piling system of Pier 59, interior infrastructure improvements, and development of portions of the Aquarium by the Seattle Aquarium Society. The pier and Aquarium work was part of an overall plan to repair and redevelop the Aquarium and the Central Waterfront area, and to construct a new Aquarium entrance, exhibits, and visitor services on a portion of the pier. This work enhanced and extended the useful life of Pier 59 and the Aquarium.

## Parks Maintenance Facility Acquisition - Debt Service

Project Type:Debt ServiceProject No.:MC-PR-31006Start/End Date:1999-2022BSL/Program Code:BC-PR-30000

Project Category: Improved Facility BSL/Program Name: Debt and Special Funding

**Location:** 4201 W Marginal Wy SW

Neighborhood District: Greater Duwamish Council District: 1

**Total Project Cost:** \$9,770 **Urban Village:** Not in an Urban Village

This project funds debt service payments on 20-year bonds issued in 2002 to pay for the acquisition of the Westbridge Building, a facility that replaced the Department's primary maintenance facility at Roy Street. The replacement of the Roy Street facility assures a safe and efficient location for the Department's professional trades and a portion of the maintenance crews and management staff.

### 14th Avenue NW Park Boulevard Development (NW 58th to NW 62nd)

Project Type:DiscreteProject No.:MC-PR-16006Start/End Date:2012-2018BSL/Program Code:BC-PR-10000Project Category:New FacilityBSL/Program Name:2008 Parks Levy

**Current Project Stage:** Construction **Location:** E 14th Ave NW/NW 58th

ST/NW 62nd ST

Neighborhood District: Ballard Council District: 6

Total Project Cost: \$2,625 Urban Village: Ballard

This project develops 14th Avenue NW between NW 58th and NW 62nd as a Park Boulevard. After transfer of jurisdiction for this portion of 14th Avenue NW from the Seattle Department of Transportation to the Seattle Department of Parks and Recreation, a new park space will be created for the Ballard neighborhood. The Park Boulevard will provide usable park space while continuing to provide two traffic lanes and reduced parking. This project is part of the 2008 Parks Levy.

Design Location: 1483 Alaskan WAY

Neighborhood District: Downtown Council District: 7

**Total Project Cost:** \$34,290 **Urban Village:** Downtown

The Seattle Aquarium is owned by Seattle Parks and Recreation and operated by the non-profit Seattle Aquarium Society (SEAS). SEAS is planning a major expansion to the Aquarium's existing footprint to add new programming and visitor capacity. This project will provide a new 'Ocean Pavilion' that will integrate with improvements made by The Office of the Waterfront along the Central Waterfront. SEAS also intends to make improvements to piers 59 and 60 to improve exhibit space and operations efficiency. Design and construction of the project is led by SEAS and coordinated with City investments by the Parks Department and Office of the Waterfront. This project is part of the overall waterfront improvement program and appropriates City matching funds for SEAS' project. Funding depicted in the table below represents committed funding for design. The City has committed to provide up to \$34 million to SEAS for design and construction, contingent upon provision of a detailed funding plan for review by the City by 2018.

Design

**Total Project Cost:** \$475 **Urban Village**: Not in an Urban Village

This project renovates the portion of the trail from the existing MOHAI parking lot to the western edge of Foster Island. Project elements include upland and wetland restoration, invasive species removal, native plant revegetation, and related repairs. This restoration will improve the health of the ecosystem and provide a more enjoyable pedestrian and bicycling experience.

## **Bobby Morris Playfield Turf Replacement-2008 Levy**

Project Type:DiscreteProject No.:MC-PR-16014Start/End Date:2014-2019BSL/Program Code:BC-PR-10000Project Category:Rehabilitation orBSL/Program Name:2008 Parks Levy

Restoration

Current Project Stage: Closeout Location: 1635 11th AVE

Neighborhood District: East District Council District: 3

Total Project Cost: \$1,069 Urban Village: Capitol Hill

This project, funded with 2008 Parks Levy funds redirected from the Seattle Asian Art Museum renovation project, replaces the synthetic turf field surfacing which was installed in 2005, and performs related work. The surfacing material is near the end of its lifecycle. This improvement allows the continued use and scheduling of the playfield for soccer, baseball, and other activities.

### **Danny Woo Improvements**

Project Type:DiscreteProject No.:MC-PR-41045Start/End Date:2017-2019BSL/Program Code:BC-PR-40000Project Category:Improved FacilityBSL/Program Name:Fix It First-CIP

**Current Project Stage:** Design **Location:** 310 Maynard AVE S

Neighborhood District: Downtown Council District: 2

**Total Project Cost:** \$300 **Urban Village:** Downtown

This project provides funding to assist in making capital improvements to the garden and grounds, including a new education building, ADA upgrades, and related work at Danny Woo Community Garden in the Chinatown/International District. The renovations will allow the site to be used for more community education and gatherings.

### **Green Lake CC - Evans Pool Roof Replacement & Solar Hot Water**

Project Type:DiscreteProject No.:MC-PR-41034Start/End Date:2013-2019BSL/Program Code:BC-PR-40000Project Category:Rehabilitation orBSL/Program Name:Fix It First-CIP

Restoration

**Current Project Stage:** Construction **Location:** 7201 E Green Lake Dr N

Neighborhood District: Northwest Council District: 6

**Total Project Cost:** \$1,672 **Urban Village:** Green Lake

This project demolishes the existing 15,130 square foot Evans Pool roof and the 13,625 Community Center roof and replaces them with a rubberized membrane roofing/EPDM system and solar panels to supplement the pool hot water system, seismic improvements, and related work. The flat roof section of the roof will accommodate a 1,000,000 Btu/day system and will help to reduce pool heating costs.

# **Green Lake Community Center Electrical and Mechanical Renovation-2008**

#### Levy

Project Type:DiscreteProject No.:MC-PR-16009Start/End Date:2014-2019BSL/Program Code:BC-PR-10000Project Category:Rehabilitation orBSL/Program Name:2008 Parks Levy

Restoration

**Current Project Stage:** Design **Location:** 7201 E Green Lake DR N

Neighborhood District: Northwest Council District: 6

**Total Project Cost:** \$1,216 **Urban Village:** Green Lake

This project, funded with 2008 Parks Levy funds redirected from the Seattle Asian Art Museum renovation project, replaces selected electrical and mechanical components in the facility, including replacing the main boiler, adding a new DCC controls system, upgrading building, emergency, and exit lighting, the fire alarm system, and related improvements. It is anticipated that these improvements will improve safety and improve energy efficiency in the Center and Pool.

