### **Hand painted sign:**

We will be contracting sign painter Ben Hubbard to paint directly on the transom/header beam.

The transom/header beam measures approximately 21.8' across, and 9" tall

Colors will be painted with an exterior enamel paint matching/complimenting the colors of the proposed painting of the building.

The gold/yellow outline in the attached sign proposal will be done in a 14K gold leaf.

The letters themselves will measure 6.5" tall and will span approximately 9 feet across the transom/header beam.
