

Construction begins this month on a new asphalt pathway along N 100th St

WHAT'S HAPPENING NOW

This month, we will begin installing an asphalt pathway on the north side of N 100th St between Linden Ave N and Aurora Ave N. We will also install new accessible curb ramps on the northwest and southwest corners of N 100th St and Aurora Ave N. This work will last into early spring 2019.

Driveway access will be restricted occasionally over several days on the north side of N 100th St while we demolish the existing public right-of-way area and install the new pathway. Construction will start within a few days of the "no park" signs being placed on the north side of N 100th St. The west side of N 100th St at Aurora Ave N may be closed for 6-8 weeks to complete work. This work is weather-dependent and subject to change.

For future updates, please check the sign at the intersection, sign up for our listserv on the project webpage, or contact us using the information below.

WHAT TO EXPECT

- Work in the street on weekdays, 7 AM – 4 PM
- Temporary on-street parking restrictions, with "no park" signs placed in advance
- Temporary driveway closures for residents and businesses on the north side of N 100th St between Linden Ave N and Aurora Ave N
- Southbound bus lane on Aurora Ave N will be closed during working hours; buses will merge with traffic. When crews pour concrete at the southwest corner of N 100th St and Aurora Ave N, the southbound bus stop will be temporarily relocated 1 block south. Please check King County Metro Alerts for more information.
- West side of N 100th St at Aurora Ave N may be closed for 6-8 weeks to complete work
- Pedestrian detours
- Typical construction equipment, materials, noise, dust, and activity in the work area

Note: After distributing this flyer on 1/16/19, the map and information on bus lane impacts were updated.

Not to scale
