900 S Concord St.	9/27/2017	This is private property; applicant must connect with property owner first.
South Park Plaza	9/30/2017	SPR's Planning and Development Division determined that a permanent OLA is not feasible at this site since capital planning for the Plaza would begin shortly after the applicant's request was received. Applicant was advised to work with the SPR Project Coordinator to discuss short-term programming, such as "Doggy Days", and other temporary program activation ideas.
The Flume, 1001 S Myrtle St.	10/6/2017	SPR responded to the applicant asking for clarification on the exact location of the proposed site.
Nickelsville 1020 S Myrtle St.	10/6/2017	This site is currently not feasible as it is the location of the Nickelsville Tiny House Village, which is contracted to operate through the end of 2018. If the City decides to close the Tiny House Village, SPR can return to this application and review the potential for an OLA.

Broadway Hill Park 500 Federal Ave. E, Seattle, WA 98102	3/26/2018	This is a new park that underwent an extensive outreach process. Community members provided input on the various elements of the park, which SPR needs to honor. In addition, the lawn area is small at less than 5,0000 square feet; the site is sloped, which is problematic because OLA's have gravel surfacing which would erode onto the sidewalk along Federal Ave. E; there is no dedicated parking and minimal street parking; and the park is located in a Lowrise 3 zone and an OLA would create undesirable noise and smell in this dense, residential neighborhood.
