

Amendment to add 3rd tranche CDBG-CV CARES Act funds to the FY2019 Annual Action Plan

Executive Summary

AP-05 Executive Summary - 24 CFR 91.200(c), 91.220(b)

1. Introduction

This third amendment to the City of Seattle's 2019 Annual Action Plan reflects the receipt of an additional \$5,850,084 in federal funding for the CDBG program through the CARES Act Public Law 116-136 passed on March 27, 2020. Notice that the City intends to use these funds was posted publicly on 4/20/21.

The original 2019 Annual Action Plan was submitted to the U.S. Department of Housing and Urban Development as the application for origin year 2019 funds from the Community Development Block Grant, HOME, Emergency Solutions Grant, and Housing Opportunities for Persons with AIDS programs in compliance with 24 CFR 91. The 2019 Annual Action Plan encapsulates the second year of the 2018-2022 Consolidated Plan for Housing and Community Development. Funding priorities will continue to be used to support emergency shelter and services for homeless persons, to provide for affordable housing, small business and microenterprise financial assistance and business district planning, job training and readiness services, and for park upgrades. For program year 2019, a total of approximately \$21.2 million is governed by this annual plan.

2. Summarize the objectives and outcomes identified in the Plan

This could be a restatement of items or a table listed elsewhere in the plan or a reference to another location. It may also contain any essential items from the housing and homeless needs assessment, the housing market analysis or the strategic plan.

The objectives of the governing 2018 - 2022 Consolidated Plan funding are to 1) support the delivery of emergency shelter and related services for homeless persons and families; 2) develop and preserve affordable rental and homeownership housing; 3) support low- and moderate-income neighborhoods, businesses and business districts with infrastructure and economic development assistance; 4) support job training activities as part of an anti-poverty strategy; and advance the objectives of affirmatively furthering fair housing.

By this amendment, the City documents allocation and activities such as small business stabilization grants, rent assistance and support of shelter de-intensification and operations in direct response to the impact of COVID-19 in Seattle.

3. Evaluation of past performance

This is an evaluation of past performance that helped lead the grantee to choose its goals or projects.

The most recently completed program year is 2018. Our Consolidated Annual Performance and Evaluation Report (CAPER) for 2018 contained the following:

- Human Services Department CDBG public service and ESG dollars provided vital overnight shelter to over 2,139 homeless persons.
- The Office of Housing (OH) awarded funding for 27 federally funded affordable housing units. CDBG funds were used to rehabilitate and preserve 16 units in North Seattle. In addition, CDBG support provided home repair to 500 households: primarily for senior homeowners. HOME funds were used in the Low-Income Housing Institute Othello project, estimated to produce 93 units, 11 of which are HOME funded. OH completed and leased up 21 HOME units in two previously funded projects: Estelle by DESC, Tony Lee Apartments by the Low-Income Housing Institute.
- Parks and Recreation Department used CDBG funding to complete capital improvements and renovations, including ADA improvements, at nine (9) neighborhood parks serving low-moderate-income neighborhoods.
- The Office of Economic Development (OED) invests in neighborhood business districts to provide technical assistance to local small business owners to help them grow their business, cultivate customers and collaborate with others to expand their reach. CDBG supported 9 neighborhood business districts' revitalization work, supporting over 200 businesses.
- The Office of Immigrant and Refugee Assistance served a total of (133) distinct individuals in 8 classes using CDBG funds in the Ready for Work (RTW) program during 2018.

Based on the CAPER data, and other qualitative and quantitative information from providers, we assess that our progress in meeting our Consolidated Plan objectives is on track and that our funds are being used for the correct purposes. This assessment is made within the context of the City's overall budget and other resources available to assist low- and moderate-income persons, such as the Families and Education Levy and the Housing Levy.

During 2018, the City of Seattle spent a great deal of time and resources on the implementation of the Assessment of Fair Housing (AFH) and the completion of the new 2018-2022 Consolidated Plan. The development of the AFH required significant coordination, facilitation, research and production among 16 different city departments plus the Seattle Housing Authority. The AFH was adopted and accepted by

HUD in July 2017. The 2018-2022 Consolidated Plan and 2018 Annual Action Plan was approved by HUD in September 2018.

4. Summary of Citizen Participation Process and consultation process

Summary from citizen participation section of plan.

Amendment #3 to the 2019 Annual Action Plan will conform to the waivers granted by the CARES Act and under HUD CPD guidance memos, shortening the public comment period otherwise required by the Consolidated Plan to five days instead of thirty days. Waiver also allows for virtual public hearings with reasonable accommodation for public input in the review process given the circumstances of the COVID-19 crisis and the City and State's stay at home orders. Public notice will be given of opportunity to view and/or participate in scheduled Council hearings of this amendment to the extent practicable and consistent with the Governor's Order on modifications to the Open Public Meetings Act.

The Consolidated Plan relies on multiple planning efforts from a variety of sources to inform the allocations of the Consolidated Plan funds. Most important to this effort is the awareness that the HUD funds are part of a much larger funding picture for housing, human services, and community development in the City of Seattle.

The City's conduct of planning efforts such as the Area Agency on Aging, the Seattle / King County Committee to End Homelessness, the Mayor's Emergency Task Force on Unsheltered Homelessness and the City's Housing Affordability and Livability Advisory (HALA) Committee, Seattle 2035 Comprehensive Plan Update, the Mayor's Commercial Affordability Advisory Committee, the Human Services Department's Pathways Home plan development to evolve our homeless prevention and service system each provided key opportunities for consultation and public input. In addition, the City's 2019 Adopted and 2020 Endorsed Budget included significant general public input and discussion to shape budget priorities, which were ultimately passed by City Council.

A draft of the 2019 Annual Action Plan was publicized and made available for public comment for a 30-day public comment period beginning November 21, 2018.

After receiving the final allocations from HUD on April 16, 2019, the 2019 Annual Action Plan was again made available for public comment on May 17, 2019, again for a 30-day public comment period.

This third amendment to the 2019 AAP is available to the public for 30-day public comment on March 19, 2021 and a public hearing will be held on April 20th, 2021 at Seattle Council's Finance and Housing Committee.

5. Summary of public comments

This could be a brief narrative summary or reference an attached document from the Citizen Participation section of the Con Plan.

The third Substantial Amendment to the 2019 Annual Action Plan, to accept the third tranche of CDBG CARES Act funds, was made available to the public on 3/19/2021 at www.seattle.gov/humanservices/federalgrants A public hearing was held on April 20, 2021 (video here: <http://www.seattlechannel.org/videos?videoid=x115134&>).

Public comment was solicited on December 12, 2018 and July 15, 2019 and April 20, 2021 during the public hearings at meetings of the Finance and Neighborhoods committee of the Seattle City Council.

6. Summary of comments or views not accepted and the reasons for not accepting them

Regarding the Substantial Amendment to the 2019 Annual Action Plan, one comment was received at the public hearing relating to using HUD funds to increase the number of Tiny House Villages in Seattle. Federal Grants staff are examining how this could be funded with future awards. No other comments were received.

No comments were received during either review period or hearings.

7. Summary

The City of Seattle coordinates HUD's Consolidated Plan funds with other City resources such as our General Fund; Families and Education Levy, Housing Levy; federal McKinney-Vento funds; and Real Estate Excise Tax to provide for human services, affordable housing, and community and economic development. Not all the needs identified in the Consolidated Plan are addressed with HUD funds, particularly those activities that support Assessment of Fair Housing work plan items. **How each fund source is used depends upon the various restrictions and regulations covering the funds and the most efficient and effective mix of funds.**

AP-10 Consultation – 91.100, 91.200(b), 91.215(l)

1. Introduction

The AAP relies on *multiple planning efforts* conducted by partners such as the Area Agency on Aging, Human Services Department, Committee to End Homelessness, Office of Housing, Office of Economic Development, Seattle Housing Authority, and Office of Planning and Community Development.

Provide a concise summary of the jurisdiction’s activities to enhance coordination between public and assisted housing providers and private and governmental health, mental health and service agencies (91.215(l))

Seattle 2035 Comprehensive Plan is a 20-year vision and roadmap for Seattle’s future that guides City decisions on where to build new jobs and houses, how to improve our transportation system, and where to make capital investments such as utilities, sidewalks, and libraries. New to the plan was a **Growth and Equity Analysis which resulted in an Equitable Development Implementation Plan**. Federal grants’ funding for the Equitable Development Initiatives noted in this AAP grew out of this community engagement and planning.

The City and Seattle Housing Authority submitted a joint Assessment of Fair Housing in June 2017. The AFH required extensive community consultation and public participation which is documented in a Community Engagement Matrix as part of that plan. Please go to Seattle.gov and search for **2017 City of Seattle and Seattle Housing Authority Joint Assessment of Fair Housing** to review the full report.

Seattle's Office of Housing updated the **Housing Levy Administration and Finance** plan in 2017. Taxpayers agreed for the seventh time to support the housing Levy and doubled the amount collected over the next seven years to a total of \$290 million for affordable housing.

The Human Services Department's Area Agency on Aging coordinated the **Mayor’s Age Friendly initiatives** to address environmental, economic, and social factors influencing the health and well-being of older adults. Programs such as utility discounts for seniors and people with disabilities, regional reduced transit fares, senior/disabled enrollment in property tax exemption program to help older households to maintain their housing will benefit from this initiative.

The **Equitable Development Initiative (EDI)** targets communities have not had equal access to opportunity for economic, infrastructure and community assets investment. The 2018-2022 Consolidated Plan builds on the priorities and initiatives identified through the EDI assessment process.

Describe coordination with the Continuum of Care and efforts to address the needs of homeless persons (particularly chronically homeless individuals and families, families with children, veterans, and unaccompanied youth) and persons at risk of homelessness.

The Seattle / King County Continuum of Care (CoC) includes King County plus the cities of Seattle, Auburn, Bellevue, Federal Way, Kent, Renton, and Shoreline. The lead agency for the CoC is All Home, a broad coalition of government, faith communities, non-profits, the business community and homeless and formerly homeless people working together to implement the Continuum of Care in King County. ESG funding decisions are coordinated with All Home and its Funders Group. For more information about All Home, please visit <http://allhomekc.org/about/>.