Project Type:DiscreteProject No.:MC-PR-16010Start/End Date:2014-2020BSL/Program Code:BC-PR-10000Project Category:Rehabilitation orBSL/Program Name:2008 Parks Levy

Restoration

Current Project Stage: Design Location: 2700 California AVE SW

Neighborhood District: Southwest Council District: 1

**Total Project Cost:** \$1,193 **Urban Village:** Admiral District

This project, funded with 2008 Parks Levy funds redirected from the Seattle Asian Art Museum renovation project, renovates the building to include an updated kitchen, interior space renovations, new electrical, water and sewer services, exterior and seismic upgrades, ADA improvements, and other related work. Combined, these major systems and programmatic renovations will allow the building to operate more efficiently, and increases the opportunities for more facility rentals.

# **Interbay Stadium Synthetic Turf Replacement**

Project Type:DiscreteProject No.:MC-PR-41035Start/End Date:2014-2019BSL/Program Code:BC-PR-40000Project Category:Rehabilitation or RestorationBSL/Program Name:Fix It First-CIP

**Current Project Stage:** Initiation, Project **Location:** 3027 17th Ave W

Definition, & Planning

Neighborhood District: Magnolia/Queen Anne Council District: 7

**Total Project Cost:** \$305 **Urban Village:** Not in an Urban Village

This project replaces the synthetic turf field surfacing (91,000 square feet) which was installed in 2004 and is near the end of its lifecycle. This improvement allows the continued use and scheduling of the playfield for soccer and other activities. The total cost of this project may be shared with Seattle Pacific University per a current operating agreement that Parks has with the University.

### **Lake City Community Center Improvements**

Project Type:DiscreteProject No.:MC-PR-41040Start/End Date:2014-2021BSL/Program Code:BC-PR-40000Project Category:Improved FacilityBSL/Program Name:Fix It First-CIP

Current Project Stage: Initiation, Project Location: 12531 28th Avenue NE

Definition, & Planning

Neighborhood District: North Council District: 5

**Total Project Cost:** \$16,500 **Urban Village:** Lake City

This project will replace the current Lake City Community Center with a new facility and perform other related work. The new Lake City Community Center will be more accessible for all users, more inviting and comfortable, and include improved recreation spaces. The project will begin with a feasibility study that will identify the probable costs associated with a variety of options such as underground parking, gym size, possible childcare rooms and facilities, and number of floors and other recreation spaces. Funding for construction of this project is anticipated to be included in the 2021 -2026 Seattle Park District spending plan. This plan will be adopted in the Fall of 2020.

#### **Lake Union Park Remediation**

Project Type:DiscreteProject No.:MC-PR-41043Start/End Date:2017-2019BSL/Program Code:BC-PR-40000Project Category:Rehabilitation or RestorationBSL/Program Name:Fix It First-CIP

**Current Project Stage:** Closeout **Location:** 860 Terry Ave N

Neighborhood District: Lake Union Council District: 3

**Total Project Cost:** \$3,600 **Urban Village:** South Lake Union

This project is a repair project to alleviate settlement that has occurred within the Park site and other related items. Specific site elements will be repaired, including bridge, bridge abutment, boardwalk, sidewalk, and landscaping. The work will entail the removal of existing soil and the installation of lightweight geofoam under hardscapes (walkways) along the western portion of the park 'peninsula' (west of MOHAI) to reduce load. The improvements will ensure safe and accessible walkways and will reopen bridge access from the west side of the Park.

# **Loyal Heights Community Center Renovation**

Project Type:DiscreteProject No.:MC-PR-41038Start/End Date:2017-2021BSL/Program Code:BC-PR-40000Project Category:Rehabilitation orBSL/Program Name:Fix It First-CIP

Restoration

**Current Project Stage:** Design **Location:** 2101 N 77th ST

Neighborhood District: Ballard Council District: 6

**Total Project Cost:** \$1,868 **Urban Village:** Not in an Urban Village

This project renovates the building including interior space renovations, ADA improvements, seismic upgrades, window glazing, and some major systems improvements. Combined, these major systems and programmatic renovations will allow the building to operate more efficiently, and to increase the opportunities for more facility rentals.

# **Magnuson Park Athletic Field 12 Conversion**

Project Type:DiscreteProject No.:MC-PR-41064Start/End Date:2023-2024BSL/Program Code:BC-PR-40000Project Category:Improved FacilityBSL/Program Name:Fix It First-CIP

Current Project Stage: Pre-Project Development Location: 7400 Sand Point Way NE

Neighborhood District: Northeast Council District: 4

**Total Project Cost:** \$7,522 **Urban Village:** Not in an Urban Village

This project converts approximately 100,000 square feet of an existing grass to synthetic turf, installs lighting, drainage improvements, and performs related work. Per the Magnuson Park Master Plan, the field is located south of the existing field 6 and west of the existing field 7 and will be reconfigured into field 12. This improvement allows for greater use and scheduling of the playfield for soccer, lacrosse, and other activities.

#### Magnuson Park Building #406 Roof Replacement-2008 Levy

**Project Type:** Discrete Project No.: MC-PR-16012 Start/End Date: 2014-2020 **BSL/Program Code:** BC-PR-10000 **Project Category:** Rehabilitation or BSL/Program Name: 2008 Parks Levy Restoration **Current Project Stage:** Location: 7400 Sand Point WAY NE Design **Neighborhood District:** Northeast **Council District:** 

This project, funded with 2008 Parks Levy funds redirected from the Seattle Asian Art Museum renovation project, replaces the Built Up Roofing (BUR) system with a rubberized/EPDM roofing system with 20KW photovoltaic panels, and performs other related work. The system will supply power into the electrical system for the building, which will reduce the amount of utility power used. At certain times, the system may produce

**Urban Village:** 

more power than is being used by the building, resulting in a credit for power used. This project eliminates a leaky roof and will make the facility more energy efficient.

