**RECREATIONAL SWIM**

Adult & Senior Swim: This is a recreational lap swim period for adults 18 years and older. It is a great option for all skills walking or exercise. There will be four lanes for lap swimming. A double-wide lane for unstructured swimming and independent deep-water exercise.

Lap Swim: This program is designed for swimmers of all speeds, and those who want to work on conditioning. Lap swim has 4 lap lanes and one double-wide lane.

Pool Playland: This is a recreational swim for swimmers of all ages. This swim is **shallow-end only**. Lifejackets and water toys are available for use. Children under 6 and those who do not meet our height requirement of 4 feet, must be accompanied into the water by an adult 18 years or older.

Public Swim: This recreation swim is fun for all ages. Large floats and inflatables are included with this swim. Children under 6 and those who do not meet our height requirement of 4 feet, must be accompanied into the water by an adult 18 years or older. Swimmers under the age of 18 must successfully pass the swim test

before accessing the deep end. This is a great time for float tests, too!

**FITNESS PROGRAMS**

Shallow Water Exercise: This 45-minute water exercise class is designed to build strength, flexibility, and cardiovascular fitness. It takes advantage of your buoyancy in the water and the resistance the water creates. This is a terrific exercise program regardless of your age or fitness abilities, and it allows you to exercise at your own comfort level.

Deep Water Exercise: This 45-minute-deep water class uses specially designed buoyancy and resistance equipment that provides a demanding workout for the whole body. Tone and strengthen your muscles without impact on your joints, recover from an injury, and increase your endurance. Great music keeps you working hard!

Master Swim: Are you a lap swimmer looking for the next level in your work out? This swim is for you. Workouts are drafted each day to provide participants with guidance for their swim. If additional guidance is needed, feel free to consult with the aquatic team.
