Land & Labor Acknowledgement

We are currently occupying the unceded lands of many First Peoples; Coast Salish people, Muckleshoot, Suquamish, Stillaguamish, and Duwamish. We acknowledge and thank local First Nations for their centuries of land stewardship that long predates the arrival of European settlers. We and honor those who are still struggling for recognition and reparations for historical acts of genocide and ongoing erasure. We remind you to be aware of the spaces you occupy locally, that these lands were stolen from First People in the name of white settler colonialism and that you seek ways to continue your education and give back to local Indigenous communities.

Duwamish Tribe’s website: http://www.duwamishtribe.org/

We must acknowledge that much of what we know of this country today, including its culture, economic growth, and development throughout history and across time, has been made possible by the labor of enslaved Africans and their ascendants who suffered the horror of the transatlantic trafficking of their people, chattel slavery, and Jim Crow. We are indebted to their labor and their sacrifice, and we must acknowledge the tremors of that violence throughout the generations and the resulting impact that can still be felt and witnessed today.” (Dr. Terah "TJ" Stewart)

Introduction

- The City of Seattle requires that public dollars are released every four years for competitive bids.

- **This 2022 Gender-Based Violence Survivor Services RFP** is an open and competitive funding process. Existing grantee(s) are not guaranteed to be selected, continued to be funded, or funded at the same level.

- For agency eligibility guidelines and information go to: https://www.seattle.gov/human-services/for-providers/funding-opportunities

- Approximately **$10,908,306** is available through HSD's General Fund for this GBV Survivor Services RFP.

- The purpose of HSD funded Gender-Based Violence Survivor Services RFP is to elevate Seattle’s regional continuum of coordinated and comprehensive GBV service strategies by contracting with a diverse and expert group of providers to provide five-programming approaches such as (1) Mobile Flexible Advocacy (2) Shelter and Housing (3) Therapeutic Services (4) Civil Legal Aid and (5) Specialized Services for Marginalized Populations.

- Initial awards will be made for the period of January 1, 2023 - December 31, 2023, and then annually through 2026. Renewals are contingent upon agency performance and HSD funding availability.
Gender-Based Violence (GBV) Definition

GBV is an umbrella term to describe any form of violence that is rooted in rigid gender roles that reinforce the power imbalance individuals. GBV includes domestic violence (DV), sexual assault (SA) and commercial sexual exploitation (CSE).

GBV is rooted in structural inequalities amid gender identities and is characterized by the abuse of physical, emotional, or financial power and control.

Although women and girls and non-binary people experience GBV at much higher levels, men and boys also experience GBV (particularly sexual violence), as anytime anyone does not conform to what’s expected of their gender, they run the risk of being targets of violence.

HSD Theory of Change
Uses Results-Based Accountability and leads with race

**Performance Measures:** How will we know if our strategies and activities are working?
- Quantity – how much was done?
- Quality – how well was it done?
- Impact – is anyone better off?

**Strategies and Activities:** What will we do to achieve the result. Strategies are broad; activities are specific.
(these are what we purchase in a contract)

**Racial Equity:** Who are the communities of color with the highest disparities reflected in the data? How do we work to create equity?
(i.e. % of youth of color graduating from high school on-time)

**Population:** Who do we want to affect?
(i.e. all children in Seattle)

**Desired Result:** What is the result we want for our population?
(i.e. all children graduate from high school on time)

**Indicator:** Why is this result needed? Also population level baseline data.
(i.e. % of youth graduating from high school on-time)

HSD’s move to adopt the term “gender-based violence” is in response to, and in alignment with, regional and national efforts.

While GBV impacts all communities, research and data shows marginalized populations including women of color, immigrant and refugees, lesbian, gay, bisexual, transgender, and queer (LGBTQIA+) communities, and individuals living with disabilities, are more likely to be victimized.

An aim of this RFP is to ensure that survivor populations that are the most targeted, vulnerable, and least likely to access supports and services are reached. In addition, improving data collection and research while maintaining the safety of survivors will be of utmost priority for this RFP.
### Overview of Investment Area

The purpose of this RFP is to strengthen Seattle’s coordinated regional response network for survivors of GBV and to invest in programs that integrate the following culturally relevant strategies:

| Enhanced partnerships and collaboration; | Seamless, coordinated, response, access and referral for GBV service delivery focused on race and social justice, as well as disability and sexual orientation/gender identity | Survivor-centered, non-judgmental and trauma-informed, advocacy | Deep understanding of the discriminatory, gendered nature of violence, as well as its causes and consequences | Organizations that prioritize and promote Staff Welfare, Value Self-Care, Sustainability, and Capacity-Building, |
Service/ Program Models

