**Subject:** FW: Aggregate for Cherry Hill CTR  
**Attachments:** 2019 Cherry Hill Results.xlsx; 2019 Cherry Hill Trip Table.xlsx

Hi Karen and Mike,

I am sorry for the delay in responding to Michael Wurdeman's December email on the most recent aggregate results.

We have reviewed these results in a similar manner (and with the same city staff at SDCI and SDOT) as we did for the last survey cycle in 2017. We have found the aggregate results are accurately reported.

SDOT staff has this summary table below for the last 4 survey cycles. The site has continued to make progress to reduce the drive-alone rate. While transit use dipped a bit this cycle; there were other non-driving modes that showed increases including rideshare (carpool and vanpool), telework/compressed work week, and walk to work.

Campus-wide	2014	2016	2017	2019
Drive-Alone	57.5%	56.7%	47.9%	47.0%
Transit	20.6%	19.1%	23.2%	20.0%
Rideshare	11.5%	9.4%	13.7%	16.3%
Tele/CWW	1.3%	3.3%	3.5%	5.4%
Bike	1.7%	2.9%	3.1%	2.2%
Walk	4.5%	5.6%	5.7%	6.0%

Congratulations on continuing to make progress to decrease the campus drive-alone rate towards the MIMP goal of 32% by 2034.

Regards,

**Ann B. Sutphin, AICP**

**CAUTION: External Email**

---

Attached is the aggregate tables for the Cherry Hill CTR survey 2019. Please let me know if you have any questions, concerns or clarifications.

As you may know my last day with Swedish is the 27<sup>th</sup> of December, so if you do have any questions, the sooner the better. It's been a pleasure working with you all!

Best,

Michael Wurdeman  
Sr. Transportation coordinator  
Towne Park- Swedish Medical  
(206)-386-2235
