Notes:

- ¹ Through CBA FG-903-A-001-2023, Council transferred \$1.2 million in JumpStart revenue into the Sweetened Beverage Tax Fund in both 2023 and 2024 to temporarily buffer a shortfall in Sweetened Beverage Tax (SBT) revenue. This action is in response to the November 2022 revenue forecast.
- ² If the current revenue projection were to remain accurate and no other revenue sources are utilized to supplement SBT revenues, expenditure reductions of this magnitude would be necessary to keep the fund balanced.
- ³ 2023 Budget Adjustments include 2022 carryforwards.
- ⁴ Expenditures for 2025-2027 are held at 2024 levels.

Note 1 - Based on the terms of the State and Local Fiscal Recovery Fund grant, Coronavirus Local Fiscal Recovery Funds are required to be obligated by 12/31/2024 and spent by 12/31/2026. Spending for some programs is expected to continue into 2023 and 2024, but funding was appropriated in 2021 and 2022, with outyear funding being carried forward via grant carryforward processes. Projections for outyear spending have not been included in this document.

Note 2 - Several net-zero adjustments were made to the 2023 Budget in supplemental ordinances. Appropriation was decreased in several departments as a result of actual or expected underspend and an equivalent appropriation increase was provided in Finance General. Finance General appropriations support cash transfers to the General Fund to effectuate additional revenue replacement-supported spending. Revenue replacement is one eligible use of CLFR funds.

Notes:

- The CDBG Restricted Revolving Loan Funds represent three distinct funds: the Homebuyer Revolving Loan fund, which in general maintains a steady balance of approx \$500K; the Home Repair Revolving Loan fund, which also generally maintains a balance of approx \$500K; and the Multifamily Revolving Loan Fund, which currently has a balance of \$1.15M that we project to award to a project in 2025.
- Although there is no planning reserve for HSD's Levy-Funded Programs (KCRHA) beginning in 2024, funding for this item remains as a portion of Total Budgetary Expenditures.
- Beginning in 2024, Incentive Zoning Admin Balances are reflected in the Fund 16600 financial plan.
- Negative Ending Unreserved Budgetary Fund Balance in 2028 is the result of outstanding short-term loans anticipated to be repaid in outyears of the financial plan, but for which revenues are not reflected in source of funds assumptions.

Notes:

1. CDBG actuals for 2022 includes a HUD-required reclass of \$756,057 of prior years' revenues.

2. The 2023 Levy Admin Reserve in the planning reserves section represents the fact that the 2023 Levy will bring in \$7,142,857 annually in revenues for staffing/operating. The actual amount needed for this in 2024 is \$5,440,956, leaving a difference of \$1,701,907. The actual amount needed from Levy for staffing/operating costs will increase by inflation each year of the Levy. In the later years of the Levy, the staffing/operating costs are expected to be higher than the annual revenue amount, and at that point we will draw from this reserve to cover the difference.

3. Reserved fund balance to support potential outyear administrative costs to support expanded capacity to meet workload demands.

Notes:

1. Per CBO, levy only estimated to collect 99.6% of property tax revenues once all payments have been received.
2. The Library has set aside out-year collections from the 2019 levy for its capital program to address construction inflation and unforeseen emergent projects.

¹ External Revenues are expected to grow 2% annually and General Fund Support by 1% annually. For 2025-2027, expenditures are calculated to grow by 1% annually as instructed. However, FAS is experiencing inflationary cost pressures on contracts, capital projects, vendors and supplies >1% and some closer to the CPI of 8.3%.

² There was a realignment between "General Fund Support" and "Revenue from Other City Departments" in the 2024 budget. Payroll charges for General Fund Departments is now charged directly to those departments rather than to Finance General.

³ "Revenues from Other City Departments" for projected years (2025-27) is set to match the difference between total budgetary expenditures (less planned uses of fund balance) and the sum of all other revenue sources. This reflects FAS' rate setting process, which aims to recover 100% of budgetary expenditures.

⁴ External revenues changed in 2024 to account for a variety of revenues not previously identified as external. This category, which previously only included parking revenues, now includes rent of City real estate to private tenants, passport revenues, purchasing rebates, revenue for contracting services provided to Seattle Public Schools, and sales of surplus.

⁵ Due to FAS' new project structure, expenditure categories have changed starting in 2024 to align with new Budget Summary Levels.

⁶ Approved in the Adopted and/or the Proposed Budget.

¹ Revenues from Other City Departments are set to minimize variance from year to year while still bringing in sufficient funds to replace vehicles as planned.

² The \$2m increase in rates from 2024 to 2025 represents both inflation (\$1m) and the addition of approximately 80 vehicles to the City's Fleet (\$1m).

³ Projected expenditures are set to match planned vehicle replacement and are inconsistent from year to year.

⁴ Expenditures for 2024 through 2027 have been adjusted to account for the Q3 Supplemental request for pre-order of SFD apparatus. These adjustments are intended to better reflect the cash flow, as the appropriate

⁵ The Q3 supplemental includes \$32.5 million in appropriation of fund balance for fleet replacement purchases with \$18.6 million specifically appropriated to enter into purchase order agreements for fire apparatus.

To avoid price increases and mitigate long lead times for fire fleet delivery, Fleet Management is placing orders in 2023, but the funds will not be expended until delivery in the out years.
