*includes college quarters off campus

Notes:

1) The last two digits in the tract ID number represent the decimal portion of the number. For example, "100" is "1.00", "9702" is "97.02", etc.

2) Tracts 264 and 265 extend beyond the Seattle city limits. The population counts shown here are for the small portion of each tract that is within city limits. Also, a very small portion of tract 112 is located outside of city limits. Thus, the data shown here (for the area falling within city limits) may disagree slightly with data for the tract as a whole.

3) "Institutionalized population" includes people under formally authorized, supervised care or custody.

Example settings include: nursing homes, mental hospitals, hospitals or wards for the chronically ill, correctional institutions, juvenile institutions, etc.

4) "Noninstitutionalized population" includes people who live in group quarters other than institutions. Staff residing in military and nonmilitary group quarters on institutional grounds are included here.

Example settings include: college dormitories and college quarters off campus, military quarters, group homes, religious group quarters, crews of maritime vessels, shelters, soup kitchens, etc.
