## Current Limits: All Regulatory Agreements Except MFTE P6

**Effective Date: April 25, 2025**

The income and rent limits below apply to units in City-funded rental properties as well as units with income and rent restrictions associated with Multifamily Tax Exemption ("MFTE") Programs 3 through 5, Incentive Zoning ("IZ" or "Bonus"), Mandatory Housing Affordability ("MHA"), Master Planned Community-Yesler Terrace ("MPC-YT"), and other developer agreements (e.g., reduced parking, religious lands, or property disposition). **For OH-funded properties with regulatory agreements limiting rent increases for current tenants, the maximum rent increase is 5.0%, subject to the rent limit, based on the annual increase in the Rent of Primary Residence component of the Consumer Price Index for All Urban Consumers for Seattle-Tacoma-Bellevue.** The Seattle Office of Housing's income and rent limits are calculated based on very low-income limits published by the United States Department of Housing and Urban Development (HUD). Rent limits assume the affordable housing industry's standard average household size of 1.0 for 0-bedrooms and 1.5 per bedroom for larger units.
