

FACT SHEET

HARBOR AVE SW & SW SPOKANE ST INTERSECTION IMPROVEMENTS

March 2018

PROJECT BACKGROUND

This spring, the Seattle Department of Transportation (SDOT) will improve safety for people walking, biking and driving at the intersection of Harbor Ave SW and SW Spokane St in West Seattle. In 2016, the Harbor Ave SW and SW Spokane St Intersection project was one of 12 selected by the Levy to Move Seattle Oversight Committee to be funded through SDOT's Neighborhood Street Fund (NSF) program. The NSF program funds projects requested by the community.

PROJECT ELEMENTS

- Adding a curb bulb to increase space to stand and visibility at the northeast corner
- Adding a signal to give people biking a protected crossing from the northeast to the southwest corner of the intersection
- Removing segments of a jersey barrier along the Alki Trail approaching Harbor Ave SW
- Restriping the crosswalk
- Trimming overgrown landscaping on the northeast corner
- Adding a bike ramp on SW Avalon Way

Maintaining transit and freight access to Harbor Ave SW and SW Avalon Way is a key element of the project. Adding the protected bike signal will increase wait times at this intersection during some peak times of the day.

PROJECT BENEFITS

- Increased visibility of and safety for people walking and biking across Harbor Ave SW and SW Spokane St
- Basic signs and markings clarifying when motorists can make left turn onto SW Avalon Way

People waiting to cross the intersection at Harbor Ave SW and SW Spokane St

PROJECT LOCATION

WHAT'S HAPPENING NOW?

- We've finalized project design
- We expect construction will begin as soon as mid-May
- You can expect typical construction impacts such as dust, noise, and truck activity
- We'll follow up with adjacent neighbors in advance of construction

PROJECT DESIGN

DO YOU NEED THIS IN ANOTHER FORMAT?

We're designing and building a transportation project proposed by your neighbors to make it safer for people walking and biking and to strengthen community. To learn more about the project or request translations call (206) 390-5656.

Estamos diseñando y construyendo un proyecto de transporte propuesto por nuestros vecinos a fin de que sea mas seguro para que las personas caminen y monten bicicleta y asimismo fortalecer a la comunidad. Para obtener mayor informacion acerca del proyecto o para solicitar transporte llamar a: (206) 390-5656

SCHEDULE

2016	2017	2018	2019
NSF applications and project selection	Project design	Project construction	NSF applications and project selection (new cycle)

FUNDING

Funding comes from the 2015 voter-approved, 9-year Levy to Move Seattle, which is improving safety for all travelers, maintaining streets and bridges, and investing in reliable, affordable travel options for a growing city. The levy includes \$24 million to continue the Neighborhood Street Fund program over the 9 years.

STAY INVOLVED!

We're committed to keeping you informed throughout the life of the project. Feel free to contact us, and be on the lookout for more information.
