

Finance General

Dan Eder, Director

(206) 615-1962

<https://www.seattle.gov/city-budget-office>

Department Overview

Finance General is controlled by the City Budget Office and provides a mechanism for allocating General Fund and other central resources to reserve and bond redemption funds, City departments, and certain programs where the City Council, Mayor, or City Budget Office need additional oversight. Finance General also pays City and external agency bills for which no one department is responsible.

Budget Snapshot

	2024 Actuals	2025 Adopted	2026 Endorsed	2026 Adopted
Department Support				
General Fund Support	234,460,892	242,793,252	228,793,413	228,044,596
Other Funding - Operating	133,832,451	345,407,236	308,310,964	231,824,909
Total Operations	368,293,343	588,200,488	537,104,377	459,869,505
Total Appropriations	368,293,343	588,200,488	537,104,377	459,869,505

Budget Overview

Finance General serves as a central repository for ongoing City costs; including General Fund and other fund contributions to the operations of City departments, debt service payments made from centrally managed funds and contributions to outside organizations. It also provides a mechanism to hold appropriations temporarily until the City determines the appropriate managing department; to execute complex transfers of funds; to act as a contingency reserve to respond to unpredictable situations; and, to cover costs that vary with economic conditions. Budgetary changes are primarily driven by departmental adjustments which change the required fund contributions from Finance General and inflationary or forecast-based adjustments for Citywide bills.

Finance General's structure is two large Budget Summary Levels: one for appropriations to support cash transfers to the special funds and one for general expenses and reserves. Unlike other departments with less generalized Budget Summary Levels or various Programs to describe budget and spending, Finance General relies on the use of detailed projects for this work. **Table 1** on the following page presents a view of the project level breakdown for reference. Additional details on changes from the 2026 Endorsed Budget to 2026 Adopted Budget can be found in the **Description of Incremental Budget Changes to Budget** of this budget book section.

Description of Incremental Budget Changes

Baseline

Citywide Adjustments for Standard Cost Changes

Expenditures \$(560,601)

Citywide technical adjustments made in the baseline phase reflect changes to internal services costs, including rates from the Department of Finance & Administrative Services, Seattle Information Technology Department, Seattle Department of Human Resources, and for healthcare and other central cost factors. These adjustments reflect initial assumptions about these costs and inflators early in the budget process.

Proposed Operating

Align Family Leave Reserve with Anticipated Use

Expenditures \$(1,500,000)

The Finance General Family Leave Reserve was created when the City expanded the paid parental leave program in 2017. This reserve has been used to supplement department budgets when paid parental leave negatively impacted department operations. Over the years, it has been used to provide backfill budget in 13 Departments. Based on historical and projected future use, the City Budget Office and Seattle Department of Human Resources believe this reserve can be reduced without negatively impacting departments use of backfill for paid parental leave so that funding may be used for other priorities.

Finance General

Align Recurring Reserves with Expected Costs

Expenditures	\$(75,552,120)
Revenues	\$(75,500,000)

During the Biennial Budget process, endorsed recurring reserves and revenue-based cash transfers are forecasted based on the first year of the biennium and revenue forecasts. This change updates these reserves for any new information since that process. The 2026 Adopted Budget decreases the Puget Sound Air Quality reserve by \$45,000, increases the budget for the Get Engaged youth boards and commissions participation project by \$15,000, and increases the Portable Art Rental reserve by \$2,000 to align with updated information. It also increases the transfer to the Emergency Fund and the Revenue Stabilization Fund based on the 2025 August Revenue Forecast by \$170,220 and \$392,660, respectively. Appropriations for the Climate Pledge Arena revenue sharing agreement are reduced by \$587,000 to reflect reduced revenue expectations for Admissions Tax revenues. Finally, this item reduced the Payroll Expense Transfer to the General Fund by \$75.5 million as a result of budgetary decisions and reduced revenue forecasts for this fund.