The Seattle/King County Continuum of Care (CoC) has implemented a system wide coordinated entry and assessment (CEA) system for all population groups. The system has been operational under a new platform since June 2016. The CEA system is managed by King County. CEA serves all people (single adults, young adults, couples, families, and veterans) experiencing homelessness in the following situations:

- Living and sleeping outside
- Sleeping in a place not meant for human habitation.
- Staying in a shelter
- Fleeing/attempting to flee domestic violence.
- Exiting an institution where a person resided for up to 90 days and were in shelter or a place not meant for human habitation immediately prior to entering that institution or transitional housing.
- Young adults who are imminently at risk of homelessness within 14 days are also eligible for CEA.

Describe consultation with the Continuum(s) of Care that serves the jurisdiction's area in determining how to allocate ESG funds, develop performance standards for and evaluate outcomes of projects and activities assisted by ESG funds, and develop funding, policies and procedures for the operation and administration of HMIS.

The City combined ESG funding with multiple fund sources in the 2017 Homeless Investments RFP. Part of the RFP requirements are "Appendix E - Minimum Performance and Target Performance Standards for sub-recipients" (see full document at HSD 2017 Homeless Investments RFP Performance Standards. <http://www.seattle.gov/Documents/Departments/HomelessInvestmentsRFP/Appendix%20E%20-%20Minimum%20Performance%20Standards%20and%20Target%20Performance%20Standards.pdf> .

This document also includes "System wide" minimum and Core Outcomes for funded services to benefit homeless people by program type. Examples of performance measurements include Exit Rate to

Permanent Housing, comparison of Length of Stay (days), Return Rate to Homelessness, and Entries from being literally homeless.

2. Describe Agencies, groups, organizations and others who participated in the process and describe the jurisdiction's consultations with housing, social service agencies and other entities

	<p>Briefly describe how the Agency/Group/Organization was consulted. What are the anticipated outcomes of the consultation or areas for improved coordination?</p>	<p>The Housing Development Consortium (HDC) is a membership organization representing the many agencies and businesses involved in the nonprofit housing industry in Seattle and King County. Its members include nonprofit housing providers, homelessness services organizations, lenders, builders, architects, investors, local government, and housing authorities. During the development of the 2016 Housing Levy, HDC convened members including organizations serving the array of populations such as homeless, low-wage workers, seniors, people with disabilities, families, immigrant and refugee households -- served by the levy. The City of Seattle Office of Housing met regularly with these HDC members to get input on needs and market conditions related to rental development and operations, homebuyer assistance and development, and homeowner foreclosure prevention. HDC members were also actively involved in reviewing funding policies for the Housing Levy Administrative and Financial Plan after the levy was approved by voters. Consultation for the Housing Levy is incorporated into the Consolidated Plan because a project from the City of Seattle Office of Housing may use HUD funds as well as Housing Levy funds.</p>

	<p>Briefly describe how the Agency/Group/Organization was consulted. What are the anticipated outcomes of the consultation or areas for improved coordination?</p>	<p>The Technical Advisory Committee was convened by the Office of Housing to advise the City on programs and goals for the proposed 2016 Seattle Housing Levy. It was comprised of 28 members with a broad range of expertise, including assisted and market rate rental housing, home ownership development, land use and environmental planning, homelessness prevention and stability programs, and housing finance. The committee met four times during the fall of 2015. It reviewed the performance of existing levy programs, existing and projected housing and homelessness needs, and existing and projected housing market conditions. The committee helped shape the program elements of the new levy, both its broad policy priorities, and its underlying financial assumptions and administrative structure. This work established the parameters for Housing Levy funding over seven years, 2017 to 2023.</p>

	<p>Briefly describe how the Agency/Group/Organization was consulted. What are the anticipated outcomes of the consultation or areas for improved coordination?</p>	<p>The Housing Levy Oversight Committee is the citizen body responsible for monitoring and reporting on performance of Seattle Housing Levy to City officials and the public. The Oversight Committee also recommends funding policies for levy programs to the Mayor and Council. The current Oversight Committee was convened in January 2016, with seven members appointed by the Mayor and six by the City Council. In first quarter 2016 the committee reviewed funding policies for the new 2016 Housing Levy, including public and stakeholder input compiled over the prior six months. These policies address population and geographic priorities, funding allocation, contracting requirements, and ongoing compliance. The policies were subsequently adopted by City Council as the Housing Levy Administrative and Financial Plan, with attached Housing Funding Policies. The Housing Funding Policies also govern Consolidated Plan funds administered by OH, consistent with federal requirements for HOME, CDBG and other City-administered sources.</p>

Identify any Agency Types not consulted and provide rationale for not consulting.

Finite time, staff capacity and other resources always impose a practical limit on how many entities and possible interested parties are consulted in any given planning process. However, please refer below to the extensive list of consulted entities involved in the key plans relied upon to develop this Consolidated Plan (e.g., the Housing Affordability and Livability, an initiative to renew the City’s Housing Levy, the Positive Aging Initiative, the Equitable Development Initiative, the Seattle Housing Authority’s Strategic Plan, etc.)

Narrative (optional)

The City of Seattle, Human Services Department, Federal Grants Management Unit (FGMU), is the lead agency for the development of the Consolidated Plan and the administration and management of Community Development Block Grant, Emergency Solutions Grant, and Housing

Opportunities for Persons with AIDS funding. The City's Office of Housing is the lead agency for the administration and management of the HOME Investment Partnership program.

The Consolidated Plan funds are allocated to several City departments for implementation of programs benefitting low- and moderate-income clients and other eligible populations. The Human Services Department utilizes CDBG, ESG, and HOPWA funds to provide public services for homeless and low- and moderate-income persons, for employment training support services to eligible clients, and for minor home repair services to low- and moderate-income homeowners. The Office of Housing (OH) uses CDBG and HOME funds to provide for the preservation and development of affordable housing, assistance to qualifying homeowners in need of home repairs, and assistance benefiting qualifying homebuyers. CDBG funding is used by many City departments to address a variety of community needs, including business development, revitalization, workforce development, community and neighborhood facilities, infrastructure and park improvements as well as improved accessibility for those with mobility impairments. All CDBG-funded projects are reviewed and monitored by the FGMU for compliance with applicable federal rules and regulations. AP-12 Participation – 91.105, 91.200(c)

The City relies on existing planning and needs identification at the community, departmental and other stakeholder level to inform the list of services prioritized for HUD federal grant allocations. The list below highlights key plans that informed the 2019 Annual Action Plan submitted as part of the 2018-2022 Consolidated Plan.

Each of the planning efforts involved community engagement and public input in a variety of forms. The engagement and input include a variety of digital surveys, City-wide “telephone” town halls, community engagement one-on-one with constituents at community fairs and celebrations, participation in panels, forums and public meetings that may not have focused on the Consolidated Plan itself but were pertinent to one of more of the topics addressed by this plan. Public comments directly related to CP goals and issues were extracted from multiple City Department websites. Additionally, the City conducted as much outreach to public commissions, advocates, and public and non-profit stakeholders as possible within each initiative. For example, the 2017 AFH involved an extensive list of outreach activities captured by the Community Engagement Matrix.

- 2017 City and Seattle Housing Authority Assessment of Fair Housing
- 2016 Homelessness Survey– Pathways Home strategic plan
- 2016 City-wide Americans with Disabilities Act (ADA) Survey – and implementation work group recommendations continuing throughout 2018-2019
- Seattle Housing Authority strategic plan
- Office of Housing policy and priorities established through adoption of the 2017 Administration and Finance plan for Seattle Housing Levy funds
- City Comprehensive Growth Management Plan – Seattle 2035

Seattle has a long-standing commitment to providing information to the public in a variety of languages prevalent in our communities and recognizes the need to conduct more outreach to people with vision and hearing impairments. The City intends to improve access to AAP plans for people with differing abilities such as people with hearing or vision impairments or other physical or cognitive limitations as we implement the 2018-22 ConPlan.

High rents and home prices are displacing low- and middle-income households; impacting the ability of voucher holders to successfully find a unit. Lengthy wait times for SHA units and the homeless population are evidence that the demand for affordable housing surpasses the stock. A number of residents and voucher holders discussed instances of housing discrimination against individuals due to their participation in the Housing Choice Vouchers program.</p>		<p>See summary of public comments in Executive Summary of the Assessment of Fair Housing at http://www.seattle.gov/Documents/Departments/HumanServices/CD</p>

Expected Resources

AP-15 Expected Resources – 91.220(c)(1,2)

Introduction

The Expected Resources table below now reflects receipt of \$35,381,361 in federal funding for the CDBG, ESG, HOME and HOPWA programs through the CARES Act Public Law 116-136 passed on March 27, 2020. Though at least the end of 2020, the City anticipates allocation and expenditure of \$5,640,185 CDBG-CV, \$29,314,836 ESG-CV, and \$426,340 HOPWA-CV funding in addition to the regular grantee allocations for these programs.

Overall resources in 2020 from the Consolidated Plan funds are expected to remain substantially similar to recent years. The City of Seattle coordinates HUD's Consolidated Plan funds with other City resources such as our General Fund, Families and Education Levy, Housing Levy, federal McKinney-Vento funds, and Real Estate Excise Tax (REET) to provide for human services, affordable housing, and community and economic development. Not all the needs identified in the Consolidated Plan are addressed with HUD funds. How each fund source is used

depends upon the various restrictions and regulations covering the funds and the most efficient and effective mix of funds.

Table 5 - Expected Resources – Priority Table

Explain how federal funds will leverage those additional resources (private, state and local funds), including a description of how matching requirements will be satisfied.