#### **Marra-Desimone Park Development**

**Project Type:** Discrete Project No.: MC-PR-16004 Start/End Date: 2013-2019 **BSL/Program Code:** BC-PR-10000 **Project Category: New Facility BSL/Program Name:** 2008 Parks Levy **Current Project Stage:** Location: 9026 4th AVE S Design

Neighborhood District: Greater Duwamish Council District: 1

**Total Project Cost:** \$1,100 **Urban Village:** Not in an Urban Village

This project provides for development of Marra-Desimone Park, which includes the Marra Farm, Seattle's largest site for urban gardening. It implements elements of the "Long-Range Development Plan for Marra-Desimone Park" (2008), and may include enhancement of the existing farm area, development of community and recreation space on the eastern side of the park, paths, and gateway features. This project is part of the 2008 Parks Levy.

Restoration

Current Project Stage: Closeout Location: Citywide Multiple Locations

Neighborhood District:MultipleCouncil District:MultipleTotal Project Cost:\$734Urban Village:Multiple

This project provides for investment in more energy efficient building systems and other facility efficiency improvements. By making these investments the City expects future savings in utility and labor costs, and significant progress toward carbon neutrality. This program is intended to fund facility retrofit projects identified by energy audits conducted in 2010 (funded by the City's Energy Efficiency and Conservation Block Grant) and similar projects identified by the department. Depending on project demand and available funding, additional resources may be added in the future.

#### **Parks Central Waterfront Piers Rehabilitation**

Project Type:DiscreteProject No.:MC-PR-21007Start/End Date:2016-2024BSL/Program Code:BC-PR-20000

Project Category: Rehabilitation or BSL/Program Name: Building For The Future -

Restoration

Current Project Stage: Construction Location: Alaskan Way

Neighborhood District: Downtown Council District: 7

Total Project Cost: \$100,217 Urban Village: Downtown

The Waterfront Park and Pier 62/63 are public park facilities that provide public access to Elliott Bay and host a range of public events, markets and performances. Both piers need a full seismic upgrade to meet current life safety codes, and Waterfront Park needs significant access improvements. Waterfront Park is envisioned as a flexible public recreation and open space. Pier 62/63 is anticipated to be more heavily programmed, with a flexible activity rink, events, and performances. The Department of Parks and Recreation (DPR) owns the piers, but the Office of the Waterfront will lead the rehabilitation. The Pier 62/63 Phase 1 Rebuild will be the first element completed in this project, with construction anticipated to begin in 2017. This project is part of the overall waterfront improvement program.

#### **Play Area Renovations-2008 Levy**

**Project Type:** Discrete Project No.: MC-PR-16015 Start/End Date: 2014-2019 **BSL/Program Code:** BC-PR-10000 **Project Category:** Rehabilitation or **BSL/Program Name:** 2008 Parks Levy Restoration **Current Project Stage:** Closeout Location: Citywide **Neighborhood District: Council District:** Multiple Multiple **Total Project Cost:** \$1,063 **Urban Village:** Multiple

This project, funded with 2008 Parks Levy funds redirected from the Seattle Asian Art Museum renovation project, renovates a number of play areas in the park system. Improvements may include equipment replacement, ADA access, surfacing and containment renovation, and related elements. The sites will be determined each year using the Play Area Inventory and Assessment report.

#### **Pratt Park Water Feature Renovation-2008 Levy**

Project Type:DiscreteProject No.:MC-PR-16013Start/End Date:2014-2019BSL/Program Code:BC-PR-10000Project Category:Rehabilitation orBSL/Program Name:2008 Parks Levy

Restoration

**Current Project Stage:** Construction **Location:** 1800 S Main ST

Neighborhood District: Central Council District: 3

**Total Project Cost:** \$564 **Urban Village:** 23rd & Union-Jackson

This project, funded with 2008 Parks Levy funds redirected from the Seattle Asian Art Museum renovation project, repairs or replaces the surface at the water play feature, installs a recirculating system for it, and performs related improvements. It is anticipated that these elements will improve water conservation, safety, and water play value at this busy park.

# Department of Parks and Recreation Smith Cove Park Development

Discrete **Project No.:** MC-PR-21005

**BSL/Program Code:** 

**Project Category:** Improved Facility **BSL/Program Name:** Building For The Future -

CIP

BC-PR-20000

Current Project Stage: Design Location: W Galer ST/23rd AVE W

Neighborhood District: Magnolia/Queen Anne Council District: 7

2015-2021

**Total Project Cost:** \$6,716 **Urban Village:** Not in an Urban Village

This project, funded by the MPD, develops the 4.9 acre waterfront portion of Smith Cove Park located just west of Pier 91 on Elliott Bay. The park will be developed following a planning and design process for the site. These amenities may include paths, landscaping, waterfront access points, a play area, and related improvements. Some improvements will also be made to the existing part of Smith Cove Park (west of this site), currently used for sports such as soccer. The improved park will provide waterfront access and ADA accessibility, provide enhanced opportunities for active recreation, increase environmental-sensitivity, and make the park inviting and usable for more people.

#### **South Park Campus Improvements**

Project Type:DiscreteProject No.:MC-PR-21013Start/End Date:2019-TBDBSL/Program Code:BC-PR-20000

Project Category: Improved Facility BSL/Program Name: Building For The Future -

CIP

Current Project Stage: Pre-Project Development Location: 8319 8th AVE S

Neighborhood District: Greater Duwamish Council District: 1

**Total Project Cost:** \$1,800 **Urban Village:** South Park

This project will implement the South Park Site Plan approved by Seattle Parks and Recreation in March 2018, by renovating and relocating numerous park elements. The site plan calls for the existing play area and wading pool to be demolished and replaced with a new play area and spray park in new locations within the site. The existing grass playfield will be renovated and upgraded with synthetic turf and lighting. The project may also include the replacement of the existing sport courts, installation of a loop trail and planted buffer, new fencing and related work. Partial funding for this project is anticipated from various public and private sources in the forms of grants and donations. Once the project is completed, these improvements will increase safety and site capacity, support more active uses and types of healthy outdoor play, and provide opportunities for programming throughout the year. The total estimated cost for this project is \$9.8 million. This project will be funded by public and private sources. With the addition of the Real Estate Excise Tax (REET) funding in 2019, the project is expected to be fully funded.

