* From Janet: “Please see the following letter that has been passed around by the Seattle Human Rights Commission. The letter is asking the King County Sheriff’s Office and the Cities of Seattle, Auburn, Kent, Federal Way and Renton to withdraw their lawsuits to end public review of police killings in King County, thereby destroying the inquest process. OCR has not taken a position on this issue, but we want to be responsive to community request that we share the letter with the Commissions.”
