Re: 2022OPA-0033

CERTIFICATION:

OIG has reviewed the investigation for Case Number 2022OPA-0033. The investigation is certified as thorough and objective. In terms of timeliness, the 30-day classification and the 180-day deadlines were complied with, but the 5-day notification deadline was inadvertently missed. OPA proactively self-reported this noncompliance to SPOG.

Respectfully,