Align Reserve for Department of Justice Consent Decree Costs for Expected Costs

Expenditures	\$(500,000)
--------------	-------------

This item reduces the 2026 reserve related to the Seattle Police Department and Department of Justice Consent Decree monitor oversight costs. These costs decline as the City achieves compliance on agreement components thereby reducing monitor work each year. The reserve is being reduced by \$500,000 from \$613,000 in the 2026 Endorsed Budget to \$113,000 in the 2026 Adopted Budget to address final costs after the termination of the consent decree in September 2025.

Appropriate Bond Funds for Seattle Information Technology Projects

Expenditures	\$2,161,733
--------------	-------------

This item appropriates available bond proceeds to support projects in the Seattle Department of Information Technology. Funds are appropriated from the bond fund in Finance General and cash is transferred as spent to the Information Technology Fund per fund requirement rules. Please see the Seattle Information Technology budget section for additional information on how these proceeds will be spent.

Create Reserve for Northgate Commons Project

Expenditures	\$5,000,000
--------------	-------------

The Council altered this proposal in the adopted budget. Refer to the Council Changes section below. The proposed budget description follows:

The 2026 Proposed Budget creates a one-time reserve to support the first \$5 million of the Seattle Housing Authority Northgate Commons Project, to which the City has committed \$20 million in total. This project focuses on the development of a transit-oriented, mixed-income, mixed-use community in North Seattle. The Seattle Housing Authority anticipates the project will include up to 1,400 homes, with an estimated 420 affordable homes. This reserve will support the first phase of this project beginning in early 2026, including demolition of existing structures on the site. The Executive intends to appropriate the remaining \$15 million funding for this project in 2027 and future years.

Create Reserve for Pearl Warren Building Demolition

Expenditures	\$500,000
--------------	-----------

The Seattle Indian Services Commission is working on a mixed-use transit-oriented development that provides affordable housing and commercial space at the site of the Pearl Warren Building in the Little Saigon neighborhood.

Finance General

This item creates a one-time Finance General reserve in 2026 related to the demolition of the building. The City's contribution will be subject to completing an agreement for public benefits in exchange for the funding.

Defer Reserve for Waterfront Building Operations and Maintenance to 2027

Expenditures \$(500,000)

The 2026 Endorsed Budget contained a General Fund Reserve to fund the operations and maintenance of a building acquired by the City on the waterfront. This building is awaiting necessary capital improvements before it can be operational. FAS estimates that the operational reserve will not be needed until 2027. As such the reserve is being reallocated in 2026 for other needs. Operational budget needs will be reassessed as part of the 2027-2028 budget planning process.

Defer Seattle Chinese Garden CIP Reserve to 2027

Expenditures \$(2,500,000)

The 2025 Adopted and 2026 Endorsed Budget included appropriation of \$2.5 million each year to support the City's capital contribution to the Seattle Chinese Garden. This contribution is postponed to 2027 to align with anticipated expense needs.

Increase B&O Threshold, Deduction, and Rate

Revenues \$81,000,000

This item reflects the net revenue anticipated from the changes to the Business & Occupation Tax passed by voters on the November 2025 ballot. These changes increase the threshold such that the first \$2 million of gross taxable receipts are no longer subject to the Business & Occupation Tax; create a deduction of \$2 million; and increase the tax rates.

Increase General Fund Transfer to Office of Labors Standards

Expenditures \$277,381

This item provides General Fund support to the Office of Labor Standards (OLS) for ongoing salary adjustments to address wage compression and a one-time add for space planning in 2026. It also includes a correction for a prior year where revenues to the General Fund were not reflected in the transfer to OLS. Please see the Office of Labor Standards budget book section for additional details.

Increase General Fund Transfer to Seattle Information Technology Department

Expenditures \$1,000,000

This cash transfer to the Seattle Information Technology Fund supports ongoing work associated with the Business and Occupancy Tax before voters in November 2025. It also includes a cash transfer to support the Permitting and Customer Trust (PACT) program which will improve service delivery, customer relationship management, and modernization of service channels. For additional information on what this amount will support, please see the Seattle Information Technology Department budget section.

