Property: E Marginal Way Heavy Haul Corridor Improvements
Re: No Historic Properties Affected

Dear Trent de Boer:

Thank you for contacting the Department of Archaeology and Historic Preservation (DAHP) and providing a copy of the cultural resources survey report for the above referenced project. Please review our comments below:

Built Environment Comments:

- We concur that Property ID: 724055, the Siberian Fish Products building located at 4660 E Marginal Way S, Seattle, Washington, 98134, is NOT ELIGIBLE for listing in the National Register of Historic Places.

Archaeology Comments:

- We concur with the recommendation that an archaeologist monitor excavations that extend more than five feet below the modern ground surface in the southern half of the project area.

In sum, we concur with all recommendations made in the report and your finding of No Historic Properties Affected, and we look forward to receiving the monitoring report. As a result of our concurrence, further contact with DAHP on this matter is not necessary. However, if information becomes available and/or the scope of work changes, please resume consultation with DAHP and all consulting parties. In the event that archaeological or historic materials are discovered during project activities, work in the immediate vicinity must stop, the area secured, and contact made with concerned tribes and DAHP for further consultation.

We appreciate receiving any correspondence or comments from concerned tribes or other parties that you receive as you consult under the requirements of 36 CFR 800.4(a)(4).

These comments are based on the information available at the time of this review and on behalf of the State Historic Preservation Officer (SHPO) in conformance with Section 106 of the National Historic Preservation Act and its implementing regulations 36 CFR 800.

Thank you for the opportunity to review and comment. Please ensure that the DAHP Project Number (a.k.a. Project Tracking Code) is shared with any hired cultural resource consultants and is attached to any communications or submitted reports. If you have any questions, please feel free to contact me.

Sincerely,

Sydney Hanson
