HAWTHORNE ELEMENTARY & S GENESEE ST SAFER COMMUNITY PEDESTRIAN CONNECTIONS

March 2017

PROJECT BACKGROUND

The Seattle Department of Transportation (SDOT) will improve crossings for people walking and biking at five locations in the Mt Baker and Columbia City neighborhoods. These improvements reduce crossing distances and increase visibility at intersections for people walking, biking and driving.

In 2016, the Hawthorne Elementary and S Genesee St Safer Community Pedestrian Connections project was one of 12 selected by the Levy to Move Seattle Oversight Committee to be funded through the SDOT's Neighborhood Street Fund (NSF) program. The NSF program funds projects requested by the community.

PROJECT ELEMENTS

- Adding crossing beacons at the existing marked crosswalk at S Genesee St and Cascadia Ave S
- Constructing curb bulbs at the intersections of:
 - S Dakota St and 38th Ave S
 - S Conover Way and 42nd Ave S
 - S Angeline St and 38th Ave S
- Constructing a missing piece of sidewalk leading from S Snoqualmie St and 42nd Ave S up to the park pathway

The project supports parking restrictions within 20 feet of a pedestrian crossing, improving sight distances.

PROJECT BENEFITS

- Safer pedestrian and bicycle connections in the neighborhood
- Safer routes to school for students
- Shorter crossing distances and increased visibility at intersections for people walking, biking and driving

EARLY DESIGN OPTION

FUNDING

Funding comes from the 2015 voter-approved, nine-year Levy to Move Seattle, which will improve safety for all travelers, maintain streets and bridges, and invest in reliable, affordable travel options for a growing city. The levy includes \$24 million to continue the Neighborhood Street Fund program over the nine years.

This project will also receive funding from SDOT's Safe Routes to School Program, which makes it easier and safer for students to walk and bike around Seattle.