Finance General

Increase Voter Registration and Pamphlets Reserve

Expenditures \$555,000

This action increases the Finance General Reserve for voter pamphlets for elections and annual voter registration administrative costs paid to King County. Between 2019 and 2024, the cost of voter registration increased from \$1.3 million to \$2.8 million annually due to increased administrative costs, higher than average inflation, and a 6% increase in the number of registered, active voters in Seattle. At the same time, voter pamphlets increased in complexity, distribution, and administrative costs, increasing from an average of \$30,000 to \$50,000 per election. Increased voters and more complex pamphlets result in the City of Seattle taking on a larger portion of growing costs. The City Budget Office has used an elections reserve as well as residual overages in other reserves to absorb this growth. However, in 2026, Finance General will abandon any excess reserves for General Fund balancing that were previously used for this purpose (Family Medical Leave, SISC Debt Service, etc). As such, this reserve needs to increase to pay for the known registration costs and pamphlet expenses.

New 0.1% Public Safety Sales Tax

Revenues \$38,930,828

The adopted budget includes revenues from the City's planned Public Safety Sales Tax, which is expected to generate \$39 million in 2026. These revenues will support the expansion of the Community Assisted Response and Engagement (CARE) Community Crisis Responder teams, hiring additional 9-1-1 call takers, recruiting 20 new firefighters, further enhancing services through the Post Overdose Team in the Seattle Fire Department (SFD), increasing substance use treatment options, and stabilizing other CARE investments.

Reduce General Fund Transfers to Office of Labor Standards and Seattle Public Library for Reduction Packages

Expenditures \$(5,640,735)

This change request reduces the General Fund transfer to the Office of Labor Standards and Seattle Public Library to align with reduction packages approved for each department. Please see these departments budget sections for additional details on the reductions.

Release Fleet Maintenance Reserve

Expenditures \$(500,000)

This reserve was created due to a lack of City capacity to provide fleet maintenance and subsequent high and unpredictable external vendor fleet maintenance costs during COVID. Over the last two years, City capacity for maintenance has increased as hiring for mechanics has stabilized, but the need to use external vendors for maintenance remains. FAS has built increased vendor maintenance assumptions into the updated 2026 rates, using fund balance to absorb necessary General Fund increases. Given other pressures on the General Fund, this reserve is being reduced so that it may be reallocated for other Citywide General Fund priorities and balancing.

Transfer 2026 World Cup Planning and Operations Reserve to Transportation, Fire and Police Departments

Expenditures \$(4,000,000)

In 2026, Seattle will host several World Cup matches. The City of Seattle continues to work with the local organizing committee on the reimbursement of costs incurred by the City to prepare for and provide support during the matches. A Finance General reserve was created in the 2026 Endorsed Budget utilizing Payroll Expense Tax proceeds for economic development to cover any costs that may not be fully reimbursed or deemed ineligible for reimbursement (\$4.0 million). The 2026 Adopted Budget transfers this reserve from Finance General to the Seattle Department of Transportation, Seattle Fire Department, and Seattle Police Department for World Cup related work. Please see these departments budget sections for additional details on anticipated funding use.

Finance General

Transfer App-Based Worker Fee Revenue from General Fund to Office of Labor Standards Fund

Expenditures \$2,450,844

This item transfers Network Company Fee revenue in the General Fund to the Office of Labor Standards (OLS) Fund. The Network Company License Fee is a regulatory fee that went into effect January 1, 2025 to implement two app-based worker labor standards: the App-Based Worker Minimum Payment Ordinance and the App-Based Worker Deactivation Ordinance. Collections are handled by the Finance and Administrative Services (FAS) Consumer Protection Division and fee revenue is first used to cover FAS costs for collection and implementation before transferring to OLS Fund. Any collections beyond appropriated spending in OLS is placed in a planning reserve in the OLS Fund.