#### **Victor Steinbrueck Parking Envelope**

Project Type:DiscreteProject No.:MC-PR-41044Start/End Date:2017-2020BSL/Program Code:BC-PR-40000Project Category:Rehabilitation orBSL/Program Name:Fix It First-CIP

Restoration

**Current Project Stage:** Design **Location:** 2001 Western Ave

Neighborhood District: Downtown Council District: 7

**Total Project Cost:** \$5,000 **Urban Village:** Downtown

This project will replace the existing membrane between the westerly portion of Victor Steinbrueck Park and the Unico parking garage below, and other related items. The membrane is a waterproofing layer that keeps stormwater and irrigation that falls on the park from entering the garage below and damaging the concrete structure. The membrane was installed in 1981 when the park was originally constructed on top of the parking garage. These membranes typically last no more than 30 years; the existing membrane has failed and no longer prevents water from entering the garage below. The membrane replacement requires the removal and subsequent replacement of all the park improvements above and the installation of a new drainage system. The new membrane will provide a waterproofed foundation for the associated park renovation project.

#### W Magnolia PF South Athletic Field Conversion

**Project Type:** Discrete Project No.: MC-PR-41066 Start/End Date: 2024-2025 **BSL/Program Code:** BC-PR-40000 **Project Category: Improved Facility BSL/Program Name:** Fix It First-CIP **Current Project Stage:** Pre-Project Development Location: 2550 34th Ave W

Neighborhood District: Magnolia/Queen Anne Council District: 7

**Total Project Cost:** \$8,875 **Urban Village:** Not in an Urban Village

This project converts an existing grass athletic field of approximately 135,500 square feet to synthetic turf, replaces lighting, installs drainage improvements, and performs related work. This improvement allows for enhanced use and scheduling of the playfield for soccer, lacrosse, baseball, and other activities.

#### **Washington Park Arboretum Trail Development**

Project Type:DiscreteProject No.:MC-PR-61001Start/End Date:2013-2019BSL/Program Code:BC-PR-60000Project Category:Improved FacilityBSL/Program Name:SR520 Mitigation

Current Project Stage: Closeout Location: 2300 Arboretum DR E

Neighborhood District: East District Council District: 3

**Total Project Cost:** \$7,810 **Urban Village:** Not in an Urban Village

This project, funded with the first phase of State Route 520 Arboretum mitigation projects funds, develops a one mile multi-use trail for bicycle and pedestrian access that connects East Madison Street to the Montlake and University of Washington neighborhoods. Project elements also include improvements to the Azalea Way Pond, parts of Arboretum Creek, and Foster Island. These mitigation projects will improve bicycle and pedestrian safety, and begin the restoration process of water features and selected shoreline areas within the Arboretum to enhance the health of its ecosystem.

**Neighborhood District:** Downtown **Council District:** 7

**Total Project Cost:** \$970 **Urban Village:** Downtown

This project will create improvements to City Hall Park that enhance circulation and focus on park activation and preservation. Potential improvements may include pathway renovation, furnishing replacement, lighting upgrades, irrigation renovation and related work. This project is part of the Building for the Future Budget Summary Level, and uses REET funding only for planning and design at this time. Potential rebuilding or renovation of the Prefontaine fountain and plaza will also be assessed in the planning process.

This ongoing project develops safe, inviting connections between parks and greenways which are residential streets that are dedicated connectors for pedestrians, cyclists, and other non-motorized travel, as identified in the Bicycle and Pedestrian Master Plan documents. Typical improvements include crosswalks, benches, greenway park entrance improvements, non-motorized paths and loops within parks, and related work. Parks will work with the Seattle Department of Transportation (SDOT) to activate and enhance connection points between parks. This project improves safety and access to and from the parks, encourages partnerships with neighborhood and community groups, business, and other stakeholders. This project is part of the Metropolitan Parks District measure put before voters in 2014.

#### **ADA Compliance - Parks**

**Project Type:** Ongoing Project No.: MC-PR-41031 Start/End Date: **BSL/Program Code:** N/A BC-PR-40000 **Project Category:** Rehabilitation or **BSL/Program Name:** Fix It First-CIP Restoration Location: Citywide **Neighborhood District: Council District:** Multiple Multiple **Total Project Cost:** N/A **Urban Village:** Multiple

This project provides for ADA improvements at a number of parks facilities. Work will be focused on selected community centers (e.g., Bitter Lake, Delridge, Garfield, Jefferson, Meadowbrook, Miller and others) and will consist of adjustments to signage, door closures, restroom fixtures, and other features. Signage will be added where needed as well. Similar work will be undertaken at Discovery Park Environmental Learning Center and other facilities to the degree that funding allows.

#### **Aquarium Major Maintenance**

Project Type:OngoingProject No.:MC-PR-41004Start/End Date:N/ABSL/Program Code:BC-PR-40000Project Category:Rehabilitation orBSL/Program Name:Fix It First-CIP

Restoration

**Location:** 1483 Alaskan WAY

Neighborhood District: Downtown Council District: 7

**Total Project Cost:** N/A **Urban Village:** Downtown

This ongoing project provides funds for major maintenance at the Aquarium and other related items. Typical projects include seawater pump replacement, tank repairs, energy efficient systems upgrades, exterior decking repairs, Americans with Disabilities (ADA) access improvements, roofing and seismic upgrades, and related work. The facility was constructed in 1980, and a partial addition was installed on Pier 59 portion of the building in 2006. Due to the harsh saltwater environment, Aquarium facilities have a shorter lifespan than similar facilities not located over saltwater. The individual projects will address health and safety codes, extend the life of the asset, improve access for all, reduce energy costs, and improve the overall Aquarium experience for the public. This project is part of the Seattle Park District measure put before voters in 2014.

