PROJECT BACKGROUND

We're improving safety and access for people walking, biking, or in a wheelchair by adding a new crossing signal at Homan Rd and 13th Ave NW. In 2016, the Holman Rd NW and 13th Ave NW Signal project was one of 12 selected by the Levy to Move Seattle Oversight Committee to be funded through SDOT's Neighborhood Street Fund (NSF) program. The NSF program funds projects requested by the community. This project is being undertaken in conjunction with the Seattle Neighborhood Greenway program, which is working to establish a neighborhood greenway and school safety route on NW 92nd St between Whitman Middle School on 15th Ave NW and 1st Ave NW.
