

We are seeking street use approval for the following:

Farm and Craft Overflow—2024 : (attachment B)

Farm overflow would allow farmers to sell their products on the west side of Pike Place in up to 30 temporary selling spaces 7 days a week from Pike Place and Pine St. to the North end of the Arcade plus 4 temporary selling spaces in front of the “glass wall” just South of City Fish and up to 7 temporary selling spaces behind the “3rd Section”. Up to 33 parking spaces may be displaced in total.

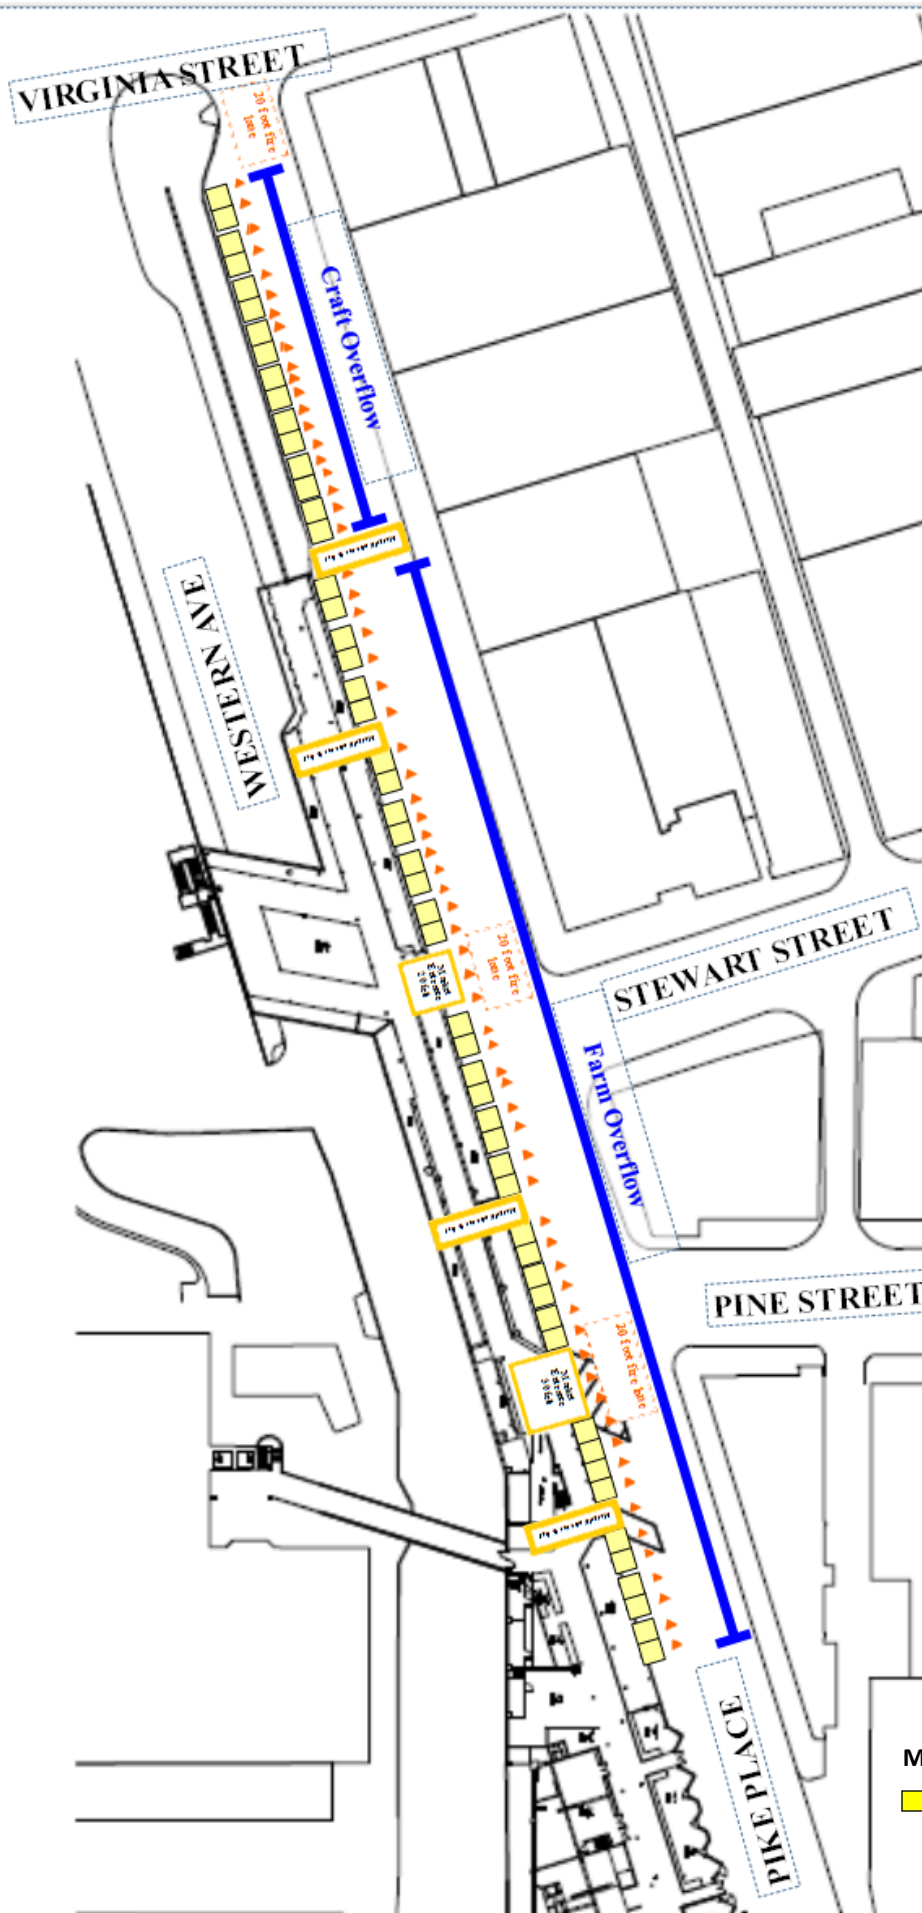

Craft overflow would allow craftspeople to sell their products on the west side of Pike Place in up to 28 temporary selling spaces from the North end of the Arcade to Pike Place and Virginia St plus up to 2 temporary selling spaces just east of the Pergola in the “circle”. Craft overflow would only be allowed when the primary Daystall areas are at near capacity 7 days a week and the spaces would only be made available as needed so that the primary Daystall areas remain at near capacity. Up 7 parking spaces may be displaced in total.

Canopies on the Market Front Pavilion provide selling spaces for up to 5 vendors who primarily sell prepared, ready to eat food.

