

ARBOR HEIGHTS NEIGHBORHOOD SAFE ROUTES TO SCHOOL PROJECT

Winter 2018

ABOUT THE PROJECT

This Safe Routes to School project will make it safer and easier for kids to walk and bike by improving the intersections along 35th Ave SW from SW 100th St to SW 106th St.

TIMING AND BENEFITS

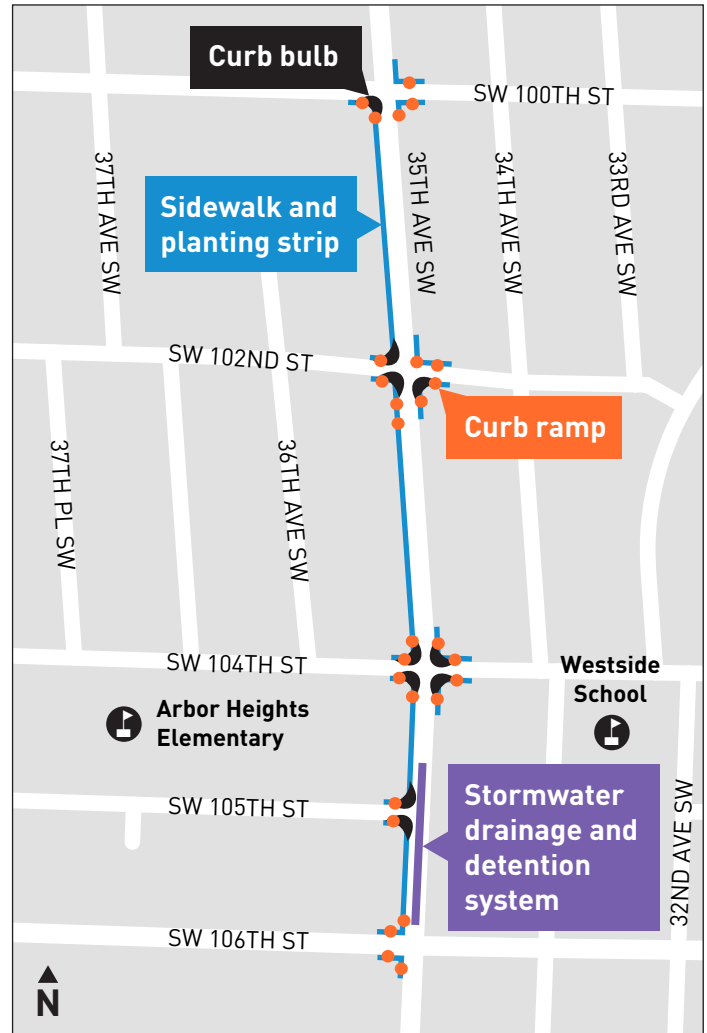

We expect construction will begin in spring 2018. Improvements include:

- New and widened sidewalks
- Curb bulbs to shorten crossing distances for people walking
- Curb ramps for better ADA accessibility
- A new stormwater drainage and detention system between SW 104th and SW 106th streets

Existing conditions looking southwest at 35th Ave SW and SW 102nd St

This project is funded by the School Safety Traffic and Pedestrian Improvement Fund and the 9-year Levy to Move Seattle approved by voters in 2015. Learn more about the levy at: www.seattle.gov/transportation/LevytoMoveSeattle.htm

KEEPING YOU INFORMED

We're committed to keeping you informed throughout construction. Feel free to contact us, and be on the lookout for more information.
