# Bell St Protected Bike Lane

## CONSTRUCTION NOTICE

## WORK TO BEGIN MAY 18

### PROJECT OVERVIEW

As soon as May 18, we'll begin installing a two-way protected bike lane on the north side of Bell St between 5th Ave and Denny Way. To minimize construction impacts, we want to take advantage of this period of low traffic volume. We anticipate opening the new bike facility by late summer of this year.

The project will provide a route that's comfortable for people of all ages and abilities, connecting the protected bike lanes on 9th Ave N to the ones on 2nd Ave. The project includes new accommodations for two-way bicycle traffic through Bell Street Park and will calm traffic for all users.

### PROJECT ELEMENTS

- New two-way protected bike lane on the north side of Bell St, between 5th Ave and Denny Way
- Changes to vehicular and parking lanes on Bell St, including some parking removal
- Changes to the intersection of 5th Ave and Bell St to prevent vehicles from traveling westbound (except emergency services)
- Relocation of King County Metro Bus routes, stops, and layovers along Bell St
- Replacement of traffic lights with stop signs on Bell St at the intersections with 3rd and 4th avenues

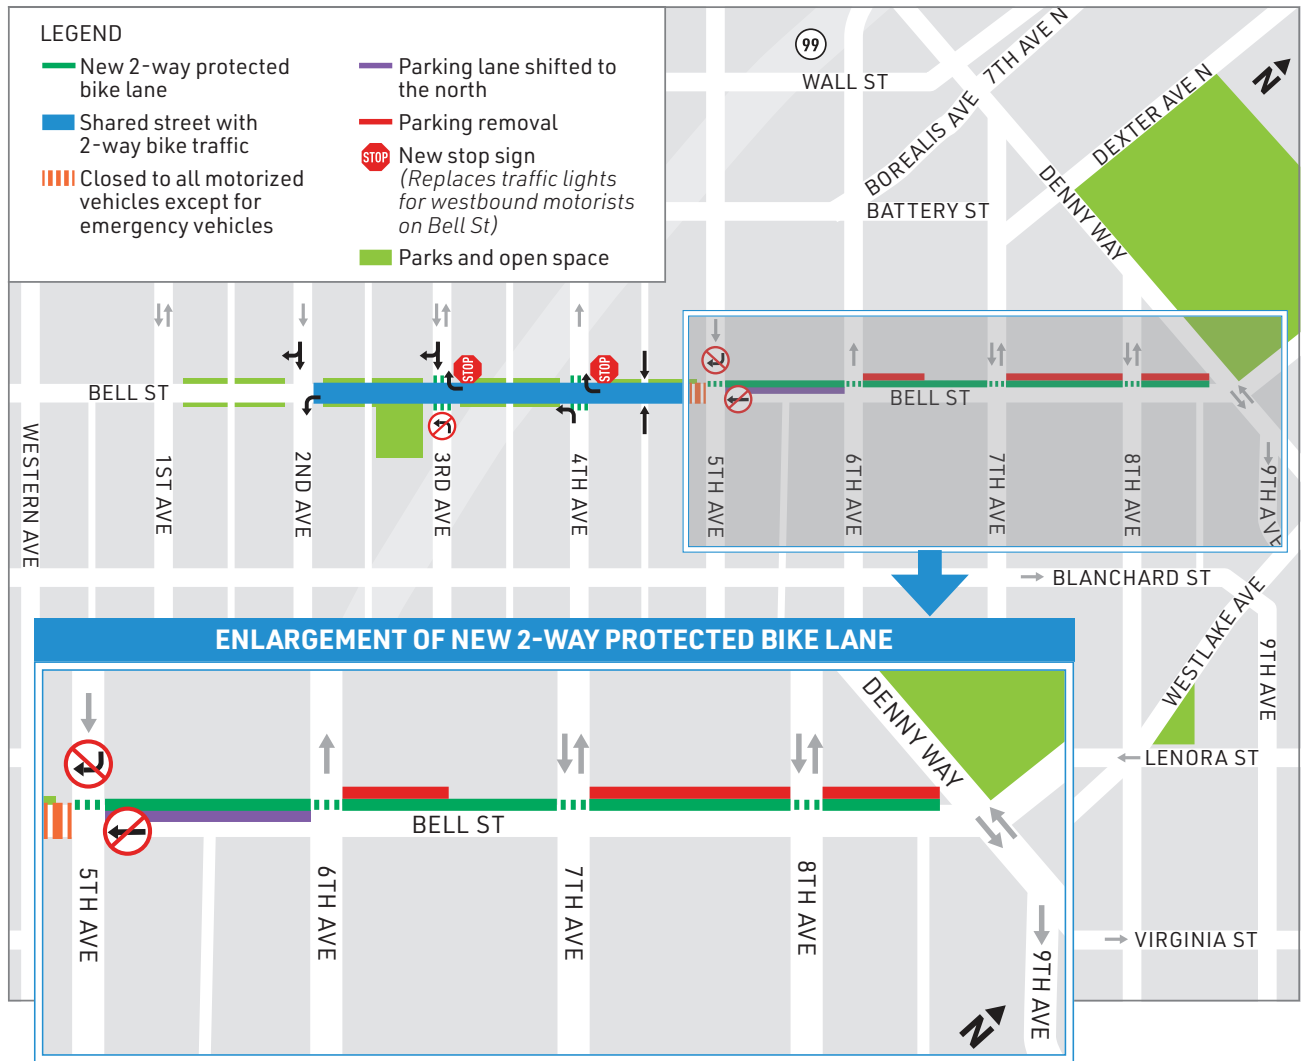

### STAY INFORMED

To get the latest information, sign up for construction email updates on our website:

[www.seattle.gov/transportation/bellstpbl](http://www.seattle.gov/transportation/bellstpbl).

### FUNDING

This project is funded in part by the 9-year Levy to Move Seattle, approved by voters in 2015, and by funds from the Federal Highway Administration. We completed design in 2019 and construction is scheduled to begin as soon as this month.

### WHAT TO EXPECT DURING CONSTRUCTION

- Typical work hours are 7 AM–4 PM, Monday–Friday.
- You may experience construction noise, dust, and vibration.
- Access to businesses and homes will be maintained at all times.
- Traffic will be maintained in all directions, but may be reduced to one lane at times.
- There will be temporary parking and driveway restrictions. We'll notify you individually if you'll be affected.
- There will be temporary pedestrian and bike detours around the work zone and staging area.