HSD/MODVSA will invest in five (5) GBV Survivor Service Strategies through this RFP.

| Mobile Flexible Advocacy | Shelter/Housing | Therapeutic Services | Civil Legal Aid | Specialized Services for Marginalized Populations |
---|---|---|---|---|---|

City of Seattle
Human Services Department
Mobile Flexible Advocacy (MFA) Program Model

MFA (Community, Sexual Assault, Domestic Violence, Legal) is survivor-driven and trauma-informed. Advocates work in partnership with survivors, focus on self-determination, and empower survivors to be safe and rebuild control over their lives. Survivors lead the process, choose their own goals, and define what is most safe for them. Advocates are able meet with survivors safely in the community rather than requiring survivors to travel to agency-based locations.

MFA seeks to lower the barriers that prevent survivors from accessing specialized GBV supports, by offering flexible, comprehensive services.
Mobile Flexible Advocacy Service Components / Program Elements

- Community Based Advocacy/Navigation (General GBV, Legal, specialized DV/SA)
- GBV Centered Education
- Support Groups
- Emotional Support / Advocacy Based Counseling
- Information & Referral
- Safety Planning
- Flexible Client Assistance
Shelter and Housing includes various time-limited, supportive housing program models to address the spectrum of needs for survivors and their families, including:

- Emergency Shelter
- Transitional Housing
- Bridge Housing
- Rapid Re-housing

All housing options are based on DV housing first and should meet basic needs such as safety, food and shelter. All models have low barriers for eligibility and there are no requirements to participate in services that are provided. However, case management and advocacy are integral to these housing program models’ ability to meet survivor needs and maintain safety.
Shelter & Housing Service Components /Program Elements

- **Emergency shelter** - Short-term accommodation where an individualized assessment guides the survivor and their children to transition from homelessness to more stable housing. Locations are semi-confidential or confidential.

- **Rapid Rehousing** - A short-term, progressive engagement housing intervention intended to quickly move survivors experiencing homelessness into permanent or more stable housing. Services emphasize addressing the immediate, short-term barriers that prevent survivors from entering housing, while using an appropriate time-limited level of supportive and financial assistance to resolve survivor’s immediate housing crisis and maintaining at least monthly contact.

- **Transitional Housing** - Longer-term housing with supportive services designed to help survivors transition from homelessness to more stable or permanent housing. The duration of stay in the program is approximately 9 to 24 months; then, survivors either move to appropriate permanent or more stable housing.

- **Bridge Housing** - A type of transitional housing or extended stay shelter program (up to 6 months or longer depending on circumstance) that emphasizes stabilization through short-lengths of stay and rapid connections to permanent or more stable housing.
Therapeutic Services Program Model

The role of therapeutic services is to provide immediate, and follow up, medical and psychological assistance to those who have been affected by Gender-Based Violence.

Additionally, sexual assault specific advocates/social workers assist with immediate needs following a sexual assault and conduct initial assessments of trauma impact. Information is provided about trauma impact and brief intervention and/or trauma focused therapy is offered.

Some Program/Service Examples:

- 24 Hour Hotline providing sexual assault crisis intervention, information and referral
- Mobile and/or drop- in health centers/clinics focused on Commercially Sexually Exploited individuals in specific Seattle neighborhood hot spots (e.g. Aurora Avenue)
- Sexual Assault Nurse Examiner (SANE) program that provides expert medical, forensic, psychological care to sexual assault survivors
Therapeutic Services Service Components /Program Elements

- Crisis Intervention (Medical/Psychological)
- Safety risk assessments
- SANE program models
- 24 Hour Hotline
- Information & Referral /Co-Advocacy
- Medical Clinics
- Short Term Individual and Group therapy /Support Groups
Civil Legal Services Program Model

Funding Civil Legal Service services will improve access to justice, increase safety and stability for GBV survivors. Holistic civil legal services will reduce the costs and barriers to accessing Washington courts. Legal financial burdens have the greatest impact on single mothers, BIPOC, LGBTQIA+ and those with disabilities.