Transfer Reserve for Sound Transit 3 Staffing to Department

Expenditures \$(6,762,858)

This item transfers reserved funds from Finance General 2026 Endorsed Budget to the Sound Transit 3 project in order to implement staffing plan increases to facilitate an accelerated permit, planning, and delivery process for Sound Transit 3 while also ensuring adequate staff resources for our office to effectively represent the City's interests in the ST3 expansions to West Seattle and Ballard.

Proposed Technical

Align Debt Service Appropriations with 2026 Assumptions

Expenditures \$(478,581)

Finance General debt service reserves for various funds have been updated to reflect anticipated needs in 2026. These amounts are updated annually based on former and current project debt service requirements.

Bargained Annual Wage Adjustment to Base Budget

Expenditures \$(732,120)

This centrally administered change adjusts base budget appropriations to reflect the proper Annual Wage Increase (AWI) increment for 2026, as outlined in the agreements between the City and the Coalition of City Unions for personnel costs. AWI increments are determined based on the average change in the local Consumer Price Index (CPI). This change represents a true-up between the forecasted CPI assumption included in the Endorsed Budget and the actual CPI data.

Fund Balancing Entries

Revenues \$(12,274,076)

This is a technical item to record a fund balancing entry for the General Fund, Payroll Tax Fund, Sweetened Beverage Tax Fund, Short-Term Rental Tax Fund, Real Estate Excise Tax Funds, Emergency Fund, Revenue Stabilization Fund, and Bond Funds which are multi-departmental Funds without a primary custodian department.

Ongoing Changes from Current Year Legislation

Expenditures \$(7,172,772)

This change includes ongoing budget changes resulting from current year legislation in 2025, including the Year End Supplemental Ordinance. This includes:

- Reduction of debt service payments that have been completed (-\$445,000)

Finance General

- Alignment of insurance budget with actual 2025 growth rates (-\$1.5 million)
- Reduction of appropriation that was for one-time items in 2025 or prior (-\$5.2 million)

SCERS Retirement Contribution Rate Reduction

Expenditures \$ (41,821)

The City's employee retirement system, the Seattle City Employees Retirement System (SCERS) is a defined benefit pension program funded by a combination of salary-based employer (i.e., the City) and employee contributions, and investment earnings. Based on the updated actuarial valuation for 2025, this item reduces the employer contribution rate from the endorsed rate of 15.17% to the SCERS minimum actuarial required rate of 15.06%.

Council

Create and Appropriate Funding to Central District and Southeast Seattle Reinvestment Fund

Expenditures \$2,700,000
Revenues \$1,350,000

This Council Budget Action increases one-time General Fund appropriations to Finance General by \$1.35 million to provide cash support to a new, stand-alone City fund named the Central District and Southeast Seattle Reinvestment Fund. This item also includes a temporary reserve appropriated from the newly created fund. Movement of appropriations from Finance General to specific department programs and projects will be authorized through a future ordinance, following the Council's development of appropriate policy frameworks and distribution mechanisms.

Create One-time Appropriated Federal Response Reserve

Expenditures \$1,060,000

This Council Budget Action increases one-time appropriations to Finance General by \$1.06 million of General Fund to appropriate a Federal Response Reserve. This reserve is available to further mitigate the impact of federal funding reductions or federal policy changes on City and community-provided programs, beyond what is already reserved through the business and occupations tax restructuring and other 2026 spending. This reserve is funded by a \$1.0 million reduction to the Office of Economic Development Stabilize, Activate, and Invest Locally (SAIL) Fund, a new investment in short and long-term strategies to address cleanliness, safety, and economic realization at specific neighborhoods, initially focusing on Little Saigon and possibly Lake City. The SAIL Fund in 2026 is funded at \$3 million total, after this reduction.

Create One-time Historic Benson Tolley Reserve

Expenditures \$200,000

This Council Budget Action increases Finance General by \$200,000 one-time to support preservation of the George Benson Waterfront Streetcar trolleys. These historic trolleys were previously operated on the Waterfront Streetcar Line and are stored in Anacortes and cared for by the nonprofit Friends of the Benson Trolleys. The storage agreement is ending and without City support, the trolleys may be sold out of state. The funding would go towards planning, relocation, and the preservation efforts of maintaining the trolleys in Seattle.