The City of Seattle relies on Consolidated Plan funds to provide a foundation for our community and economic development activities. However, they are by no means the only investments the City or the community at large make in programs and services to support low- and moderate-income populations. Each of the three departments receiving the largest Consolidated Plan fund allocations anticipates sizable amounts of complementary funds from other sources to leverage the investment of HUD funds. The Office of Economic Development, for example, in 2018 received \$10.2 million from the City's General Fund to support a healthy business environment that empowers businesses to develop, grow, and succeed. The Office of Housing received \$5.8 million in HUD Consolidated Plan funds in 2018 and received \$38 million from the Seattle Housing Levy for affordable housing projects and activities. In August of 2016, the seven-year housing levy was renewed by Seattle voters which doubled the total effort to provide funds for affordable housing. It is expected to generate \$290 million over the next seven years. The levy's goals are to produce and preserve 2,150 apartments affordable for at least 50 years, reinvest in 350 affordable apartments, provide rent assistance and other supports for 4,500 families to prevent homelessness, assist 280 low-income homeowners, and provide loans for acquisition and rental rehabilitation of existing affordable apartments. Additionally, the pattern of non-City funding from prior years is expected to continue, with tax credit equity investments accounting for roughly half (40% - 60%) of total annual investments in multifamily rental projects involving Office of Housing funding. Other funding sources include incentive zoning payments, the Washington State Housing Trust Fund, private bank and bond financing, and owner contributions and fundraising. The Human Services Department allocation of \$9.6 million in Consolidated Plan funds for services supporting homeless and low-income persons and families and approximately \$12 million in federal McKinney funding is leveraged with nearly \$56 million in local General Fund resources for the Addressing Homelessness Budget Control Level. The Office of Immigrant and Refugee Affairs, in addition to the \$400,000 in CDBG Funds, will be allocated \$22,500 in General Funds to provide for bi-lingual and language friendly teaching assistance services in the Ready to Work program.

If appropriate, describe publicly owned land or property located within the jurisdiction that may be used to address the needs identified in the plan.

The City has undertaken various planning efforts to review the utilization of available / surplus municipal property from which services may be provided to homeless persons. Two notable examples include a permanent shelter in a City-owned facility and the establishment of authorized encampment sites.

The first authorized encampments for people experiencing homelessness were established on city-owned property in the Ballard and Magnolia neighborhoods in 2015, serving about 80 people on any given night. This and two other sites were established in 2015 serving roughly 165 people on any given day. Following the success of these three sites, three more opened in spring 2017 and two additional

sites are scheduled to open in 2018. All the encampments are operated on a self-management model, with a local nonprofit organization acting as fiscal sponsor.

In 2017, The City of Seattle Human Services Department provided \$1.8M in funding to create a Seattle Navigation Center intended to serve at least 75 people at a time with increases in funding and people served each year since then. The Navigation Center is modeled on the San Francisco Navigation Center which is a dormitory-style living facility that provides people living outside with shower, bathroom, laundry and dining facilities, and a place to store their belongings. Additionally, the Navigation Center provides round-the-clock case management, mental and behavioral health services, and connections to benefit programs and housing all in one location. The staff on site offer support for basic needs like shelter, hygiene, meals, secure and accessible storage, case management, and supportive services including meaningful referrals for substance abuse and mental health.

Discussion

The City's use of the Consolidated Plan funds is based on the purpose of the funds, eligible activities, and those of other financial resources available to the City, such as our housing levy, families and education levy, and general fund. We try to match the fund source to its best use in the context of all the other funds. Our contingency plan is found in Section AP-35. If necessary due to unanticipated revenue changes (either in the allocation or in program income) that necessitate a substantial amendment, formal City budget action will take place to adjust affected budget authorizations to departments.

AP-35 Projects – 91.220(d)

Introduction

This annual action plan is developed in the context of the City of Seattle’s overall budget of \$5.9 billion, of which \$1.3 billion is from our local General Fund. Given all available resources and needs, the City has determined that these proposed uses of Consolidated Plan funds give us the greatest opportunity to achieve the City’s goals, meet its responsibilities, and address the needs of low- and moderate-income residents. CDBG-funded public services projects, and projects funded with ESG and HOPWA, have been or will be reviewed and selected via competitive "requests for investments" processes to ensure that the proposed services lead to the positive client outcomes

Table 7 - Project Information

Describe the reasons for allocation priorities and any obstacles to addressing underserved needs.

These allocations are based on needs analyses, the availability of other funds targeted to various needs, the purpose of the Consolidated Plan funds, and the availability of City General Funds to meet a wide variety of needs.

Should HUD revenues (either annual allocation or program income) exceed the planned amount, the additional resources shall be allocated in accordance with these funding guidelines.

- Mitigate the funding reductions applied to various CDBG programs, grant administration, and planning efforts over the past several years in response to diminishing resources.
- Maximize use of funds for public services to the extent prudent to address gaps in funding for services for homeless persons (such as emergency shelter and day / hygiene services) and other low- and moderate-income households.
- Increase funding for those physical development activities (housing, community facilities, parks, economic development) that do not require on-going annual funding. To the extent possible, the City shall avoid development of a CDBG operating expense base that cannot be sustained if the federal government fails to maintain future CDBG funding at the current levels.

Should HUD revenues come in lower than planned, the City will continue its policy that the priority for managing decreases in CDBG resources will, to the extent possible, be to reduce funding allocations in physical development and/or administrative activities and not in public services.

- The HUD funding reductions shall be made in planning, administration, and/or physical development programs, including program delivery costs. One-time-only capital projects are most likely to experience reduced allocations of any HUD revenue decrease. Funding reductions may be applied across-the-board among physical development programs. Reductions in administration and planning will be done to the extent that they will not substantially impair the City's ability to manage the Consolidated Plan funds in an accountable manner.
- Comply with expenditure cap limitations on public services and planning and administration.
- The City will explore any other possible areas of savings or reductions that have a minimal impact on sustaining current levels of program operations and services. The Federal Grants Manager shall work with affected City programs in identifying and capturing prior year CDBG under-expenditures.

If increases are not substantial or significant enough to enhance or fund an activity, funds may be placed in contingency for programming late in the year or in the next program year.

If a local "urgent needs" event and/or a state or federally declared disaster occurs, federal grant funds which are allocated but not yet distributed and expended may be reprogrammed to address otherwise HUD eligible activities that address the disaster conditions. Such a response would not be treated as a

Substantial Amendment to this Plan but would be handled according to the Citizen Participation Plan adopted as part of this Consolidated Plan (see attachments). See AP-90 for applicability of the Residential Anti-displacement and Relocation Assistance Plan (RARAP).

5	Project Name	HSD 2019 Minor Home Repair
	Target Area	
	Goals Supported	AFH/CPD: Provide housing/services to seniors

Needs Addressed	AFH: Displacement due to economic pressure AFH: Insufficient Investment in Affordable Housing AFH: Lack of Afford, Access. Hsg in Range of Sizes AFH: Access to financial services AFH: Impediments to mobility AFH: Scarcity/High Costs of Land AFH: Lack of Hsg Accessibility Modification Assist
Funding	CDBG: \$449,917
Description	Provide minor home repairs to qualifying low- and moderate-income homeowners for safety and health-related repairs to their homes via sub-recipient service providers.
Target Date	12/31/2019
Estimate the number and type of families that will benefit from the proposed activities	Programs and activities supported by these funds are specifically intended to benefit low- and moderate-income seniors and younger disabled adults. These persons are disproportionately underserved and from communities of color. Economic and community development activities will specifically target historically disadvantaged neighborhoods and business districts. It is estimated 550 homeowners in 2019 will be assisted with this minor home repair program, enabling the homeowner to stay in their home longer, as well as preserve older housing stock in Seattle. This program has been funded at the same level since 2014 with CDBG funding and historically assisted a majority of households of color throughout Seattle. Specifically, 67% of 556 households assisted in 2016 identified as households of color: 65% of 623 for 2015, 64% of 673 in 2014, and 65% of 682 in 2013, and 66% of 709 households in 2012. It is anticipated that a similar percentage of households assisted will also identify as households of color in 2019. Historically this program has assisted homeowners of which 85% identify as senior and of which over 60% are Female Heads of Household. Additionally, over 80% of the households have incomes that are half (50%) of Area Median Income; a 2-person household makes less than \$40,100 annually in 2018.
Location Description	City of Seattle, Human Services Department, 700 5th Ave, Seattle, WA 98104. The program benefits low-moderate income homeowners throughout Seattle. Applicants apply for assistance, then individual eligibility is determined.

	Planned Activities	The Minor Home Repair program serves younger disabled homeowners, low-income family homeowners, and older adult homeowners who are faced with the challenge of affording home repairs. Subrecipient staff provide parts and labor to make minor home repairs for homeowners who are on limited incomes. Subrecipient staff conduct an assessment and implementation of minor repairs on owner-occupied housing. Repairs include, but are not limited to, fixing leaking pipes, replacing broken sinks, rebuilding broken steps, replacing broken doors and window panes, building wheelchair ramps, and installing grab bars.
6	Project Name	OH 2019 Home Repair Program & Staffing
	Target Area	
	Goals Supported	AFH/CPD:Resources for at-risk renters/owners
	Needs Addressed	AFH: Displacement due to economic pressure AFH: Access to financial services AFH: Impediments to mobility
	Funding	CDBG: \$605,462
	Description	Provide major home repair financial assistance to qualifying low- and moderate-income homeowners, to help them maintain their homes so that they can continue to live there.
	Target Date	12/31/2019
	Estimate the number and type of families that will benefit from the proposed activities	Approximately 30 homeowners will receive financial assistance for major home repair. Assisted households typically include seniors and others on low, fixed incomes. The Home Repair Loan Program helps prevent displacement of low-income homeowners by helping them remain safely in their homes. Homeowners of color are more likely than their white counterparts to be severely cost burdened, meaning that they pay more than 50% of their income towards housing. Therefore, homeowners of color may be more likely to not have access to resources needed for critical home repairs like roof replacements or side sewers.
	Location Description	Homeowners will apply to the Office of Housing for home repair loans throughout 2019. Project locations will be reported after home repair loans are completed.
	Planned Activities	Financial assistance in the form of loans to qualifying homeowners. Program development, financial management, and data reporting activities in support of the Home Repair Program.