#### **Ballfield Lighting Replacement Program**

Project Type:OngoingProject No.:MC-PR-41009Start/End Date:N/ABSL/Program Code:BC-PR-40000Project Category:Rehabilitation or RestorationBSL/Program Name:Fix It First-CIP

**Location:** Citywide

Neighborhood District: Multiple Council District: Multiple

Total Project Cost: N/A Urban Village: Not in an Urban Village

This project provides funding to conduct core testing of wood light poles at various ballfields, replace deteriorated wooden poles with metal poles, install new electrical systems, and perform other related work. The new lighting systems will reduce light spillover and energy efficient. This is a long-term program to replace all deteriorated wood light poles over the next several years at a total estimated cost of \$6 million. Future funding for this program depends on available resources.

## **Boiler and Mechanical System Replacement Program**

Project Type:OngoingProject No.:MC-PR-41007Start/End Date:N/ABSL/Program Code:BC-PR-40000Project Category:Rehabilitation or RestorationBSL/Program Name:Fix It First-CIP

**Location:** Citywide

Neighborhood District: Multiple Council District: Multiple

Total Project Cost: N/A Urban Village: Not in an Urban Village

This ongoing project replaces boilers, mechanical systems, and any related work necessary in facilities throughout the Parks system. Costs for certain boiler and mechanical systems replacements may be eligible for reimbursement from Seattle City Light or Puget Sound Energy. This project extends the useful life of the boilers and assures that Department facilities are not closed due to boiler and mechanical systems failure.

#### **Comfort Station Renovations**

**Project Type:** Ongoing Project No.: MC-PR-41036 **BSL/Program Code:** Start/End Date: N/A BC-PR-40000 **Project Category:** Rehabilitation or **BSL/Program Name:** Fix It First-CIP Restoration Location: Multiple **Council District:** Multiple **Neighborhood District:** Multiple **Total Project Cost:** N/A **Urban Village:** Multiple

This project renovates selected comfort stations for improved ADA access, ventilation and finishes (walls and floors), and security. The renovations also may include reconfigured stalls, new toilets, urinals, and sinks, ADA accessories, paint and finishes, and related work, depending on the needs of a particular site. In some cases, a comfort station may be replaced with a prefabricated unit. More park users will have access to these facilities, and the improvements will make them more inviting and comfortable.

# **Community Center Rehabilitation & Development**

**Project Type:** Ongoing Project No.: MC-PR-41002 Start/End Date: BC-PR-40000 N/A **BSL/Program Code:** Rehabilitation or **BSL/Program Name: Project Category:** Fix It First-CIP Restoration Location: Citywide **Council District:** Multiple **Neighborhood District:** Multiple **Total Project Cost:** N/A **Urban Village:** Multiple

This ongoing project provides funding for improvements at 26 community centers, the oldest of which is 103 years old. Typical improvements include renovation, upgrades, or replacement of major building systems, roof and building envelopes, seismic upgrades, painting, energy efficient lighting and other environmentally sustainable building components, Americans with Disabilities (ADA) access improvements, and related work. In some instances, facilities will be replaced or remodeled to improve programming space. The individual projects will address health and safety codes, extend the life of the asset, improve access for all, reduce energy costs, improve the overall community center experience for the public, and meet today's and future recreation needs. This project is part of the Metropolitan Parks District measure put before voters in 2014.

## **Develop 14 New Parks at Land-Banked Sites**

Project Type:OngoingProject No.:MC-PR-21003Start/End Date:N/ABSL/Program Code:BC-PR-20000

**Project Category:** Improved Facility **BSL/Program Name:** Building For The Future -

CIP

**Location:** Citywide

Neighborhood District:MultipleCouncil District:MultipleTotal Project Cost:N/AUrban Village:Multiple

This ongoing project develops 14 new parks on land-banked sites that were acquired under prior levies. Depending on the size, location, and type of park, new elements could include trees and landscaping, paths, plazas, a play area, site furniture, lighting, and related improvements. Each newly developed park will improve the neighborhood and contribute to improved health for park users, and will have environmental benefits. This project is part of the Metropolitan Parks District measure put before voters in 2014.

#### **Electrical System Replacement Program**

**Project Type:** Ongoing Project No.: MC-PR-41008 Start/End Date: **BSL/Program Code:** N/A BC-PR-40000 Rehabilitation or **Project Category: BSL/Program Name:** Fix It First-CIP Restoration Location: Citywide **Neighborhood District:** Multiple **Council District:** Multiple **Total Project Cost:** N/A **Urban Village:** Multiple

This ongoing project renovates electrical systems throughout the park system to reduce fire hazards and performs other related work. Future funding depends on specific projects and available resources, including grants. This project extends the useful life of electrical systems in various Parks facilities and increases the safety of these systems.

#### **Gas Works Park - Remediation**

Project Type:OngoingProject No.:MC-PR-31007Start/End Date:N/ABSL/Program Code:BC-PR-30000

**Project Category:** Rehabilitation or **BSL/Program Name:** Debt and Special Funding

Restoration

**Location:** 2101 N Northlake Wy

Neighborhood District: Lake Union Council District: 4

Total Project Cost: N/A Urban Village: Not in an Urban Village

This project provides ongoing monitoring efforts to ensure the measures constructed for remediation of soils at Gas Works Park were effective. Monitoring activities include maintenance and operation of the air sparging, SVE systems, soil cap, and other institutional controls; groundwater testing; quarterly reports; and other related work. The project also provides for ongoing monitoring for as long as 20 years from installation, effectively until 2021. All measures of the Compliance Monitoring Project must be executed in accordance with the Consent Decree established in 1998, requiring the Seattle Department of Parks and Recreation, Puget Sound Energy, and the Department of Ecology to implement a Cleanup Action Plan.

#### **Green Space Acquisitions- 2008 Parks Levy**

**Project Type:** Ongoing Project No.: MC-PR-12001 Start/End Date: N/A **BSL/Program Code:** BC-PR-10000 **Project Category: New Facility BSL/Program Name:** 2008 Parks Levy Location: Citywide **Neighborhood District:** Multiple **Council District:** Multiple **Total Project Cost:** N/A **Urban Village:** Multiple

This project provides for acquisition of properties to fill gaps in existing public ownership and preserve continuity in existing public ownership. The project scope targets acquisitions in the following designated green spaces: Arroyos Natural Area, East Duwamish Greenbelt, Northeast Queen Anne Greenbelt, Ravenna Woods, Thornton Creek Watershed, and West Duwamish Greenbelt. These acquisitions will enhance livability and increase opportunities for the public to enjoy nature. They also implement the Parks Strategic Action Plan by encouraging long-term stewardship of natural resources. Levy funds are expected to be supplemented by grants and funds from other sources for these acquisitions. This project is part of the 2008 Parks Levy.