Create One-time Reserve for Black Panther Party Historical Site Preservation

Expenditures \$900,000

This Council Budget Action increases one-time appropriations to Finance General by \$900,000 of General Fund for projects to preserve historic properties related to the history of the Black Panther Party Seattle Chapter, including administrative costs related to such projects, such as the Seattle Black Panther Legacy Group's project to secure and

Finance General

restore the Dixon Family Home as both a heritage site and a community gallery. Funding will be provided in exchange for appropriate public benefits.

Create One-time Reserve for Neighborhood Gathering Places Repairs

Expenditures	\$500,000
--------------	-----------

This Council Budget Action increases one-time appropriations to Finance General by \$500,000 of General Fund to support construction and renovation of buildings and structures serving diverse communities that provide inclusive, neighborhood gathering places such as the Highland Park Improvement Club. The Council anticipates receiving public benefits in return for this funding such as hosting neighborhood meetings, arts and cultural events, emergency preparedness activities, food distribution sites and mutual aid efforts.

Increase Cash Transfer from Payroll Expense Tax Fund to General Fund

Expenditures	\$11,345,209
Revenues	\$11,345,209

This Council Budget Action increases Finance General by \$11.3 million in Payroll Expense Tax Fund (Jumpstart Fund) appropriations to transfer unreserved balances to the General Fund. The Jumpstart Fund balance increased as a result of higher interest and payroll expense tax revenue projections in the October forecast, and these resources can be used to support programs consistent with Ordinance 127155. This transfer increases the total revenue backfill amount to the General Fund to \$200 million in the 2026 Adopted Budget.

Increase Revenue Stabilization Fund Transfer for New Revenue and October Forecast

Expenditures	\$4,741,570
--------------	-------------

This action increases the Finance General transfer to the Revenue Stabilization Fund (RSF) by \$4.7 million of General Fund (GF). The Seattle Municipal Code requires a deposit from the GF to the RSF equal to 0.5 percent of forecast GF tax revenues, up to a total maximum fund balance of 5 percent of total tax revenues. The 2026 Proposed GF Budget included revenues from two new taxes, including \$81 million from a business and occupation tax increase and \$39 million from a public safety sales tax increase. These taxes increased the RSF maximum fund balance requirement, and the calculation of the annual required transfer; however, the RSF transfer in the 2026 Proposed Budget did not account for the impact of these new taxes. This change increases the budgeted transfer to the RSF to account for the addition of these new taxes, as well as the impact of the October revenue forecast update. With this transfer the balance of the RSF will increase to \$76 million in the 2026 Adopted Budget, which represents 98 percent of the maximum fund balance.

Move Northgate Commons Reserve from Finance General to Office of Housing

Expenditures	\$(5,000,000)
--------------	---------------

This Council Budget Action moves Payroll Expense Tax funding included the 2026 Proposed Budget for work associated with Northgate Commons development from Finance General to the Office of Housing (OH). This funding was placed in Finance General due to constraints of the Housing Funding Policies. In the 2026 Adopted Budget, funding is being directly appropriated in OH. To access this funding, OH will need to amend restrictive funding policies or send an ordinance for the Seattle Housing Authority contract to City Council in 2026.

One-time Funding to Support Immigrant Business Owner Education

Expenditures	\$190,000
--------------	-----------

This Council Budget Action provides a one-time increase of \$190,000 to the Business Outreach and Education Fund (BOEF) in the Office of Labor Standards Fund to support a non-profit organization savvy in working with immigrant

Finance General

business owners to provide education on Seattle's labor laws. This appropriation is supported by a General Fund transfer appropriated in Finance General.