7	Project Name	OH 2019 Homebuyer Education and Counseling
	Target Area	
	Goals Supported	AFH/CPD: Promote financial security for LMI HHS
	Needs Addressed	AFH: Displacement due to economic pressure AFH: Access to financial services AFH: Impediments to mobility AFH: Lack of Educational/Employment Spprt for LMI
	Funding	CDBG: \$217,000
	Description	Support Community Based Development Organization (CBDO) costs of providing education for first-time low- and moderate-income homebuyers
	Target Date	12/31/2019
	Estimate the number and type of families that will benefit from the proposed activities	<p>These services are affirmatively marketed to make them available to homebuyers and homeowners of color and other historically disadvantaged Seattle residents. Ensuring that racial minorities and others who have been systematically shut out of the housing market have access to education, counseling and purchase assistance is a key tenet of this program. When low-income people and people of color have the opportunity to purchase homes at affordable prices or stay in their homes due to post-purchase counseling or foreclosure prevention resources this increases racial equity and decreases race and class disparities. It is estimated that 900 households will benefit from this program.</p> <p>400 households will attend workshops and/or receive counseling services: 180 households will attend first-time homebuyer workshops; and 220 households will receive pre- and post-purchase counseling or foreclosure prevention counseling.</p> <p>Because of these services, 10 low- to moderate income homeowners will receive foreclosure prevention assistance, and 10 low- to moderate income homebuyers will receive financial assistance to purchase a home.</p> <p>Additionally, at least 500 households will receive information and referrals regarding homeownership.</p>
	Location Description	Services will be provided to homebuyers and homeowners throughout the city, by phone and in person.

	Planned Activities	Homebuyer counseling and education services; homeowner counseling and foreclosure prevention.
8	Project Name	OH 2019 Rental Housing Program and Staffing
	Target Area

	Funding	CDBG: \$490,278 and HOME \$3,713,323
	Description	The Seattle Office of Housing will use the 2019 HOME allocation solely for the production of rental housing.
	Target Date	12/31/2019
	Estimate the number and type of families that will benefit from the proposed activities	Funding will be awarded to housing development and preservation projects through a competitive Notice of Funds Available (NOFA) process in December 2018. An estimated 57 households will be assisted, of whom an estimated 20 will be homeless households. Funded projects will serve low-income households, including formerly homeless households, for 50 years or more. These are households with incomes at or below 60% of AMI who are disproportionately people of color and disproportionately cost burdened. These households also include other protected classes, such as seniors and people with disabilities who are living on low, fixed incomes. Housing will be affirmatively marketed to ensure access by disadvantaged groups. Homeless housing will serve households assessed and referred through in the Continuum of Care's coordinated entry system.
	Location Description	Funding will be awarded to housing development and preservation projects through a competitive Notice of Funds Available (NOFA). Project locations will be determined at that time.

	Planned Activities	This year's allocation of HOME funds will likely go towards the production of approximately 20+ units of rental housing, some of which may be developed by a CHDO. The CDBG funds will be used, with other funds, to rehab up to 34 units of multi-family housing in the Delridge neighborhood: Funds will be used for capital financing related to construction, acquisition and rehabilitation of affordable rental housing for low-income households.

	Funding	CDBG: \$160,972 and HOME \$329,841
	Description	Support OH staff costs associated with CDBG and HOME program planning administration, and contracted services.
	Target Date	12/31/2019
	Estimate the number and type of families that will benefit from the proposed activities	The Consolidated Plan funds are used to benefit the 704,352 residents of the City of Seattle (2016 Population Estimates, US Census Bureau), specifically targeting the needs of the 237,285 Low-Moderate-Income residents of Seattle (FY 2017 LMISD by Grantee - Summarized Block Group Data, Based on 2006-2010 American Community Survey). Programs and activities supported by these funds in the Office of Housing are specifically intended to address affordable housing needs that benefit low- and moderate-income and homeless persons and families. These persons and families are disproportionately underserved and from communities of color.
	Location Description	City of Seattle, Office of Housing, 700 5th Ave, Seattle, WA 98104
	Planned Activities	Provide internal staffing capacity to adequately and effectively manage and administer the HOME and CDBG funds that the Office of Housing manages; including program planning, administration and contracted services.
10	Project Name	OED 2019 Neighborhood Business District - Only in Seattle
	Target Area	
	Goals Supported	CPD: Increase Small Business Assistance

Needs Addressed	AFH: Scarcity/High Costs of Land AFH: Lack of Educational/Employment Spprt for LMI AFH: Lack Private Investment in Specific Neighbhds
Funding	CDBG \$1,440,961
Description	The Only in Seattle Initiative provides grants and services to foster inclusive neighborhood business districts that allow small businesses to thrive. The Initiative focuses on supporting district stakeholders to organize around a common vision for their district and take action. Includes planning and administration that supports the Only in Seattle Initiative.
Target Date	12/31/2019
Estimate the number and type of families that will benefit from the proposed activities	Two staff people and 1 or 2 consultants will provide support, assistance and oversight in approximately 9 business districts. 200 small businesses are located within the business districts served with CDBG and benefit from the work. Seattle is experiencing rapid redevelopment, particularly in urban villages and business districts. Although some areas of Seattle have not seen the same level of redevelopment, particularly in areas of historic disinvestment, the rapid rise in real estate costs has pushed higher income people into these less-expensive areas and pushed lower-income residents and businesses out of Seattle. The projects in the Only in Seattle program focus on preventing displacement of small businesses of color. This is accomplished by organizing district stakeholders to create a shared vision, developing strategies to address priorities and intentionally reaching out to businesses and connecting them to services. This allows local businesses, property owners, residents and organizations to drive changes and develop local support for businesses.
Location Description	RFA occurs in November 2018 to determine final neighborhoods, but the program has consistently supported the following business districts to implement comprehensive commercial district strategies: Beacon Hill, Central Area, Chinatown-ID and Little Saigon, Hillman City, Lake City, Othello, Rainier Beach, Mount Baker, and South Park.

	Planned Activities	<p>Racial Equity in Business Districts Project: This project includes supporting several business districts to conduct in-language outreach to local small businesses, to learn challenges they are facing and support with services. The project also includes a training cohort in racial equity and implicit bias to build awareness and provide tools for business district leaders to build more equitable organizations and practices. In 2019, approximately 3-5 business districts will receive outreach support and 15-20 business district leaders will receive training.</p> <p>Commercial District Strategies: Approximately 9 business districts receive CDBG funding to develop and implement plans that support local businesses. Typical outcomes include, connecting businesses to technical assistance, supporting businesses with marketing strategies, and helping them resolve issues they are facing. Will also explore feasibility of King Street station project.</p>
11	Project Name	OED 2019 Small Business Support
	Target Area	
	Goals Supported	CPD: Increase Small Business Assistance
	Needs Addressed	<p>AFH: Access to financial services</p> <p>AFH: Scarcity/High Costs of Land</p> <p>AFH: Lack of Educational/Employment Spprt for LMI</p>
	Funding	CDBG: 784,881
	Description	<p>Support delivery of technical assistance in the form of business assistance, marketing support, and one-on-one technical support to small business entrepreneurs in the retail, restaurant or service sectors that are located in low- and moderate-income neighborhoods.</p> <p>Additionally, provide direct financial assistance to qualifying microenterprises and small businesses for job creation and retention and services to disadvantaged communities.</p>
	Target Date	12/31/2019
	Estimate the number and type of families that will benefit from the proposed activities	<p>Approximately 100 small businesses will be supported with technical assistance. The program prioritizes outreach for business technical assistance to women, minority and immigrant owned businesses.</p> <p>Approximately 20 microenterprises will be supported with financing.</p>
	Location Description	Citywide

	Planned Activities	Financing will be provided citywide to low- and moderate-income owned businesses (microenterprises), prioritizing outreach for financing to women, minority and immigrant owned businesses. Financing tools may take the form of Individual Development Accounts for Businesses, a form of matched savings program that combines business savings, technical assistance and matching funds (i.e., CDBG funds). Financing will also be provided as interest subsidy on microenterprise loans. Business technical assistance will be provided citywide to low- and moderate-income owned businesses (microenterprises), businesses in low- and moderate-income areas and immigrant owned businesses. Services could include lease education, business plan development, and financial management training. Will work with OPCD to leverage Othello Project for equitable development.
12	Project Name	Parks 2019 Parks Upgrade Project
	Target Area	
	Goals Supported	CPD: Access to Nature and Physical Activities
	Needs Addressed	AFH: Displacement due to economic pressure AFH: Lack Public Investment in Specific Neighbhds. AFH: Impediments to mobility AFH: Inaccessible Government Facilities/Services AFH: Inaccessible Infrastructure AFH: Location of Environmental Health Hazards
	Funding	CDBG \$808,000
	Description	Provide capital improvements, renovation and ADA improvements in neighborhood parks serving qualifying low- and moderate-income neighborhoods.
	Target Date	12/31/2019
	Estimate the number and type of families that will benefit from the proposed activities	Park improvements occur in parks that serve low-income neighborhoods. The neighborhoods disproportionately serve people of color and other historically disadvantaged people. The residents within an approximate 1.5-mile radius of each park benefit from the improvements.
	Location Description	Location for park improvements to be determined in early 2018.
	Planned Activities	Installation of up to 9 park improvements including but not limited to safety fencing, paths, ADA compliance, and improved landscaping.