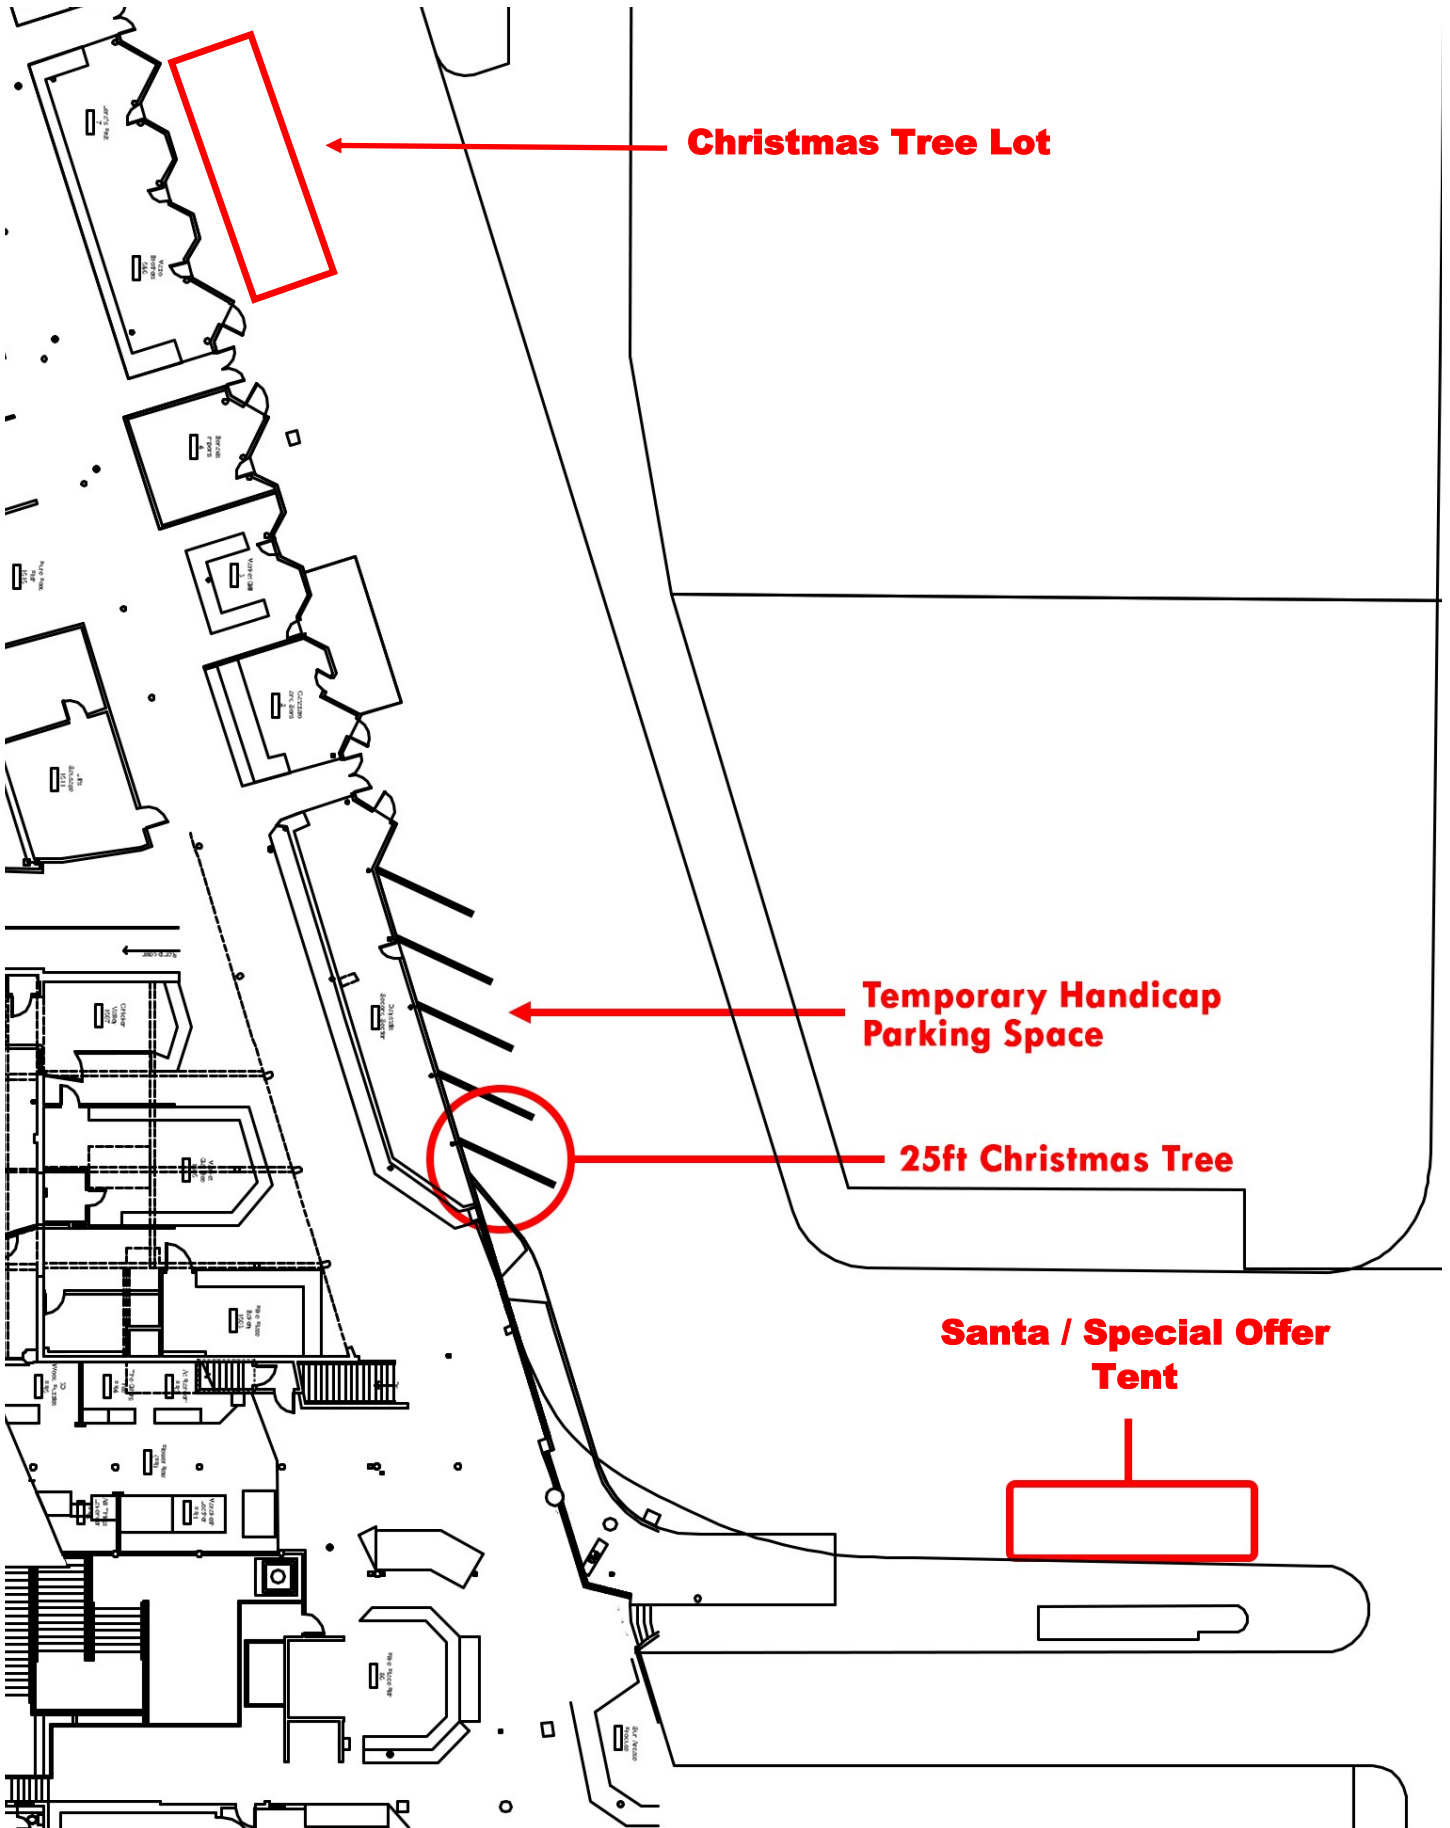

In both cases access to wheelchair ramps and all entrances to the Market will remain open and public right of ways will not be affected.

Pike Place Market Holiday Tree: (attachment C)

One accessible parking space just South of the entrance to the Market at Pike Place and Pike St will be used to erect a 25-ft Holiday Tree from November 22, 2024 through January 8, 2024 (surrounded by fencing and tethered to the surrounding buildings). An additional parking space directly North of the tree will be used as temporary handicap parking space while the tree is up. On November 30th (Magic in the Market), a parking stall north of Market Grill will also be relocated north of City Fish to accommodate the Corner Produce Christmas Tree Lot.

Comment 1 'describe criteria for MarketFront vending spaces': All MarketFront vendors are enrolled in the PDA Farm Artisan and Prepared Food Incubation Program. This program aims to help local independent businesses that do not currently operate at Pike Place Market or have a brick-and-mortar storefront elsewhere in Seattle. Businesses must meet the following stipulations to qualify:

- Source at least 20% of all raw ingredients from Washington farms. Preference given to those who source the highest percentage of raw ingredients from within local agriculture.
- Have a fully developed, rotating menu at the time of application that features seasonal, farm-fresh produce
- Have all the proper permits, licenses, and authorizations to sell products commercially in the City of Seattle.
- Priority given to BIPOC and other marginal business owners.

Event

INSTANT PROTECTION. PORTABLE BARRIER.

The Event Shelter is a complete solution for any outdoor event. Individual sidewalls install quickly and easily to create a secure full enclosure or use as single wall to protect from elements. This 10' x 10' shelter includes a Roller Bag, 3 Dura-Lon® Sidewalls, 1 Mid-Zip Dura-Lon® Sidewalls and 4-Piece Spike Kit.
