Relevant Guidelines:

Guideline Title	Comment
Guidelines/Specific (13)(a) “Signs; Sign Materials”	District guidelines discourage extruded plastics and flat signs are preferred. The raised acrylic lettering potentially creates an effect similar to extruded plastic. However, the Landmark District Board approved this same exact sign in approximately 2016.
Guidelines/Specific (13)(c) “Signs; Blade Signs”	Within allowable size limit, hanger is subdued in color, compatible with the design of the storefront.