13	Project Name	OIRA 2019 Ready to Work

	Estimate the number and type of families that will benefit from the proposed activities	The total number of families served is estimated to be 150. Participants will be English language learners in need of stable employment and ongoing access to English language learning programs. Currently immigrant and refugee jobseekers who have low levels of English language proficiency succeed in college certificate, job training, and basic skills programs at a significantly lower rate than native-born English proficient individuals. The outcomes of this program will demonstrate course completion and educational advancement rates that exceed those of traditional college-based ESL programs.
	Location Description	Classes and services will be provided at 1.) Asian Counseling and Referral Service, 3629 Martin Luther King Dr. South, Seattle, WA 98144 and 2.) Rainier Beach Public Library, 9125 Rainier Ave. South, Seattle, WA 98119.
	Planned Activities	Via a CBDO, and subcontracted CBOs, provide English language learning classes and employment services including outreach, learning assessments, classroom instruction, case management, educational and career planning, job placement and employer engagement to support the program.
14	Project Name	OPCD 2019 Equitable Development Initiative
	Target Area	
	Goals Supported	AFH: Promote equitable growth in new development
	Needs Addressed	AFH: Lack Public Investment in Specific Neighbhds.
	Funding	CDBG: \$1,430,000

	Description	Provide support for community-based organizations pursuing investment strategies that will mitigate displacement within high-risk neighborhoods.
	Target Date	12/31/2019
	Estimate the number and type of families that will benefit from the proposed activities	<p>Funding will be awarded to eligible organizations through a competitive Notice of Funds Availability (NOFA) process in early 2019. CDBG funds will support at least 2 neighborhoods pursuing an anti-displacement strategy.</p> <p>The EDI Fund addresses displacement and the unequal distribution of opportunities to sustain a diverse Seattle. The EDI fosters community leadership and supports organizations to promote equitable access to housing, jobs, education, parks, cultural expression, healthy food and other community needs and amenities. The EDI Framework integrates people and place to create strong communities and people, as well as great places with equitable access. The Framework, with its equity drivers and outcomes, functions as an analytical tool to guide implementation to reduce disparities and achieve equitable outcomes for marginalized populations. The following are the indicators that inform the displacement Risk Index that EDI projects are focusing on:</p> <ol style="list-style-type: none"> 1. People of color: Percentage of population that is not non-Hispanic White. 2. Linguistic isolation: Percentage of households in which no one 14 and over speaks English only or no one 14 and over speaks both a language other than English and English "very well." 3. Low educational attainment: Percentage of population 25 years or older who lack a bachelor's degree. 4. Rental tenancy: Percentage of population in occupied housing units that are renters. 5. Housing cost-burdened households: Percentage of households with income below 80% of AMI that are cost burdened (> 30% of income on housing) and Percentage of households with income below 80% of AMI that are severely cost burdened (> 50% of income on housing) 6. Household income: Percentage of population with income below 200% of poverty level 7. Proximity to transit: Number of unique transit trips within 0.25-mile walking distance of a location

AP-50 Geographic Distribution – 91.220(f)

Description of the geographic areas of the entitlement (including areas of low-income and minority concentration) where assistance will be directed.

At present, the City is not implementing any official HUD designated geographic based priority areas such as NRSAs or Empowerment Zone or Brownfields. Allocations and program activities are funded City-wide in accordance with eligibility and program priorities set through sub-recipient departments policies. Going forward, however, there will be intentional application of the following principles to help address the disparities of access to services, housing and community infrastructure identified through:

1. Disparities identified through the 2017 City and Seattle Housing Authority's Assessment of Fair Housing analysis in terms of geographic equity in access to private and publicly supported housing, services and community assets. In many cases this will be based on the need to balance City-wide access; but it will also prioritize those investments that address the current and future boundaries that HUD maps and data determine fall into Racial/Ethnically Concentrated Areas of Poverty. Other issues, such as improving access and reducing impact on people with different abilities could focus on system-level improvements without being tied to specific geographic locales such as Transit Improvement that are primarily driven by urban planning and growth management principles but need to address disparate impact on people with different abilities, *regardless* of location.

2. The City's Economic Equity Development Initiative (EDI); also, part of the AFH work plan; the EDI is being implemented specifically to address disparities in communities of color (which may also represent LMI areas). Based on the City's ongoing commitment to operationalizing Race and Social Justice principles, the EDI will focus on community generated priorities for facilities improvements, job development, and economic parity in sharing the City's prosperity and amenities specifically from the standpoint of current and developing area of communities of color.

3. The Mandatory Housing Affordability ordinance and implementation. In order to realize affordable housing goals in the mix of all residential and commercial development across the City, the Office of Planning and Community Development in consultation with many other departments and Seattle Housing Authority will implement a series of upzones in areas of the City deemed "high opportunity" areas (mainly based on transit access and growth management goals) where higher density development will be required in conjunction with incentives and required production of units of affordable housing by private and public developers. As each upzone happens through the Mayor's Office and Council; that area may rise in priorities for investment of CDBG/HOME, State trust fund or local Levy funding. The HUD federal grants may be used for eligible high priority developments that

directly benefit LMI households.

Geographic Distribution

Target Area	Percentage of Funds

Table 8 - Geographic Distribution

Rationale for the priorities for allocating investments geographically

See answer to question one above. In addition, where activities might impact HUD identified Racial/Ethnically concentrated area of Poverty (R/ECAPS) we want to suggest a broader approach to those neighborhoods. The 2017 Assessment of Fair Housing suggested that it's good to pay attention not only to areas currently meeting R/ECAP criteria, but also areas of the city that are close to meeting the R/ECAP criteria **and** to areas that have come out of R/ECAP status.

- Areas of micro-segregation and economic disadvantage can be masked with data at the Census Tract level.
- A Census Tract can land inside or outside of the criteria for R/ECAPs as an artifact of the high margins of error in the ACS estimates used to test for R/ECAP status. (The tract-level margins of error for poverty rate HUD used to identify R/ECAPs averages +/- 9 to 10 percentage points.)

Additionally, it's helpful to keep in mind that former R/ECAPs may be rapidly gentrifying areas with high displacement risk. Example: in 1990, Census Tract 87 in the Central Area/Squire Park area was a R/ECAP; as of the 2009-2013 5-year ACS, this Census Tracts was no longer a R/ECAP.

Discussion

Regardless of focus on a particular geographic area which is an official HUD designation like an empowerment zone, or Brownfield urban renewal area, this Consolidated Plan will prioritize projects that meet the following criteria:

- Meet one or more of the established Consolidated Plan Goals for 2018-2022.
- Address and/or mitigate issues identified in the 2017 Assessment of Fair Housing.
- Proactively address the Race and Social Justice impact questions included in SP- 25 and SP-25.
- Address the needs of a City R/ECAP (geographic area that is disproportionately represented by

people of color who are in poverty).

- Leverage the work of other City and/or SHA adopted plans or initiatives.

Affordable Housing

AP-55 Affordable Housing – 91.220(g)

Introduction

The goal numbers presented here reflect activities to be funded with federal funds through the Seattle Office of Housing (OH) and Human Services Department (HSD). OH funds production and preservation of affordable rental housing, including rehabilitation of existing low-income housing. OH also funds rehabilitation of owner-occupied homes. HSD funds rental assistance such as rapid rehousing programs for homeless households with a variety of federal sources, as well as minor home repair for low- and moderate-income homeowners. The Special-Needs includes Tenant Based Rental Assistance (TBRA) and Short-Term Rent, Mortgage and Utility Assistance (STRMU) through the Housing Opportunities for People with AIDS (HOPWA) program. The rental assistance goal excludes certain homelessness prevention activities funded by HSD using city fund sources.

Discussion

Affordable housing assistance programs implement many of the goals of the 2017 Assessment of Fair Housing and this Consolidated Plan by assisting people who are experiencing homelessness and other high needs groups, and by providing housing in areas with access to high opportunity and areas at high risk of displacement.

Funding for rental housing production and preservation is awarded following the priorities and

procedures adopted in OH's Housing Funding Policies (link in PR-10 of the Consolidated Plan).

The funding supports housing that will serve seniors and people with disabilities; low-wage workers and their families; and adults, families and youth/young adults experiencing homelessness, including chronically homeless people with disabilities. Housing is funded throughout the city, meeting fair housing goals to increase housing options in areas that afford access to opportunity, as well as preserve and increase housing in areas where residents are at high risk of displacement. Rehabilitation funding is also available for existing low-income rental housing needing major systems upgrades to extend the life of buildings that serve extremely low-income residents.

Funding for housing rehabilitation loans and grants is also made available following priorities and procedures in OH's Housing Funding Policies (see above). Assistance is available to low-income homeowners, including seniors on fixed income and other homeowners at risk of displacement. The program prioritizes repairs that address immediate health and safety issues and other urgent repairs that will result in increased cost and unhealthy living conditions if left unaddressed.

AP-60 Public Housing – 91.220(h)

Introduction

Seattle Housing Authority (SHA) provides affordable housing and rental assistance to more than 34,000 people, including 29,000 people in neighborhoods throughout the city of Seattle. Most SHA households are served through Low Income Public Housing (LIPH) and Housing Choice Vouchers (also referred to as Section 8 or HCV).

Actions planned during the next year to address the needs to public housing.

Seattle Housing Authority (SHA) provides affordable housing and rental assistance to more than 34,000 people, including 29,000 people in neighborhoods throughout the city of Seattle. Most SHA households are served through Low Income Public Housing (LIPH) and Housing Choice Vouchers (also referred to as Section 8 or HCV).

Actions to encourage public housing residents to become more involved in management and participate in homeownership.

Residents play an active role at SHA. SHA Community Builders support residents in becoming involved in management, working with interested residents to form and sustain elected resident councils and issue-specific work groups to collaborate with management on issues of common interest. In addition, most communities send representatives to the Joint Policy Advisory Committee (JPAC), which SHA regularly consults on major policy issues, as well as the Senior Advisory Committee. Residents are also involved in planning for the use of HUD's Resident Participation Funds.

If the PHA is designated as troubled, describe the manner in which financial assistance will be provided or other assistance.

Seattle Housing Authority is not a troubled PHA.

Discussion

SHA maintains a safe and healthy living environment for its residents. However, limited funding

continues to present challenges.

AP-65 Homeless and Other Special Needs Activities – 91.220(i)

Introduction

Seattle is responding to the needs of persons experiencing homelessness through a coordinated Continuum of Care. The City invests in services to prevent homelessness and to help homeless people access and retain permanent, affordable housing with direct grants through contracts with community-based organizations. The City also invests in the development of affordable, permanent housing for homeless and low-income individuals and families.

The one-year Action Plan goals and action steps for 2019 implements priorities through planning, program development, investment, and contract monitoring of projects in three strategic investment areas:

- Homelessness Prevention – Providing diversion assistance to prevent people from becoming homeless and needing to enter the shelter.
- Homeless Intervention Services – Connecting people who are homeless with rapid rehousing and housing navigation resources to increase safety and access to housing.
- Housing Placement, Stabilization, and Support – Moving people rapidly into housing and providing support when needed to remain in housing. Describe the jurisdictions one-year goals and actions for reducing and ending homelessness including Reaching out to homeless persons (especially unsheltered persons) and assessing their individual needs.

