

Firehouse Mini Park Play Area Renovation Kick-Off Meeting

Light Breakfast
& Fruits Will
Be Provided

Come meet us and help shape the future of the park!!

Seattle Parks and Recreation (SPR) invites the community to meet the design team and provide input for conceptual design ideas for the Firehouse Mini Park Play Area Renovation project. SPR is excited to meet the neighborhood and hear your stories. This project will replace the existing play equipment and make accessibility improvements to and from the play area. Currently this project

scope includes replacing the Engineered Wood Fiber (EWF) safety surfacing in the play area, renovations to the lawn area, planting enhancements, and site furnishing updates.

At this meeting we will share a site analysis along with potential play area styles and equipment. We look forward to hearing how the existing play area works for you and your family as well as, what improvements you would like to see.

Meet Us at Byrd Barr Place
SATURDAY, APRIL 6TH, 2024
10 AM - NOON

722 18th Ave, Seattle, WA 98122

SCAN ME

We will collect additional input through an online survey within a few days of the public event.