## **HVAC System Duct Cleaning Program - Large Buildings**

**Project Type:** Ongoing Project No.: MC-PR-41028 Start/End Date: N/A **BSL/Program Code:** BC-PR-40000 Rehabilitation or **Project Category: BSL/Program Name:** Fix It First-CIP Restoration Location: Citywide **Neighborhood District:** Multiple **Council District:** Multiple **Total Project Cost:** N/A **Urban Village:** Multiple

This ongoing project provides periodic (every two to five years) cleaning of the air ducts in the heating, ventilation, and air conditioning (HVAC) systems in pool natatoriums, community centers, and other Department-owned buildings. This maintenance increases the lifespan of these systems and reduces potential future major maintenance projects.

#### **Improve Dog Off-Leash Areas**

Project Type:OngoingProject No.:MC-PR-51002Start/End Date:N/ABSL/Program Code:BC-PR-50000

Project Category: Improved Facility BSL/Program Name: Maintaining Parks &

Facilities

**Location:** Citywide

Neighborhood District:MultipleCouncil District:MultipleTotal Project Cost:N/AUrban Village:Multiple

This ongoing project improves the City's 14 existing off-leash areas, most of which have aging infrastructure. In 1996, seven sites were selected as pilot off-leash areas. In 1997, four of them (Blue Dog Pond, Genesee, Golden Gardens, and Westcrest were selected as the first permanent sites. By 2011, there were a total of 11 off-leash areas, and three more have been added since then (Magnolia Manor, Kinnear, and Denny). Typical projects will improve Americans with Disabilities (ADA) access, address drainage and erosion issues, update aging infrastructure, and related work. This project is part of the Seattle Park District measure put before voters in 2014.

#### **Irrigation Replacement and Outdoor Infrastructure Program**

**Project Type:** Ongoing Project No.: MC-PR-41020 Start/End Date: **BSL/Program Code:** BC-PR-40000 N/A **Project Category:** Rehabilitation or **BSL/Program Name:** Fix It First-CIP Restoration Citywide Location: **Council District:** Multiple **Neighborhood District:** Multiple **Total Project Cost:** N/A **Urban Village:** Multiple

This ongoing project funds engineering and other studies of the Department's park irrigation and outdoor infrastructure systems (e.g., water mains, irrigation and drainage lines, sanitary and storm sewers, electrical utilities, roads, paths, trails, retaining walls, bridges, saltwater piers, and related infrastructure); associated cost estimating; related staff and consultant support for developing and prioritizing projects within the Department's Asset Management Plan; and implements replacement projects at various sites. Specific projects are determined by the study and operational considerations. This project provides conservation benefits by reducing water loss due to leaking systems, allocating water flow more efficiently through improved technology, and implementing other related work. It also extends the useful life of the infrastructure.

## **Landscape Restoration Program**

Project Type: Ongoing Project No.: MC-PR-41017

Start/End Date: N/A BSL/Program Code: BC-PR-40000

Project Category: Rehabilitation or Restoration

Location: Citywide

------

Neighborhood District: Multiple Council District: Multiple

Total Project Cost: N/A Urban Village: Not in an Urban Village

This ongoing program restores developed landscape areas by replacing and installing shrubbery, trees, turf, structural elements, and other elements in parks throughout the City. The program also includes a monitoring and plant establishment project, which provides necessary labor and materials to ensure that each restoration site is checked twice a year for the first three years after planting.

## **Major Maintenance Backlog and Asset Management**

**Project Type:** Ongoing **Project No.:** MC-PR-41001 Start/End Date: N/A **BSL/Program Code:** BC-PR-40000 Rehabilitation or **BSL/Program Name: Project Category:** Fix It First-CIP Restoration Location: Citywide **Council District: Neighborhood District:** Multiple Multiple **Total Project Cost:** N/A **Urban Village:** Multiple

This ongoing project provides funding for major maintenance projects for assets in all of the city parks and recreation facilities, including athletic fields, play areas, swimming pools, trails, buildings, accessibility elements, outdoor infrastructure, and related work. This project also funds a new integrated asset management and work order system to better track and forecast long-term asset and maintenance needs. The project also increases Parks' ability to remove property encroachments. Typical major maintenance improvements may include, but are not limited to renovating buildings, Americans with Disabilities (ADA) access improvements, replacing play area structures, forest, landscape, trail maintenance and improvements, swimming pool repairs, athletic field refurbishment, and installation of energy efficient lighting, and related major maintenance work. These projects will address health and safety codes, extend the life of the asset, improve access for all, reduce energy costs, reclaim Parks property, and improve the overall park experience for the public. This project is part of the Metropolitan Parks District measure put before voters in 2014.

#### **Major Projects Challenge Fund**

Project Type:OngoingProject No.:MC-PR-21002Start/End Date:N/ABSL/Program Code:BC-PR-20000

**Project Category:** Improved Facility **BSL/Program Name:** Building For The Future -

CIP

**Location:** Citywide

Neighborhood District:MultipleCouncil District:MultipleTotal Project Cost:N/AUrban Village:Multiple

This ongoing project provides funding to leverage community-generated funding for renovation or development of large projects of Parks' facilities where other City funding is unavailable, often times due to the magnitude of the project. These projects will require matching funds, so the leveraging will stretch the City's funding, and more great community-generated projects can be accomplished. The community will benefit from new and/or improved facilities that can better accommodate current and projected park and recreation needs and demands. This project is part of the Metropolitan Parks District measure put before voters in 2014.