Successful applicants for this program model will have substantial training providing civil legal services to GBV survivors. As well as, In-house or referral access to Immigration attorneys and/or language access services.
Civil Legal Services Service Components /Program Elements

- Direct Legal representation for civil court cases by qualified attorneys
- Legal Counseling & Advice
- Legal Clinics (Training and Education)
- Legal Information and Referral
- Legal Hotline Services
Specialized Services for Marginalized Populations

This investment strategy will specifically fund community, grassroots Domestic violence, Commercial Sexual Exploitation, and sexual assault agencies that are created and led by the most vulnerable populations: Black and Indigenous People of Color (BIPOC, AI/AN AP/AI, LatinX) Immigrants and Refugees, Lesbian, Gay, Bisexual, Transgender, and Queer (LGBTQIA+) people, people living with disabilities, and survivors of commercial sexual exploitation.

Programming and GBV solution strategies for marginalized communities, are peer led, culturally informed, and emphasize community building.

Funds may be used to:

Implement new, or enhance existing, culturally specific services

Develop or enhance outreach strategies to better reach underserved survivors

Increase capacity for population specific organizations to better serve GBV survivors

*Note: This strategy investment is new for 2022.
Specialized Services for Marginalized Populations
Service Components /Program Elements

- Outreach & Education
- Community Mobilization Strategies
- Culturally Specific Community & Systems Engagement
- Harm Reduction Outreach to survivors of Commercial Sexual Exploitation (CSE)
- Interpreter Services & Limited English Speaker/Immigrant & Refugee Advocacy
- Peer led and culturally based solutions to GBV
- Peace in the Home Helpline (PITHH)
- Distribution of Survival /Safety Supplies
Questions?

*Presentation to be continued...
Client Eligibility

Survivors may be of any gender, sexual orientation, age, race/ethnicity with a focus on BIPOC communities (American Indians/Alaskan Native, Black/African Americans, Asian and Pacific Islander, Latinx) Immigrants & Refugees, those living with disabilities, LGBTQIA+. Individuals may be domestic or foreign nationals.

Eligible clients must meet one or more of the following eligibility requirements:

- Live or work in the city of Seattle;
- Be enrolled in a Seattle-based academic institution;
- Seek GBV services from a Seattle-based GBV services organization, or;
- Be involved in a Seattle Police investigation.
- Income must be less than 200% of the current National Poverty Level which in 2022 is $27,180 for a single household.
Population Data

Gender-based violence is widely underreported which makes it challenging to capture data, especially within immigrant and refugee populations and communities of color.

Worldwide less than 40% of women who experience gender-based violence seek help of any sort. Of those, less than 10% seek assistance from the police.

Available data tells us that gender-based violence disproportionately impacts marginalized communities:

- American Indian/Alaskan Native, Black/African American, or two or more races experience gender-based violence at a higher rate than the general population.
- Native Americans are victims of rape or sexual assault at more than double the rate of other populations.
- 21-55% of Asian/Pacific Islander women report experiencing intimate partner violence.
- 56% of American Indian Alaskan Native women have experienced sexual violence; 55% have experienced intimate partner violence.
- 43.8% of lesbian women, and 61.1% of bisexual women have experienced GBV.
- 26% of gay men and 37% of bisexual men have experienced GBV.
- More than 80% of women with disabilities have been sexually assaulted.

**Refer to Theory of Change pages 7-8 in the RFP Application for more statistics and reference links**
Population Priority & Focus

Priority Population

• Low Income Victims/survivors of gender-based violence (domestic violence, sexual assault, and/or commercial sexual exploitation) in Seattle.

Focus Populations

• American Indian/Alaskan Native
• Black/African American
• Asian Americans
• Pacific Islander
• Latinx/Hispanic
• LGBTQI+
• Individuals living with disabilities
• Immigrants/Refugees
Performance Measures

**Quantity**
- # of survivors of gender-based violence by gender and race/ethnicity served
- # of MODVSA meetings attended (by providers)

**Quality**
- % of survivors satisfied with the quality of services provided as measured by a client survey or interview
- % of survivors from focus population satisfied with the quality of services provided as measured by a client survey or interview
- % of survivors who can identify immediate next steps as measured by a client survey or interview
- % of survivors from focus population who can identify immediate next steps as measured by a client survey or interview
Performance Measures

**Impact**

- % of survivors who report progress towards service plan goals as measured by the contract status report
- % of survivors from focus population who demonstrate progress towards service plan goals as measured by a contract status report
- % of survivors who increase safe housing stability (only applies to housing strategies) as measured by the contract status report
- % of survivors from focus population who increase safe housing stability (only applies to housing services strategies) as measured by a contract status report
Key Staffing Requirements

There should be sufficient qualified, culturally and linguistically competent staff to effectively conduct the strategies outlined and activities proposed.

