

## Northgate Neighborhood Greenway Coming Soon!

### WHAT'S HAPPENING NOW

The Seattle Department of Transportation (SDOT) will soon be starting construction on a new neighborhood greenway in Maple Leaf and Pinehurst. Neighborhood greenways are low-traffic, residential streets that provide a safe and calm environment for people walking and biking. The Northgate Neighborhood Greenway will enhance connections between Northgate Station and the neighborhoods to the east.

This neighborhood greenway route was first identified through a community process in 2017 and will include new speed humps, wayfinding, pavement markings, and stop signs on approach streets throughout the route (see map on reverse side). The route also features crossing improvements for people walking and biking at the following intersections:

- Roosevelt Way NE & NE 117<sup>th</sup> St (completed)
- 8<sup>th</sup> Ave NE & NE Northgate Way (completed)
- Roosevelt Way NE & NE 103<sup>rd</sup> St (under construction)
- 5<sup>th</sup> Ave NE & NE 103<sup>rd</sup> St (starting construction July 2021)

Based on feedback we received, we will install several other treatments to calm traffic in the neighborhood and enhance safety and comfort along the route:

- New speed humps on NE 88<sup>th</sup> St between Roosevelt Way NE and 15<sup>th</sup> Ave NE
- New parking restriction on the east side of 8<sup>th</sup> Ave NE between NE 105<sup>th</sup> St and NE 106<sup>th</sup> St
- New “Do Not Enter” signs on NE 105<sup>th</sup> St to restrict westbound traffic entering off 8<sup>th</sup> Ave NE
- Relocated “Do Not Enter” sign restricting eastbound traffic on NE 103<sup>rd</sup> St east of 5<sup>th</sup> Ave NE into a new curb island approximately 90' to the west of the existing island