Recognize October Forecast Revenue Updates

Revenues \$18,669,492

This Council Budget Action recognizes the impacts to the General Fund (GF) and other non-transportation funds from the Office of Economic and Revenue Forecasts (Forecast Office)/City Budget Office (CBO) October 2025 forecast update. In August of each year, the City receives a revenue forecast that is used for the Mayor's budget proposal, followed by a fall update during Council's budget deliberations. Details on the 2026 impacts from the October revenue forecast update are listed below by fund:

- General Fund (00100): This change increases GF revenues by \$12.3 million in 2026 due to increases in property tax, retail sales tax, business and occupation tax, and private utility taxes.
- Sweetened Beverage Tax Fund (00155): This change increases Sweetened Beverage Tax Fund revenues by \$0.2 million in 2026 due to increases in sweetened beverage tax revenues.
- JumpStart Fund (14500): This change increases JumpStart Fund revenues by \$7 million in 2026 due to increases in payroll expense tax revenues and interest earnings.
- Real Estate Excise Tax I and II Funds (30010/30020): This change decreases combined Real Estate Excise Tax Fund I/II revenues by \$1.1 million in 2026 due to projected decreases in taxable property sales.
- Short Term Rental Tax Fund (12200): This change decreases Short Term Rental Tax Fund revenues by \$0.4 million in 2026 due to decreases in short term rental tax revenues.

Reduce General Fund Transfer to Information Technology Department

Expenditures \$(50,000)

This Council Budget Action reduces the General Fund transfer to Information Technology Department by \$50,000 to support workforce development in the Office of Economic Development. Please see these departments budget sections for additional information.

Fund Balancing Adjustments - Adopted

Revenues \$11,809,429

This is a technical item to record a fund balancing entry for centrally managed funds. This entry is necessary to balance funds following changes made during the Council phase of the budget process.

Council Provisos

Create Ongoing Automated Traffic Safety Camera Fund Reserve

Expenditures \$675,000

This Council Budget Action adds ongoing appropriations to Finance General by \$675,000 from the Automated Traffic Safety Camera (ATSC) Fund for traffic camera citation enforcement activities and impose a proviso. These funds are intended for potential use by the City Attorney's Office and/or the Seattle Municipal Court for staffing and operational costs associated with anticipated increases to automated traffic camera citation enforcement activities.

This Council Budget Action imposes the following proviso:

"Of the appropriation in the 2026 budget for Finance General, \$675,000 is appropriated solely for traffic camera citation enforcement activities and may be spent for no other purpose. Furthermore, none of the money so appropriated may be spent until authorized by future ordinance. Council anticipates that such authority will be granted if the need for additional traffic camera enforcement resources is demonstrated by increased citations exceeding current enforcement and administration capacity."

Appropriations by Budget Summary Level and Program

FG - BO-FG-2QA00 - Appropriation to Special Funds

The purpose of the Appropriation to Special Funds Budget Summary Level is to appropriate General Fund and other centrally managed resources, several of which are based upon the performance of certain City revenues, to bond redemption or special purpose funds. These appropriations are implemented as operating transfers to the funds or accounts they support.

Program Expenditures	2024 Actuals	2025 Adopted	2026 Endorsed	2026 Adopted
Appropriation to Special Funds	316,021,089	515,721,336	460,249,119	395,630,505
Total	316,021,089	515,721,336	460,249,119	395,630,505

**FTE totals are provided for informational purposes only. Changes in FTEs resulting from City Council or Human Resources Director actions outside of the budget process may not be detailed here*

FG - BO-FG-2QD00 - General Purpose

The purpose of the General Purpose Budget Summary Level is to provide appropriation authority to those programs for which there is no single appropriate managing department, or for which there is Council and/or Mayor desire for additional budget oversight.

Program Expenditures	2024 Actuals	2025 Adopted	2026 Endorsed	2026 Adopted
General Purpose	52,272,254	72,479,152	76,855,258	64,239,000
Total	52,272,254	72,479,152	76,855,258	64,239,000

**FTE totals are provided for informational purposes only. Changes in FTEs resulting from City Council or Human Resources Director actions outside of the budget process may not be detailed here*
