ALASKAN WAY PROTECTED BIKE LANE PROJECT

**Bicycle improvements coming to
Seattle central waterfront!**

Join us at our online open house to learn more about the project design, schedule, and to have an opportunity to ask the project team questions.

Seattle
Department of
Transportation

PROJECT BACKGROUND

The Alaskan Way Protected Bike Lane Project will build a two-way protected bike lane on Alaskan Way between Virginia St and Broad St.

This project will build an all ages and abilities bike facility to fill the 0.6-mile gap in the bike network connecting the Elliott Bay Trail to the north and new Waterfront Bike Path to the south.

This project will redesign Alaskan Way to enhance safety for all modal users, respond to changing traffic patterns following the removal of the Alaskan Way Viaduct, and support sailing operations at Piers 66 and 69.

FUNDING

This project is funded by the 9-year Levy to Move Seattle, approved by voters in 2015, Puget Sound Regional Council, and Washington State Department of Transportation.

Please join us at our online open house scheduled for Tuesday, May 10 from 4:30 – 5:30 PM to learn more about the project design and schedule. Not able to join? We will share a recording of the online open house and a summary of the questions and answers session on our project webpage.

To learn more about this project or to sign up for project updates by email, visit our webpage at www.seattle.gov/transportation/AlaskanWayProtectedBikeLane