Successful applicants must obtain the required level of training for the specific GBV populations being served in proposed program model(s). All program staff, supervisors and volunteers must be familiar with the dynamics of domestic violence, sexual assault and commercial sexual exploitation and relevant community resources.

All attorneys providing legal representation must be licensed to practice law in the state of Washington (member of the Washington State Bar Association).
Fiscal Documents

Agencies for which HSD has current financial and insurance documents will not be required to resubmit. Please contact your program specialist if you are unsure, by July 29, 2022.

Agencies for which HSD has incomplete or no financial and/or insurance documents will be notified by the Coordinator and required to submit ALL requested documents within 4 business days from the date of written request. This is tentatively scheduled for the beginning of September 2022.

Financial and Insurance documentation that may be requested are listed in Section IV of the RFP Application.

MODVSA Technical Assistance (TA) for RFP Applicants

The Mayor’s Office on Domestic Violence and Sexual Assault (MODVSA) offers technical assistance (TA) to support community-based organizations applying for funds through a Request for Proposal (RFP) or Request for Qualifications (RFQ). This support reflects our commitment to partnering with organizations that are grounded in the communities they serve and able to provide high quality, impactful services to our focus populations. The technical assistance provided can be tailored to your organization’s needs and priorities.

MODVSA is partnering with Forge and Bloom, a social impact coaching and consulting firm led by Tara James. Tara has 20 years of experience in program development and management, fundraising, and communication. Tara brings a fierce commitment diversity, equity, and inclusion. Her work centers on helping organizations thrive internally -- through strategic planning, effective management, and impactful leadership -- while serving their communities.
TA Information

TA consultants cannot write applications for agencies. However, TA consultants can help you:

1. Determine if your program(s) are a good fit for the RFP/RFQ
2. Help you communicate why your organization and program should be funded
3. Answer questions about the proposal process and offer support
4. Review drafts proposals and budgets.
How can I partner with the TA consultant?

You have several opportunities to connect with our partnering consultant.

**Schedule** a 30-minute meeting during one of our TA Office Hours:

- July 20 – 10 am to 12 pm
- July 21 – 2 pm to 4 pm
- July 22 – 2 pm to 4 pm
- Aug 03 – 10 am to 12 pm

**Schedule** a one-to-one meeting directly with the consultant. There is limited time availability; appointments are on a “first come first served” basis.

Submission Information Instructions

Completed application packets are due by 12:00 p.m. on Monday, August 8th, 2022

Proposals must be submitted through the HSD Online Submission System or via email. No hand delivered, faxed, or mailed proposals will be accepted. Allow ample time for uploading and confirmation receipt.

HSD advises uploading proposal documents several hours prior to the deadline in case you encounter an issue with your internet connectivity. HSD is not responsible for ensuring that applications are received by the deadline. If you encounter issues with the online submission system, please email Sola Plumacher at sola.plumacher@seattle.gov.

2. Via Email (HSD_RFP_RFO_Email_Submissions@seattle.gov)
Email attachments are limited to 30 MB. The subject heading must be titled: 2022 Gender-Based Violence Services RFP. Any risks associated with submitting a proposal by email are borne by the applicant. Applicants will receive an email acknowledging receipt of their application.
HSD Online Submission System Instructions

The system is NOT an online Application – no saving

You may upload files up to a maximum of 100 MB

Acceptable file types include: .pdf .doc .docx .rtf .xls .xlsx

There are required fields to be completed. *Ensure you allow sufficient time to complete the steps in order to submit your application by the deadline.*

The system automatically sends a confirmation to all e-mail addresses you enter

Late applications will not be accepted. HSD is not responsible for ensuring that applications are received by the deadline.
Appeal Process and Grounds for Appeal

Applicants have the right to protest or appeal certain decisions in the award process.

Violation of policies or failure to adhere to guidelines or published criteria and/or procedures established in the funding opportunity.

Appeals Deadlines: Appeals must be received within four (4) business days from the date of written application status.

A written decision by the HSD Director will be made within four (4) business days of the receipt of the appeal. The HSD Director’s decision is final.

No contracts resulting from the solicitation will be executed until the appeal process has closed. An appeal may not prevent HSD from issuing an interim contract for services to meet important client needs.

Thank you all for partnering with us to build a safer, healthier and more just, community.

“Dominator culture has tried to keep us all afraid, to make us choose safety instead of risk, sameness instead of diversity. Moving through that fear, finding out what connects us, reveling in our differences; this is the process that brings us closer, that gives us a world of shared values, of meaningful community.”