The one-year goals and actions for outreach and assessment include:

1. Continuous improvement in conjunction with the All Home the Seattle/King County Continuum of Care Lead, to implement CEA coordinated entry and assessment for all. Implementing recommendations from Pathways Home and Outreach workgroup to ensure comprehensive outreach services are provided.

All homeless projects funded by the City of Seattle are required to participate in the CEA system, except for confidential shelters for victims of domestic violence. Assessment for DV confidential shelters is managed through a separate coordinated system called Day One. Investing, contracting and monitoring of funding for outreach services and day centers, drop-in centers, hygiene service centers and shelter programs adhere to department strategies in Pathways Home. These programs are responsible for reaching out to homeless persons and assessing individual needs for intervention

services, referrals to shelter and access to housing.

Describe the jurisdictions one-year goals and actions for reducing and ending homelessness including:

Reaching out to homeless persons (especially unsheltered persons) and assessing their individual needs

2019 priorities one-year goals and actions for outreach and assessment include:

1. Planning and program development, in conjunction with All Home the Seattle/King County Continuum of Care Lead, to implement coordinated entry and assessment (CEA) for all populations, including families, youth/young adults and single adults.
2. Implementation of outreach continuum workgroup recommendations to ensure that outreach providers can connect people living unsheltered to the full array of services needed to end their homeless situation.

All projects funded by the City of Seattle who serve homeless individuals are required to participate in the CEA system, which is integrated with HMIS, except for confidential shelters for victims of domestic violence. Assessment for DV confidential shelters is managed through a separate coordinated system called Day One. HSD is conducting a competitive funding process for outreach services and day centers, drop-in centers, hygiene service centers and shelter programs in 2017. These programs are responsible for reaching out to homeless persons and assessing individual needs for intervention services, referrals to shelter and access to housing. Projects funded by Consolidated Plan funding resources are listed in AP-38, Project Summary.

City of Seattle also provides local general fund resources to other projects and programs (listed and updated on the city of Seattle HSD Webpage which address the emergency shelter and transitional

housing needs of homeless people.

Addressing the emergency shelter and transitional housing needs of homeless persons

The City and its community partners are committed to:

1. Increasing access to shelter services to move people inside more quickly via an expanded outreach effort dedicated to working with people living in encampments throughout the City. The navigation team is composed of 12 Seattle police officers and 8 outreach workers. The team is deployed daily to encampments throughout the City to address public health and safety risks, connect people with shelter options, refer to services for mental health/substance abuse, and housing navigation. Implementing "pay for performance" expectations of service providers to increase exits to permanent housing will be implemented in contracts. Contracted providers must meet minimum standards to ensure full quarterly reimbursement for services. Standards for emergency services are 40% of singles move to PH and 65% of families move to permanent housing, 35% of youth and young adults move to permanent housing. Length of stay in shelter target is 90 days or less, return rate to homelessness target is less than 10% of families and 20% of youth and young adults become homeless again. Increasing training and support of shelter service providers to address the needs of long-term shelter stayers; through critical time intervention and motivational interviewing. These trainings are emerging best practices identified by the National Alliance to End Homelessness, and critical component of our systems transformation work under the Pathways Home framework.

Helping homeless persons (especially chronically homeless individuals and families, families with children, veterans and their families, and unaccompanied youth) make the transition to permanent housing and independent living, including shortening the period of time that individuals and families experience homelessness, facilitating access for homeless individuals and families to affordable housing units, and preventing individuals and families who were recently homeless from becoming homeless again

1. Investing, contracting and monitoring of funding in housing placement, stabilization & support services. This includes financial assistance via rapid rehousing, housing navigation services designed to move a homeless household quickly into permanent, "non time-limited" housing; and housing focused services such as case management, housing advocacy, search and placement services for short-term or ongoing support to households to stabilize, move into housing. Programs are designed to rapidly rehouse and stabilize homeless individuals, families, and youth/young adults and special needs populations, including persons with HIV/AIDS, in housing with the most appropriate level and duration of service intervention(s). Projects funded by Consolidated Plan funding resources are listed in AP-38, Project Summary. City of Seattle also

provides local general fund resources to other projects and programs (listed and updated on the city of Seattle HSD Webpage. Planning, program development and system coordination in conjunction with the All Home the CoC Lead to implement initiatives aimed at reducing homelessness among families with children, youth/young adults, chronically homeless individuals, and persons living with HIV/AIDS (HIV/AIDS Housing Committee and Ryan White Planning and Implementation groups). Implementation of Pathways Home the city's strategic plan to address homelessness.

Helping low-income individuals and families avoid becoming homeless, especially extremely low-income individuals and families and those who are: being discharged from publicly funded institutions and systems of care (such as health care facilities, mental health facilities, foster care and other youth facilities, and corrections programs and institutions); or, receiving assistance from public or private agencies that address housing, health, social services, employment, education, or youth needs.

1. Investing, contracting and monitoring of funding in Homelessness Prevention programs that provide financial assistance and housing services, such as case management, search and placement services for short-term or ongoing support to households to stabilize, move into housing. Prevention programs assist individuals, families, youth/young adults and special needs populations, including persons with HIV/AIDS, who are at greatest risk of becoming homeless. Projects funded by Consolidated Plan funding resources are listed in AP-38, Project Summary. City of Seattle also provides local Housing Levy funding with federal funding, such as ESG to support these prevention programs (listed and updated on the city of Seattle HSD Webpage. Planning, program development and system coordination in conjunction with All Home, the CoC lead on implementation of initiatives that prevent homeless families with children, homeless youth/young adults, chronically homeless individuals, and households at-risk of homelessness. Coordinating homelessness prevention and discharge planning programs and protocols. Discharge planning/protocols in place for health care, mental health institutions, corrections, and foster care systems are included in Section MA-35, Special Needs Facilities and Services.

Discussion

Funding to agencies described in the action plan is provided in the form of a contract between the recipient agency and the Seattle Human Services Department (HSD). The contract contains terms and conditions of funding, reporting and invoicing requirements, performance expectations and service delivery levels, record keeping responsibilities, and consent to on-site monitoring as requested by the

City.

HSD makes funding awards through procurement processes called Requests for Investments (RFIs). An RFI is an open and competitive funding allocation process in which HSD will set the desired outcomes and agencies respond by submitting a proposal requesting an investment to achieve these outcomes by providing specific program or project services.

The specific requirements for requests for funding will be detailed in procurement materials. Funding opportunities and materials are posted on the HSD Funding Opportunities web page. Requests for Investments indicate the amount and type of funding anticipated for specific investment areas, investment outcomes, priorities for investments and program models, eligible activities and performance requirements for contracts awarded through the RFI. All agencies submitting proposals for investment through the competitive RFI demonstrate their ability to deliver established outcomes for clients by providing specific services.

Applications in each process are reviewed for ability to deliver services that meet investment outcomes and goals. Applicants are also asked to demonstrate how they will incorporate specific standards and principles, such as cultural and linguistic relevance, in their program model.

AP-75 Barriers to affordable housing – 91.220(j)

Introduction:

The 2017 City of Seattle (City) and Seattle Housing Authority (SHA) Assessment of Fair Housing (Assessment) responds to the requirements of HUD's December 2015 Final Rule requiring jurisdictions to make a baseline assessment of their compliance with Affirmatively Furthering Fair Housing. The Assessment requirements in 24 CFR 5.150 through 5.180 make clear that HUD's purpose in adopting the new rule is to ensure that public and private policies, programs, contracting and resource allocations: 1) take "meaningful action" to affirmatively further fair housing and economic opportunity; and 2) remove barriers to compliance with the Fair Housing Act of 1968 (FHA); and 3) not take action that is inconsistent with the duty to further fair housing.

To complete this assessment, the City and SHA used HUD's prescribed Assessment Tool to analyze HUD-provided maps and data, identify contributing factors that "cause, increase, contribute to, maintain, or perpetuate segregation, racially or ethnically concentrated areas of poverty, significant disparities in access to opportunity, and disproportionate housing needs" by Federal protected class members (24 CFR 5.154a and 5.154d(4)). This data analysis combined with the input gained through multiple community engagement efforts to develop the Fair Housing Goals and Priorities integrated into this Assessment. The City and SHA have long been committed to the principles of equity and compliance with the Fair Housing Act of 1968 and related civil rights laws. People who live and work here in the public and private sectors of this city and region are known for a progressive approach to fair housing and equity issues.

HUD requires the full integration of the 2017 AFH results, goals and adopted work plan (as approved by HUD - Fair Housing Equal Opportunity Office on July 25th, 2017) as an on-going part of the regular HUD reporting and allocation cycle for federal HUD grants governed by this 2018-2022 Consolidated Plan. The CP Goals, Project Activities for the 2018 Annual Action Plan, housing and services needs assessments and market analysis components and all questions related to barriers to affordable housing are now "answered" by the detailed report which can be accessed at <http://www.seattle.gov/humanservices/funding-and-reports/resources/community-development-block-grant---assessment-of-fair-housing>.

Actions it planned to remove or ameliorate the negative effects of public policies that serve as barriers to affordable housing such as land use controls, tax policies affecting land, zoning ordinances, building codes, fees and charges, growth limitations, and policies affecting the return on residential investment.

HUD requires the AFH to address prioritized Contributing Factors (which include public and private action or inaction regarding public policies, land use controls, tax policies affecting land zoning

ordinances, growth limitations, etc.) by developing fair housing Goals and Objectives which the City adopted via the AFH; to eliminate or mitigate the fair housing issues and conditions identified in the community engagement and data analysis phases of the assessment. The City and SHA strategies to address the "contributing factors" are detailed in the 2017 AFH Goals and Objectives Matrix that is attached to the 2018-22 Consolidated Plan as a supplemental document, see section AD-25. The following list highlights the City and SHA identified factors.

