

## Nighttime paving on 35th Ave NE between NE 75th and NE 90th streets; full road closure from NE 65th to 95th streets April 26 - 27

Crews plan to pave 35th Ave NE between NE 75th and NE 90th streets from 6 PM on April 26 to as late as 5 PM on April 27 (based on site conditions and work progress). To complete this work safely and efficiently, crews will need to close 35th Ave NE between NE 65th and NE 95th streets so they can pave the intersections at NE 75th and NE 85th streets. Drivers will be detoured to Sand Point Way NE (see map on reverse).

Work will take place overnight to minimize impacts for businesses and people traveling in the area. After paving, crews will place temporary striping on the roadway. Final striping is anticipated for next month.

### WHAT TO EXPECT DURING PAVING:

- Fresh pavement is hot, oily, and extremely sticky. Please keep off new pavement if you are walking, especially with dogs, as the oil and pavement can harm their feet.
- All sidewalks will remain open. People walking will be able to cross 35th Ave NE at NE 75th St and NE 90th St.
- Access for emergency vehicles will be maintained at all times.

If you have concerns about nighttime construction noise or access during the work, please contact us at: 206-512-3950

### DRIVEWAY CLOSURES DURING PAVING

Starting at 6 PM on Friday, April 26 to as late as 5 PM on Saturday, April 27

- **No access to driveways on 35th between 75th and 90th streets.** Please park on side streets before 6 PM Friday and use sidewalks to walk to homes and businesses within the work area.
- **Local access for residents between 65th and 75th streets and 90th and 95th streets:** A uniformed police officer will be stationed at 65th and 95th to facilitate access as needed. Please plan ahead and anticipate delays. To avoid delays, park on side streets before 6 PM Friday.

### STAY INFORMED ABOUT SCHEDULE CHANGES

Paving is weather-dependent and may be rescheduled.

Transportation

The Levy to

During paving, traffic in both directions will be directed off of 35th Ave NE at NE 65th and NE 95th streets. The detour provides space on 35th Ave NE for crews to work safely as we finish construction. The detour route to Sand Point Way NE is necessary because of the limited number of arterials in this area. It is also one of the few routes that accommodates truck traffic.
