Continuing Medical, Dental, Vision and Health Care FSA Coverage under COBRA

This Exit Guide explains your options for continuing your City of Seattle health care and optional insurance coverage after leaving City employment. It also provides information about the City's employment reference release policy, re-hire policies, and Code of Ethics as they apply to former City employees.

This Guide is for employees who are leaving City employment. This information does not apply to employees changing departments or taking a leave of absence.

Health Care Benefits

Your medical, dental and vision coverage ends the last day of the month you separate from City employment. The following information will help you decide which benefits, if any, you want to keep after your employment ends. You can continue some benefits by paying the premiums yourself.

COBRA Plans

COBRA allows you or your dependents to buy continued medical, dental and vision coverage (or medical-only or dental/vision-only) when coverage through your City employment ends. Continuation of your Health Care Flexible Spending Account is also available (see page 9).

Upon termination of employment, you will receive a letter at your home address that explains COBRA coverage. If you continue coverage under COBRA, follow the instructions included with the COBRA information letter.

You have 60 days to respond to the COBRA letter. You will pay your premiums by personal check or money order payable to the "City of Seattle."

You and your covered dependents can buy health coverage through COBRA for up to 18 months after:

- Your employment ends
- Your work hours are reduced to the point where you no longer are eligible for benefits.

To ensure you receive COBRA information on time, **PLEASE MAKE SURE YOUR ADDRESS IS SHOWN CORRECTLY ON YOUR LAST PAYCHECK.**

Your Benefits

Continuing Medical, Dental, Vision and Health Care FSA Coverage under COBRA

The 18-month COBRA continuation period may be extended to 29 months if you or a family member (who is a qualified beneficiary) is certified disabled according to Social Security at the time of one of the previously mentioned qualifying events. This 11-month extension is available to all covered family members of the disabled individual for 150 percent of the regular premium amount.

Medical Insurance

Your medical coverage ends the last day of the month you leave employment. You and your eligible dependents may continue coverage through COBRA for up to 18 months after termination. You may elect to continue medical coverage only under COBRA or medical, dental and vision coverage. You also can elect dental and vision coverage only. You will receive information about COBRA by U.S. mail a few weeks after your last day. If you have not received a COBRA letter within 30 days of your last day, contact the Benefits Unit at Benefits.Unit@seattle.gov or 206-615-1340.

Dental and Vision Insurance

Your dental and vision coverage ends the last day of the month you leave employment. You and your eligible dependents may continue your dental coverage through COBRA for up to 18 months after termination. You may elect dental and vision coverage only, without choosing medical coverage. You may also elect to continue dental and vision coverage *with* medical coverage. You will receive information about COBRA in the mail at your home a few weeks after your last day. Individual dental and vision plans may or may not be available through a health exchange (see section after COBRA Rates).

If you choose COBRA and want to move to the health insurance exchange later, you will need to wait until either the end of your maximum COBRA period or the Exchange's annual open enrollment period. You cannot simply stop COBRA and enroll in the health insurance exchange at any time.

Your Benefits

Deferred Compensation

If you participate in the City of Seattle Voluntary [Deferred Compensation Plan](#), a “457” Plan (governmental, deferred compensation), you have a number of options available after leaving City employment.

Options to consider following separation from City employment:

3. **Leave Your Money in the Plan** – You may leave your funds in the Plan until you decide to withdraw them later using one of the other options listed below. To avoid substantial federal tax penalties, you must begin distribution no later than April 1 of the year after the year in which you turn age 70½. While the money remains in the Plan, your account will continue to be adjusted for substantial federal tax penalties, you must begin your second distribution no later than April 1 of the year after the year in which you turn age 70½.

- Take a taxable lump-sum distribution of the entire account balance (i.e., all \$36,000), thereby closing your account.

4. **Move Your Money to another Eligible Plan** – A rollover will not be taxed if funds are transferred according to legal requirements. The transfer or rollover will be based on your City account’s value as of the transaction date. You can:

- Rollover your account balance to an Individual Retirement Account (IRA) held by a bank or other financial institution.
- Rollover your account balance to another employer’s plan if your future employer’s plan can accept your funds. (It’s important to check first.) Funds rolled over to other employer plans become subject to the distribution tax provisions of the receiving plan. Depending on the type of employer you move to, the receiving plan may be a 401(a), 401(k), 403(b) or 457 Plan.

Please contact the plan record-keeper, Nationwide, at 1-855-550-1757, to discuss and/or select one of these options. Until then, your funds will remain in your account.

These options are only available after you separate from City employment. You will not be shown as separated from City employment in Nationwide’s system until *after* receiving your final paycheck, generally 4 to 6 weeks after your last paid day of work. Questions? Call the Deferred Compensation Unit at 206-447-1924.

HRA VEBA Plan

If you contributed monthly to an HRA VEBA account as an active employee, your contributions will stop after you leave City employment. However, your account will remain active, and you may request reimbursement for qualified healthcare expenses up to the remaining balance after separation from the City.