- Access to financial services
- Access to proficient schools for persons with disabilities
- Access to publicly supported housing for persons with disabilities
- Access to transportation for persons with disabilities
- Admissions and occupancy policies and procedures, including preferences in publicly supported housing
- The availability of affordable housing units in a range of sizes
- The availability, type, frequency and reliability of public transportation
- Community opposition
- Displacement of residents due to economic pressures
- Inaccessible buildings, sidewalks, pedestrian crossings, or other infrastructure
- Inaccessible government facilities or services
- Lack of community revitalization strategies
- Lack of local private fair housing outreach and enforcement
- Lack of local public fair housing enforcement
- Lack of private investment in specific neighborhoods
- Lack of public investment in specific neighborhoods, including services or amenities
- Land use and zoning laws
- Lending Discrimination
- Location of employers
- Location of environmental health hazards
- Location of proficient schools and school assignment policies
- Location and type of affordable housing
- Occupancy codes and restrictions
- Private discrimination
- Siting selection, policies, practices and decisions for publicly supported housing
- Source of income discrimination

Discussion:

As the City and SHA proceed with implementation of the 2017 Assessment of Fair Housing Goals and Priorities it must take into consideration the following challenges which require balancing potentially

competing strategies.

- HUD calls for a balanced approach to Affirmatively Furthering Fair Housing. HUD is not “prescriptive in the actions that may affirmatively further fair housing, program participants are required to take meaningful actions to overcome historic patterns of segregation, promote fair housing choice, and foster inclusive communities free from discrimination.” However, HUD makes it clear that “for a balanced approach to be successful, it must affirmatively further fair housing...specific to local context, including the actions a program participant has taken in the past.”
- Jurisdictions are to balance place-based strategies (to create equity, reduce poverty and mitigate displacement risk) and housing mobility strategies (to encourage integration and provide people in protected classes more options for housing city-wide). HUD describes place-based strategies as “making investments in segregated, high poverty neighborhoods that improve conditions and eliminate disparities in access to opportunity” and “maintaining and preserving existing affordable rental housing stock to reduce disproportionate housing needs.” Housing mobility strategies include “developing affordable housing in areas of opportunity to combat segregation and promote integration.”
- The challenge of influencing and/or changing policies, initiatives, and actions that are outside of the direct authority of a jurisdiction. For example, states generally control taxation authority rather than cities, which may impact land use and zoning regulation.
- Because HUD CDBG/HOME/HOPWA/ESG federal funds are targeted to low- and moderate-income people with specific eligibility criteria it was difficult to ensure that the AFH was not limited only to impacts on vulnerable populations. It was necessary to remind agencies, stakeholders, and participants that the AFH is about inequity and potential discrimination regardless of income on a broader scope and scale than in prior planning efforts.

It is also clear that the federal government’s role is changing. Shifting priorities in direct federal allocations; decreasing priority for enforcement of fair housing violations; and cuts in funds for domestic programs which directly impact protected classes will leave cities in a vacuum of resources to address the issues identified in Assessments.

Actions planned to enhance coordination between public and private housing and social service agencies.

Please refer to PR-10 for previously provided answer a very similar question. In addition, the City's Human Services department (particularly Homeless Strategies and Investment Division), the Office of Housing and Seattle Housing Authority have consistent interaction, project teams, and collaboration on RFPs, contracting, monitoring and joint reporting which sustains the commitment to our coordination.

Discussion:

The City encourages HUD staff to take the Consolidated Plan as written, in its entirety with reference to multiple other major plans, as substantial evidence of a broad range of approaches, funding priorities, leveraged activities, and system efficiency toward the federally mandated goals of the CDBG/HOME/HOPWA/ESG/CoC-McKinney and all state and local funds represented in our investments. We seek to plan for all needs, seek out the high priority and eligible activities for federal funding and make that part of the "whole cloth" overall outcomes and investments the City tries to accomplish. We encourage many City departments, the Mayor's Office and Councilmembers, City Budget Office, Seattle Housing Authority and stakeholder entities and beneficiaries to see this as the City's Consolidated Plan for federal HUD grants in the context of all other plan priorities and resource management.

Program Specific Requirements

AP-90 Program Specific Requirements – 91.220(I)(1,2,4)

Introduction:

The Seattle Human Services Department makes funding awards through procurement processes called Requests for Investments (RFIs). An RFI is an open and competitive funding allocation process in which HSD will set the desired outcomes and agencies respond by submitting a proposal requesting an investment to achieve these outcomes by providing specific program or project services. The specific requirements for requests for funding will be detailed in procurement materials. Funding opportunities and materials are posted on the HSD Web page: <http://www.seattle.gov/humanservices/funding/>. See specifically the 2017 Homeless Investments RFP at (see link in PR-10 of the Consolidated Plan) for example.

Requests for Investments indicate the amount and type of funding anticipated for specific investment areas, investment outcomes, priorities for investments and program models, eligible activities and performance requirements for contracts awarded through the RFI. All agencies submitting proposals for investment through the competitive RFI will demonstrate their ability to deliver established outcomes for clients by providing specific services.

Applications in each process will be reviewed for ability to deliver services that meet investment outcomes and goals. Applicants will also be asked to demonstrate how they will incorporate specific standards and principles, such as cultural and linguistic relevance, in their program model. Funding will be provided in the form of a contract between the recipient agency and the Seattle Human Services Department. The contract contains terms and conditions of funding, reporting and invoicing requirements, performance expectations and service delivery levels, record keeping responsibilities, and consent to on site monitoring as requested by the City.

HOME Investment Partnership Program (HOME) Reference 24 CFR 91.220(l)(2)

1. A description of other forms of investment being used beyond those identified in Section 92.205 is as follows:

No other forms of investment are contemplated for the use of the HOME funds except as identified in 92.205.

2. A description of the guidelines that will be used for resale or recapture of HOME funds when used for homebuyer activities as required in 92.254, is as follows:

US Department of Housing and Urban Development rules limit the maximum eligible sales price for HOME-assisted ownership housing to \$373,000 for homes in Seattle. In Seattle's high-cost market, there is extremely limited inventory available for income-eligible buyers. The City could request a waiver to increase the maximum sales price based on a market study reflecting the higher median sales price; however, HUD requires this study to be updated on an annual basis and the City cannot justify the costs at this time. Therefore, Seattle will use HOME funds solely for rental housing activities.

3. A description of the guidelines for resale or recapture that ensures the affordability of units acquired

with HOME funds? See 24 CFR 92.254(a)(4) are as follows:

Seattle does not utilize HOME funds for homeownership projects. See above.

4. Plans for using HOME funds to refinance existing debt secured by multifamily housing that is rehabilitated with HOME funds along with a description of the refinancing guidelines required that will be used under 24 CFR 92.206(b), are as follows:

The City does not have any plans to refinance existing debt secured by multifamily housing as described in the question, and therefore we do not have any refinancing guidelines for that activity.

Emergency Solutions Grant (ESG) Reference 91.220(I)(4)

1. Include written standards for providing ESG assistance (may include as attachment)

ESG will be governed by the requirements, priorities, and contract processes as for all other fund sources included in the 2017 Homelessness Investments RFP described in question #1 Introduction above.

2. If the Continuum of Care has established centralized or coordinated assessment system that meets HUD requirements, describe that centralized or coordinated assessment system.

The Seattle/King County Continuum of Care (CoC) has implemented a system wide coordinated entry and assessment system for all population groups. The system has been operational under a new platform since June of 2016. The CEA system is managed by King County. CEA serves all people (single adults, young adults, couples, families, and veterans) experiencing homelessness in the following situations:

- Living and sleeping outside
- Sleeping in a place not meant for human habitation.
- Staying in a shelter
- Fleeing/attempting to flee domestic violence.
- Exiting an institution where you resided for up to 90 days and were in shelter or a place not meant for human habitation immediately prior to entering that institution or transitional housing.

- Young adults who are imminently at risk of homelessness within 14 days are also eligible for CEA.
3. Identify the process for making sub-awards and describe how the ESG allocation available to private nonprofit organizations (including community and faith-based organizations).

ESG funds in the past have been used the City as part of resources prioritized for homeless intervention services. Future sub-awards of ESG funding are planned to be governed by RFP process available to all applicants; relying heavily on community based NPOs and open to faith-based organizations within the statutory limits of use of federal funds by these types of organizations.

For the first time in over a decade, The City of Seattle Human Services Department facilitated an open and competitive funding process for homelessness services and support. The Homeless Investments RFP identified agencies that provide services that support movement toward and access to permanent housing for people experiencing homelessness. \$30 million in funding is available through this RFP. Awards were given to service providers that demonstrated the ability to address the RFP Program Areas: Homelessness Prevention, Diversion, Outreach & Engagement, Emergency Services, Transitional Housing, Rapid Re-Housing and Permanent Supportive Housing, and to deliver person-centered services, show results, and address racial disparities.

4. If the jurisdiction is unable to meet the homeless participation requirement in 24 CFR 576.405(a), the jurisdiction must specify its plan for reaching out to and consulting with homeless or formerly homeless individuals in considering policies and funding decisions regarding facilities and services funded under ESG.

The Seattle / King County Continuum of Care (CoC) includes King County plus the cities of Seattle, Auburn, Bellevue, Federal Way, Kent, Renton, and Shoreline and already includes consumer input in its operations. The lead agency for the CoC is All Home, a broad coalition of government, faith communities, non-profits, the business community and homeless and formerly homeless people working together to end homelessness in King County. ESG funding decisions are coordinated with All Home, as lead CoC agency, and its Funders Group. For more information about All Home and its structure please visit its webpage at About All Home <http://allhomekc.org/about/>.

All Home brings together local governments, religious institutions, non-profits, philanthropic organizations, shelter and housing providers, the private sector and engaged citizens in a coordinated effort that both responds to the immediate crisis of homeless individuals and addresses the root causes of the problem in our region. As a critical part of that consultation, All Home includes the Consumer Advisory Council who mission is to Educate. Advocate. Inform Change. The Consumer Advisory Council (CAC) serves as a forum to incorporate consumer feedback within policy and strategic decisions and action items under the Strategic Plan. Consumers ensure that the effort to end homelessness in King County incorporates the expertise of people who experience

homelessness – including those who are at risk of becoming homeless or were formerly homeless – at all levels of implementation, evaluation, and plan revision.

