## **OIG EXP INV Certification Memo**

OIG has reviewed the expedited investigation request for case 202OPA-0198. The investigation is certified as thorough, timely, and objective. While this case is fully certified, OIG notes the case involves several unrelated incidents which have been combined under one case number. In the future, OIG will require that cases that involve separate incidents be given separate case numbers to ensure accurate tracking of case deadlines and additional clarity in instances where part of a case needs further investigation.

Respectfully,

*Payton Schenck*