## **Neighborhood Park Acquisitions- 2008 Parks Levy**

**Project Type:** Ongoing Project No.: MC-PR-14001 Start/End Date: N/A **BSL/Program Code:** BC-PR-10000 **Project Category: New Facility BSL/Program Name:** 2008 Parks Levy Location: **Multiple Locations Council District: Neighborhood District:** Multiple Multiple **Total Project Cost:** N/A **Urban Village:** Multiple

This project provides for acquisition of property to create new urban parklands in Seattle's most densely-developed neighborhoods as identified in Seattle Parks and Recreation's 2006 Gap Analysis. New park land acquisition enhances livability and increases opportunities for the public to enjoy the outdoors. The acquisitions also implement the Parks Strategic Action Plan. Levy funds are expected to be supplemented by grants and funds from other sources and are not expected to be sufficient to complete acquisitions in all the targeted areas. This project is part of the 2008 Parks Levy.

**Project Type:** Ongoing Project No.: MC-PR-41024 Start/End Date: **BSL/Program Code:** N/A BC-PR-40000 **Project Category:** Rehabilitation or **BSL/Program Name:** Fix It First-CIP Restoration Location: Citywide **Neighborhood District: Council District:** Multiple Multiple **Total Project Cost:** N/A **Urban Village:** Multiple

This ongoing program provides funding for small projects identified by citizens, neighborhood groups, or other community organizations. Projects address requests which are typically under \$50,000, and may be used for major maintenance activities performed in conjunction with development-oriented Neighborhood Matching Fund (NMF) projects. This program enables the Department to respond quickly to community requests for repairs in neighborhood parks.

#### Park Land Acquisition and Leverage Fund

Project Type:OngoingProject No.:MC-PR-21001Start/End Date:N/ABSL/Program Code:BC-PR-20000

**Project Category:** New Facility **BSL/Program Name:** Building For The Future -

CIP

**Location:** Citywide

Neighborhood District:MultipleCouncil District:MultipleTotal Project Cost:N/AUrban Village:Multiple

This ongoing project provides funds for land acquisition, leveraging capital projects, pre-acquisition activities (including planning, title searches, appraisals, negotiations, and community involvement), associated with acquisitions of specified real property, and related work. The project also serves as a match to leverage other funding sources such as King County Conservation Futures. The City is growing and there is a need to add parkland to meet park and open space goals and improve the quality of life for Seattle residents. This project is part of the Metropolitan Parks District measure put before voters in 2014.

#### **Parks Upgrade Program**

**Project Type:** Ongoing **Project No.:** MC-PR-41029 Start/End Date: **BSL/Program Code:** N/A BC-PR-40000 **Project Category:** Rehabilitation or **BSL/Program Name:** Fix It First-CIP Restoration Location: Citywide **Council District:** Multiple **Neighborhood District:** Multiple **Total Project Cost:** N/A **Urban Village:** Multiple

This ongoing program provides minor capital improvements to low-income area parks throughout the City. Conservation Corps Program staff perform this work, providing training opportunities for low-income, homeless, and other at-risk community members. Program elements include provision of ADA improvements to parks and park restrooms, accessible drinking fountain installation, basketball court construction, bench and picnic table installation, tree purchase and planting, and other small-scale capital projects. Funding is also targeted to projects that can be integrated with other community-identified amenities.

#### **Pavement Restoration Program**

**Project Type:** Ongoing Project No.: MC-PR-41025 Start/End Date: **BSL/Program Code:** N/A BC-PR-40000 **Project Category:** Rehabilitation or **BSL/Program Name:** Fix It First-CIP Restoration Location: Citywide **Neighborhood District:** Multiple **Council District:** Multiple **Total Project Cost:** N/A **Urban Village:** Multiple

This ongoing project funds various project activities, including, but not limited to, seal-coats to new pavement to extend its lifespan, pavement patching, sub-grade repairs, overlays to small areas, and repairs associated with pavement failures (e.g., heaving, sinking, cracking, and root invasion). Improvements reduce damage to asphalt, lengthen pavement lifespan, and reduce safety hazards such as uneven pavement.

#### **Play Area Safety Program**

**Project Type:** Ongoing **Project No.:** MC-PR-41018 Start/End Date: N/A **BSL/Program Code:** BC-PR-40000 **Project Category:** Rehabilitation or **BSL/Program Name:** Fix It First-CIP Restoration Location: Citywide **Council District:** Multiple **Neighborhood District:** Multiple **Total Project Cost:** N/A **Urban Village:** Multiple

This ongoing program renovates play areas, makes ADA improvements, installs safety upgrades, and performs other related work. The program focuses on addressing safety issues at two to four play areas per year. Primarily, the program is focused on installing proper safety surfacing at children's play areas throughout the parks system. Future funding for this program depends on specific projects and available resources, including grants. This program extends the useful life and improves the safety of the play areas. This project was formerly project number K732218. A new project number has been created for this project to comply with new accounting procedures, therefore life to date and 2009 revised dollar amounts do not appear in the table below.

#### **Puget Park - Environmental Remediation**

Project Type:OngoingProject No.:MC-PR-31001Start/End Date:N/ABSL/Program Code:BC-PR-30000

Project Category: Rehabilitation or BSL/Program Name: Debt and Special Funding

Restoration

**Location:** 1900 SW Dawson St

Neighborhood District: Delridge Council District: 1

Total Project Cost: N/A Urban Village: Not in an Urban Village

This project funds a cleanup action on a portion of Puget Park and on an adjacent related parcel, with participation by four parties involved in the original contamination. The City negotiated a settlement agreement with all parties for funding cleanup costs incurred in the past, as well as future site mitigation costs.

#### **Rejuvenate Our P-Patches**

Project Type:OngoingProject No.:MC-PR-51001Start/End Date:N/ABSL/Program Code:BC-PR-50000

**Project Category:** Improved Facility **BSL/Program Name:** Maintaining Parks &

Facilities

**Location:** Citywide

Neighborhood District:MultipleCouncil District:MultipleTotal Project Cost:N/AUrban Village:Multiple

This ongoing project revitalizes the City's 82 P-Patch Community Gardens. Typical projects will improve the paths, improve the planting beds and common areas, improve Americans with Disabilities (ADA) access, update aging infrastructure, and related work. The first P-Patch was constructed in 1973, and more have been added in the past 40 years. The individual projects will address safety and code requirements, extend the life of the asset, improve accessibility, and contribute to better air quality. This project is part of the Metropolitan Parks District measure put before voters in 2014.