Your Benefits

Transit Pass

Where possible, return your ORCA card to SMT 42nd floor Treasury Cashiers office or the SMT 4th floor, customer service desk upon separation from City employment*. Otherwise, cut it in half and dispose of it. The City will stop funding your ORCA after you leave**. If you added personal funds to the card, you will need to coordinate with Treasury Cashiers to get a replacement card. It could take up to 10 days to transfer any balances, in addition to a card replacement fee.

*Seasonal and Temporary employees: if you know you will return to City employment, then hold on to your ORCA card as this is the card the City will re-activate on your return. If you return and have lost this ORCA card, you will be charged a replacement fee.

**H.R. Dept: Complete the [ORCA cancellation form](#) and send to FAS_TreasuryCashiers@seattle.gov when employees leave the City.

Your Retirement Plan

Vesting

Members with the equivalent of 5 or more years of service time are vested in their retirement account. You will be able to draw a monthly pension when your age and length of service meet the criteria for service retirement.

For example, if you leave City employment when you are 40 years old with 10 years of service and your account is vested, you can apply for a monthly pension when you reach the age of 57.

Withdrawal

You also have the option of withdrawing your contributions with interest. If you choose to withdraw, you will no longer be eligible for a monthly pension.

If you have less than the equivalent of 5 years of service time, you are not vested and cannot draw a monthly pension. If this is the case, you should withdraw your contributions in a lump sum. Only your contributions plus interest will be paid out. You are not eligible to withdraw the City's contributions to your account. Unless you roll over your contributions into another qualified retirement account, significant penalties and tax liabilities are associated with withdrawal. Retirement Office staff can provide you with information about your options. Contact the Retirement Office once you have separated from City service to initiate your withdrawal.

If your separation from City employment is a service retirement, you will need to contact the Retirement Office at least 90 days in advance of your last day of employment to discuss your eligibility and options. The Retirement Office will need to calculate a benefit estimate ahead of your retirement appointment. Per Seattle Municipal Code, you must meet with a Retirement Specialist and sign your retirement paperwork at least 30 days before your retirement date.

Your Final Paycheck

Vacation Cash-out/ Conversion

You will receive a final paycheck on the next regular payday after your last day of employment. This paycheck may include a cashout of any unused compensatory time off you have earned.

Your unused accumulated vacation balance will be paid out on the next payday following your final paycheck. If you have not yet reached the annual maximum, you may choose to convert your vacation leave balance value into your Deferred Compensation account. Contact your [Human Resources representative](#) or the [Deferred Compensation Unit](#) at least two weeks before leaving the City if you have questions.

Employees who separate for reasons other than retirement do not receive a sick leave cash-out.

Sick Leave Conversion for Retiring Employees – VEBA Eligible

If your union voted to participate in the HRA VEBA (Health Reimbursement Arrangement Voluntary Employee Benefit Association) plan, then 35 percent of your sick leave balance will be converted into a tax-free HRA [VEBA](#) account when you retire from the City. Withdrawals are used for qualified healthcare expenses during retirement, such as medical premiums, copays, and prescription drugs. You will receive an information packet in the mail after the funds have been sent to the plan administrator.

Sick Leave Cash-out for Non-VEBA Retiring Employees

If your union (or if you are non-represented), did not vote to participate in the HRA VEBA or votes against VEBA, you'll receive the cash value of 25 percent of your accrued sick leave upon retirement. Or you can convert up to 35 percent of your accrued sick leave to your Deferred Compensation Plan account, if you have not yet reached the annual maximum. Contact your Human Resources representative or the [Deferred Compensation Unit](#) for more information.

Donating Your Sick Leave

With your appointing authority's approval, you can donate unused sick leave to another City employee who has requested sick leave donations. Two limitations apply when donating your unused sick leave balance:

- You must maintain the 240-hour balance required by ordinance
- You cannot donate more sick leave than you could use before your last day of employment.

Your Final Paycheck

Other Leaves

There is no cash-out for unused personal holidays, executive leave or merit leave. If you have unused balances for any of these leaves, arrange to take time off before your last day of employment.

Re-employment

Re-applying for Employment with the City

You may re-apply for City employment at any time. Current job openings are on the City's website seattle.gov/jobs/.

If you return to City employment, you will be considered a new hire for most purposes, unless you are reinstated within 12 months of being laid off. However, your vacation accrual rate *will* reflect your prior service. For example, if you were accruing 18 days of vacation per year when you separated, you will start at that same accrual rate. All sick leave is reinstated if you return within 12 months. Your service credit for layoff and salary step placement will not be reinstated.

If you withdrew your retirement contributions upon separation, you will have an opportunity to repay contributions with interest, to buy back your retirement service credit.

As long as you separate from the City in good standing, you may be eligible to apply for employment through the Contingent Workforce Programs.

If you were discharged, you must obtain the Seattle Department of Human Resources Director's approval before you can be considered for re-employment. Send a letter explaining the circumstances of your termination and the reason(s) you believe you should be eligible for re-hire to:
