

Jacob's Argo Plan Set

Mark Jacobs is a fifth-generation farmer who uses sustainable, chemical-free farming practices to grow fresh produce at his three farms in Washington state. He intends to bring this produce to Pike Place Market for sale, along with value-added products like dried fruits, jams, and other farm goods.

Additionally, Mr. Jacobs is interested in participating in our Pike Box CSA program, and the Highstall Bucks program, which services our local low-income community.