5. Describe performance standards for evaluating ESG.

The City combined ESG funding with multiple fund sources in the 2017 Homeless Investments RFP. Part of the RFP requirements are "Appendix E - Minimum Performance and Target Performance Standards for sub-recipients (see full document at <http://www.seattle.gov/Documents/Departments/HomelessInvestmentsRFP/Appendix%20E%20-%20Minimum%20Performance%20Standards%20and%20Target%20Performance%20Standards.pdf>).

This document also includes System wide (for the Human Services Department), minimum and Core Outcomes for funded services to benefit homeless people by program type. Examples of performance measurements include Exit Rate to Permanent Housing, comparison of Length of Stay (days), Return Rate to Homelessness, Entries from Homelessness and Utilization Rate for singles and families and youth and Young Adults.

RESIDENTIAL ANTIDISPLACEMENT AND RELOCATION ASSISTANCE PLAN (RARAP).

Federal law requires a plan that applies to projects funded by the City of Seattle with CDBG or HOME program funds to minimize displacement of people from their homes and neighborhoods because of such projects. The RARAP also affirms that the City will comply with the requirements for relocation assistance and one-for-one replacement under Section 104(d) of the Housing and Community Development Act of 1974 ("Section 104(d)"). Terms used in the RARAP and defined in 24 CFR Section 42.305 have the meanings set forth in that Section unless the context otherwise requires. The RARAP will apply to projects undertaken as part of the anticipated project activities covered by the 2018-2022 Consolidated Plan and to any designated "urgent needs" emergency or state/federally declared disaster. For details of the RARAP please visit the Office of Housing's website (see link in PR-10 of Con).

24 CFR 91.220(l)(i)(3) HOPWA. For HOPWA funds, the jurisdiction must specify one-year goals for the number of households to be provided housing through the use of HOPWA activities for: short-term rent, mortgage, and utility assistance payments to prevent homelessness of the individual or family; tenant-based rental assistance; and units provided in housing facilities that are being developed, leased, or operated with HOPWA funds and shall identify the method of selecting project sponsors (including providing full access to grassroots faith-based and other community organizations).

Please see the 2019 AAP AP-70 for one-year goals.

The City of Seattle selects sponsors via a joint Request for Applications (RFA) process with Public Health – Seattle & King County. HOPWA and Ryan White funds are both awarded through this process:

- HOPWA is focused on housing inventory increase through rental assistance, placement and maintenance of housing, and prevention of homelessness.
- Ryan White funds the housing stability services, emergency shelter and transitional housing, and supports the connection between housing and health care.

This RFA runs on a two-year cycle. The next RFA will be released in the fall of 2020 for contracts starting Spring 2021. Funding priorities will be informed by in-depth needs assessment work conducted in 2019/2020 and then set by the *Seattle Transitional Grant Area HIV Planning Council*. This work will be in coordination with City of Seattle staff who sit on the council and represent HOPWA funding there. It will be open to all interested organizations.

Specific Community Development Block Grant Certifications

The Entitlement Community certifies that:

Citizen Participation -- It is in full compliance and following a detailed citizen participation plan that satisfies the requirements of 24 CFR 91.105.

Community Development Plan -- Its consolidated plan identifies community development and housing needs and specifies both short-term and long-term community development objectives that have been developed in accordance with the primary objective of the CDBG program (i.e., the development of viable urban communities, by providing decent housing and expanding economic opportunities, primarily for persons of low and moderate income) and requirements of 24 CFR Parts 91 and 570.

Following a Plan -- It is following a current consolidated plan that has been approved by HUD.

Use of Funds -- It has complied with the following criteria:

1. Maximum Feasible Priority. With respect to activities expected to be assisted with CDBG funds, it has developed its Action Plan so as to give maximum feasible priority to activities which benefit low- and moderate-income families or aid in the prevention or elimination of slums or blight. The Action Plan may also include CDBG-assisted activities which the grantee certifies are designed to meet other community development needs having particular urgency because existing conditions pose a serious and immediate threat to the health or welfare of the community, and other financial resources are not available (see Optional CDBG Certification).

2. Overall Benefit. The aggregate use of CDBG funds, including Section 108 guaranteed loans, during program year(s) 2020-22 [a period specified by the grantee of one, two, or three specific consecutive program years], shall principally benefit persons of low and moderate income in a manner that ensures that at least 70 percent of the amount is expended for activities that benefit such persons during the designated period.

3. Special Assessments. It will not attempt to recover any capital costs of public improvements assisted with CDBG funds, including Section 108 loan guaranteed funds, by assessing any amount against properties owned and occupied by persons of low and moderate income, including any fee charged or assessment made as a condition of obtaining access to such public improvements.

However, if CDBG funds are used to pay the proportion of a fee or assessment that relates to the capital costs of public improvements (assisted in part with CDBG funds) financed from other revenue sources, an assessment or charge may be made against the property with respect to the public improvements financed by a source other than CDBG funds.

In addition, in the case of properties owned and occupied by moderate-income (not low-income) families, an assessment or charge may be made against the property for public improvements financed by a source other than CDBG funds if the jurisdiction certifies that it lacks CDBG funds to cover the assessment.

Excessive Force -- It has adopted and is enforcing:

1. A policy prohibiting the use of excessive force by law enforcement agencies within its jurisdiction against any individuals engaged in non-violent civil rights demonstrations; and
2. A policy of enforcing applicable State and local laws against physically barring entrance to or exit from a facility or location which is the subject of such non-violent civil rights demonstrations within its jurisdiction.

Compliance with Anti-discrimination laws -- The grant will be conducted and administered in conformity with title VI of the Civil Rights Act of 1964 (42 U.S.C. 2000d) and the Fair Housing Act (42 U.S.C. 3601-3619) and implementing regulations.

Lead-Based Paint -- Its activities concerning lead-based paint will comply with the requirements of 24 CFR Part 35, Subparts A, B, J, K and R.

Compliance with Laws -- It will comply with applicable laws.

Specific Community Development Block Grant Certifications

The Entitlement Community certifies that:

Citizen Participation -- It is in full compliance and following a detailed citizen participation plan that satisfies the requirements of 24 CFR 91.105.

Community Development Plan -- Its consolidated plan identifies community development and housing needs and specifies both short-term and long-term community development objectives that have been developed in accordance with the primary objective of the CDBG program (i.e., the development of viable urban communities, by providing decent housing and expanding economic opportunities, primarily for persons of low and moderate income) and requirements of 24 CFR Parts 91 and 570.

Following a Plan -- It is following a current consolidated plan that has been approved by HUD.

Use of Funds -- It has complied with the following criteria:

1. Maximum Feasible Priority. With respect to activities expected to be assisted with CDBG funds, it has developed its Action Plan so as to give maximum feasible priority to activities which benefit low- and moderate-income families or aid in the prevention or elimination of slums or blight. The Action Plan may also include CDBG-assisted activities which the grantee certifies are designed to meet other community development needs having particular urgency because existing conditions pose a serious and immediate threat to the health or welfare of the community, and other financial resources are not available (see Optional CDBG Certification).

2. Overall Benefit. The aggregate use of CDBG funds, including Section 108 guaranteed loans, during program year(s) 2019 [a period specified by the grantee of one, two, or three specific consecutive program years], shall principally benefit persons of low and moderate income in a manner that ensures that at least 70 percent of the amount is expended for activities that benefit such persons during the designated period.

3. Special Assessments. It will not attempt to recover any capital costs of public improvements assisted with CDBG funds, including Section 108 loan guaranteed funds, by assessing any amount against properties owned and occupied by persons of low and moderate income, including any fee charged or assessment made as a condition of obtaining access to such public improvements.

However, if CDBG funds are used to pay the proportion of a fee or assessment that relates to the capital costs of public improvements (assisted in part with CDBG funds) financed from other revenue sources, an assessment or charge may be made against the property with respect to the public improvements financed by a source other than CDBG funds.

In addition, in the case of properties owned and occupied by moderate-income (not low-income) families, an assessment or charge may be made against the property for public improvements financed by a source other than CDBG funds if the jurisdiction certifies that it lacks CDBG funds to cover the assessment.

Excessive Force -- It has adopted and is enforcing:

1. A policy prohibiting the use of excessive force by law enforcement agencies within its jurisdiction against any individuals engaged in non-violent civil rights demonstrations; and
2. A policy of enforcing applicable State and local laws against physically barring entrance to or exit from a facility or location which is the subject of such non-violent civil rights demonstrations within its jurisdiction.

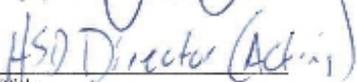

Compliance with Anti-discrimination laws -- The grant will be conducted and administered in conformity with title VI of the Civil Rights Act of 1964 (42 U.S.C. 2000d) and the Fair Housing Act (42 U.S.C. 3601-3619) and implementing regulations.

Lead-Based Paint -- Its activities concerning lead-based paint will comply with the requirements of 24 CFR Part 35, Subparts A, B, J, K and R.

Compliance with Laws -- It will comply with applicable laws.

Major rehabilitation/conversion/renovation – If an emergency shelter's rehabilitation costs exceed 75 percent of the value of the building before rehabilitation, the recipient will maintain the building as a shelter for homeless individuals and families for a minimum of 10 years after the date the building is first occupied by a homeless individual or family after the completed rehabilitation.

If the cost to convert a building into an emergency shelter exceeds 75 percent of the value of the building after conversion, the recipient will maintain the building as a shelter for homeless individuals and families for a minimum of 10 years after the date the building is first occupied by a homeless individual or family after the completed conversion.

In all other cases where ESG funds are used for renovation, the recipient will maintain the building as a shelter for homeless individuals and families for a minimum of 3 years after the date the building is first occupied by a homeless individual or family after the completed renovation.

Essential Services and Operating Costs – In the case of assistance involving shelter operations or essential services related to street outreach or emergency shelter, the recipient will provide services or shelter to homeless individuals and families for the period during which the ESG assistance is provided, without regard to a particular site or structure, so long the recipient serves the same type of persons (e.g., families with children, unaccompanied youth, disabled individuals, or victims of domestic violence) or persons in the same geographic area.

Renovation – Any renovation carried out with ESG assistance shall be sufficient to ensure that the building involved is safe and sanitary.
