

Clean Cities Community Clean Teams Weekly Report

December 30, 2021

Reporting Week December 13 through December 26

Week in Review

Due to the holiday, this report covers the information for the last two weeks. With snow and ice breakdown, SDOT Clean Cities crew were helping prep trucks; no Clean Cities work of the week of December 20. Parks Clean Cities resources cancelled the Jamboree emphasis areas due to inclement weather too. The week of December 13th, the community clean team focused on two large emphasis areas, West Magnolia PG and Ballard Commons Park as well as the various litter and trash pick-up locations citywide. The following summary includes Clean Cities work accomplished by Parks and SDOT Clean Cities Crews.

By the Numbers:

- Trash mitigation completed at 77 locations by Parks/SDOT crews, and 24 additional locations by SDOT crews
- 2,137 needles collected by Parks Crews
- 168,100 lbs. trash collected via Community Clean Teams
- 41 blocks of litter pickup by SDOT crews
- 438 tents counted onsite

Kudos to Clean Cities

- *Cards from community members thanking the team for keeping Bitter Lake clean.*

- *I realize that it required a group effort to clean up the Greenlake park, however, I just needed to share my gratitude to your department for your part in making my daily walks around the lake a delight..... THANK YOU!!*

*Regards,
Diane A*

- 3rd and James St: 3-Tents, 40-Needles, 205lbs of debris -12/23

Clean Cities Emphasis Areas

- West Magnolia PG: 12/14. CW district held their jamboree at West Magnolia PG. The crew lead by the Sr. Gardener lowered a laurel hedge to reduce maintenance. Staff used chains saws, hedge trimmers and loppers to cut the laurel. The rainbow sign, ballfield pads and bleachers were all pressure washed.

Before

After

Cutting the hedge and pressure washing

- Ballard Commons Park: 12/16. NW district held their jamboree at Ballard Commons Park. Due to occupants living in the park for many months that are now vacated the team was able to perform some long-anticipated maintenance tasks that had not been able to be completed. The crew removed leaves from curb lines and other areas of the park and cleared drains. The entire park was edged, mowed and line trimmed. The comfort station staff person deep cleaned the Portland Loo restroom using a hot water pressure washer. The district IMW removed stickers, graffiti and other postings from light poles and fixtures. The Sr. Gardener with support pruned areas that have been neglected by removing debris, cutting out vegetation in planters and sidewalk tree rings. Finally, the site was blown of small debris. Restoration work is in planning stages for the new year.
