

FACT SHEET

BAILEY GATZERT ELEMENTARY PEDESTRIAN IMPROVEMENTS

September 2017

PROJECT BACKGROUND

We're improving visibility for people walking and biking around the intersection of S Washington St and 14th Ave S and promoting identification of the Bailey Gatzert Elementary school zone. In 2016, the Bailey Gatzert Elementary Pedestrian Improvements project was one of 12 selected by the Levy to Move Seattle Oversight Committee to be funded through our Neighborhood Street Fund (NSF) program. The NSF program funds projects requested by the community.

The project will install a concrete curb bulb on S Washington St at 14th Ave S, a supplemental 20 MPH beacon along 12th Ave S between E Yesler Way and S Main St, and a new school sign.

PROJECT ELEMENTS

- Installation of a concrete curb bulb and ADA accessible curb ramps at the intersection of S Washington St and 14th Ave S
- Better identification of the Bailey Gatzert Elementary school zone
- Installation of a speed limit sign beacon along 12th Ave S between Boren Ave and E Yesler Way
- Addition of a protected left-turn signal for westbound traffic at 12th Ave S and Yesler Way

PROJECT BENEFITS

- Improved pedestrian safety and ADA accessibility
- Increased pedestrian and bicyclist visibility
- Shortened crossing distances at intersections
- Improved awareness of school and school zone speeds

Existing school zone signage on 12th Ave S

WHAT WE'VE HEARD

We began outreach in spring 2017. We heard:

- Requests to make people biking more visible at 14th Ave S and S Washington St. The updated design (see reverse) includes a bike cut-through lane on the north corner of the intersection.
- Desire for landscaping at the intersection of 14th Ave S and S Washington St.
- Requests to add a left-turn signal for westbound traffic at Yesler Way and 12th Ave S. This signal will be added.

FUNDING

Funding comes from the 2015 voter-approved, nine-year Levy to Move Seattle, which will improve safety for all travelers, maintain streets and bridges, and invest in reliable, affordable travel options for a growing city.

This project also is receiving funding from SDOT's Safe Routes to School Program, which makes it easier and safer for students to walk and bike in Seattle.
