

SEATTLE EMPLOYERS GROW YOUR WORKFORCE AND INVEST IN LOCAL TALENT THIS SUMMER!

SYEP connects young people, ages 16 – 24, with local employers to provide hands-on work experience, professional development, and a chance to make a positive impact in their community.

- Partner employers can represent a variety of industries, including healthcare, real estate, technology, and more.
- Internships run from July 9 – August 26, 2025.
- Interns are City employees and provided up to 150 hours of paid employment and training.
- While supplementing wages is optional, your contributions can increase the number of internships available.
- Interns may receive supportive services from the program, including work attire, transportation, meal stipends, and more.

Ready to host an intern? We'd love for you to fill out our Interest Form using the QR code at the top right! Once you do, you'll receive an application link to submit.

Want to learn more? Consider attending an information session by scanning the QR code at the bottom right.

**Application extended to
March 28! To apply, complete
the Employer Interest Form.**