#### **Roof & Building Envelope Program**

**Project Type:** Ongoing Project No.: MC-PR-41027 Start/End Date: **BSL/Program Code:** N/A BC-PR-40000 **Project Category:** Rehabilitation or **BSL/Program Name:** Fix It First-CIP Restoration Location: Citywide **Council District:** Multiple **Neighborhood District:** Multiple **Total Project Cost:** N/A **Urban Village:** Multiple

This ongoing project funds architectural, engineering and other studies of the Department's buildings (roofs, structure and other related infrastructure); associated cost estimating; related staff and consultant support for developing and prioritizing projects within the Department's Asset Management Plan; and implements the replacement or renovation of buildings and roofs throughout the park system, including those at comfort stations, picnic shelters, community centers, and small roof sections of larger buildings.

This project extends the useful life of the buildings and roofs; assures that the facilities are protected against damage from roof and wall leaks; and assures that general building issues are addressed in the Asset Management Plan.

#### **Saving our City Forests**

**Project Type:** Ongoing **Project No.:** MC-PR-41003 Start/End Date: **BSL/Program Code:** N/A BC-PR-40000 **Project Category:** Rehabilitation or **BSL/Program Name:** Fix It First-CIP Restoration Location: Citywide **Council District:** Multiple **Neighborhood District:** Multiple **Total Project Cost:** N/A **Urban Village:** Multiple

This ongoing project restores and maintains Seattle's 2,500 acres of urban forests. Seattle's trees are aging and inundated with invasive plants, including English ivy, Himalayan blackberry, Scot's broom, and knotweed. This project expands Parks' capacity to restore forest land, and to provide the ongoing monitoring and maintenance work necessary to keep restored areas from being overrun by invasive plants. A healthy urban forest contributes significantly to the health of the environment by cleaning air and water, filtering and retaining storm water, and providing a respite from the built environment. This project is part of the Metropolitan Parks District measure put before voters in 2014.

#### **Tennis & Basketball Court Renovation Program**

Project Type:OngoingProject No.:MC-PR-41019Start/End Date:N/ABSL/Program Code:BC-PR-40000Project Category:Rehabilitation or RestorationBSL/Program Name:Fix It First-CIP

**Location:** Citywide

Neighborhood District: Multiple Council District: Multiple

Total Project Cost: N/A Urban Village: Not in an Urban Village

This ongoing project renovates tennis and basketball courts throughout the City. The program focuses on crack repair, color coating, providing new posts, standards, and nets, and completing less expensive repairs. Between one and three courts are renovated each year that are selected based on user complaints and staff evaluation of conditions. The Tennis Committee of the Seattle Sports Advisory Committee reviews the proposed project list and helps prioritize court repairs.

This ongoing project implements a comprehensive trail renovation strategy. Funding addresses trail failures throughout the park system to correct safety problems, prevent further erosion and deterioration, and perform other related work. The project leverages community support by providing technical assistance, training, and materials to district staff and volunteers who are engaged in other trail-related projects.

#### **Urban Forestry - Forest Restoration Program**

Project Type:OngoingProject No.:MC-PR-41022Start/End Date:N/ABSL/Program Code:BC-PR-40000Project Category:Rehabilitation orBSL/Program Name:Fix It First-CIP

Restoration

**Location:** Citywide

Neighborhood District: Multiple Council District: Multiple

Total Project Cost: N/A Urban Village: Not in an Urban Village

This program develops forest and vegetation management plans, implements restoration projects at sites throughout the City's park system, removes hazardous trees, and performs other related work. Restoration projects, with much of the work being performed by citizen volunteers, may include removal of invasive plants, such as English ivy and Himalayan blackberry, followed by replanting with native plants. Future funding for this program depends on available resources. This project enhances Seattle's urban forest and supports the Green Seattle Partnership to increase overall City tree canopy and the Restore Our Waters Strategy to improve Seattle's aquatic environments.

# **Urban Forestry - Green Seattle Partnership**

**Project Type:** Ongoing Project No.: MC-PR-41012 Start/End Date: N/A **BSL/Program Code:** BC-PR-40000 **Project Category:** Rehabilitation or **BSL/Program Name:** Fix It First-CIP Restoration Location: Citywide **Neighborhood District:** Multiple **Council District:** Multiple **Total Project Cost:** N/A **Urban Village:** Multiple

This ongoing project is a collaborative effort between the City of Seattle and Forterra to restore 2,500 acres of forested park lands in Seattle by 2025. Restoration for each acre occurs over a three-year period and includes clearing invasive plants, replanting the area with native plants, caring for the plants through establishment, and other related work. This project supports the Green Seattle initiative.

#### **Utility Conservation Program**

**Project Type:** Ongoing Project No.: MC-PR-41010 Start/End Date: **BSL/Program Code:** N/A BC-PR-40000 **Project Category:** Rehabilitation or **BSL/Program Name:** Fix It First-CIP Restoration Location: Citywide **Council District:** Multiple **Neighborhood District:** Multiple **Total Project Cost:** N/A **Urban Village:** Multiple

This ongoing project implements energy conservation projects in collaboration with Seattle City Light, Seattle Public Utilities, and Puget Sound Energy. Projects may include lighting, heating, and water use renovations at various facilities throughout the Parks system. These projects result in energy savings and better air and water quality, and support the Climate Protection Initiative by reducing greenhouse gas emissions. The cost of these projects is expected to be recovered within approximately five years through reduced utility costs and rebates from the three utilities. Rebates and other additional resources will be pursued to fund future conservation projects.

Restoration

Location: 601 N 59TH ST

**Council District: Neighborhood District:** Northwest

Not in an Urban Village **Total Project Cost:** N/A **Urban Village:** 

This ongoing project preserves the Zoo facilities to enable it to operate efficiently, and to offer a world-class experience to the patrons. Typical projects include exhibit renovation or replacement, water, electrical, irrigation, and sewer systems replacement, energy efficient improvements, pavement and grounds restoration, Americans with Disabilities (ADA) access improvements, and related work. The oldest buildings at the Zoo were constructed in the 1930s and others have been built in subsequent decades. The individual projects will address health and safety codes, extend the life of the asset, improve access for all, reduce energy costs, and improve the overall Zoo experience for the public. This project is part of the Metropolitan Parks District measure put before voters in 2014.
