

Rebuilding Seattle for all ages

1. Sight lines
2. Length of light – can be difficult to cross single file before light changes
3. Length of crossing – frequently combines the problems of 1&2

My Asks:

1. Demand in person visits
2. With politicians
3. In wheelchairs or on bicycles

I can provide as many children as you need to illustrate the reality of what we are asking people to do just to get to the grocery
