

Driveway Closure for Demo & Repaving: 7626, 7628, 7630, & 7632 Highland Park Way SW

WHAT'S HAPPENING

As part of the Highland Park Way SW & SW Holden St Safety Improvements Project, we need to demolish and repave the driveway apron that leads to your home. During this work, access to the driveway will be temporarily restricted.

WHEN

Exact dates and times are being determined, but the work is scheduled for the week of September 11.

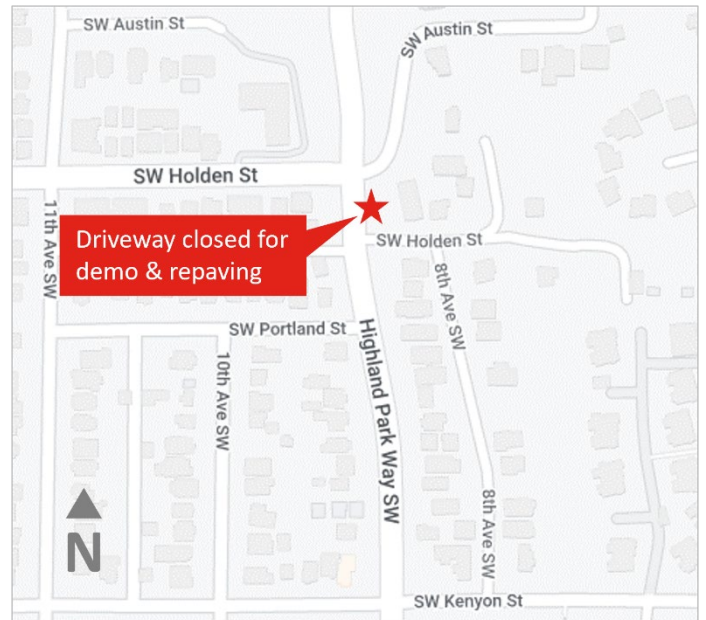

WHAT TO EXPECT

Access: You will not be able to use your driveway for a few hours during part of the construction. We recommend that you park on the street that day.

Noise: Our crew will demolish the existing concrete using a chipping hammer, which is loud and generates vibrations. You will hear additional equipment as we rebuild your driveway apron, but it will not be as loud as the demo.

PLEASE SHARE YOUR CONTACT INFO

We will send you the driveway closure time as soon as we have more schedule details. **If you could share your email address or mobile phone number, we can alert you promptly.** You can leave a voicemail: (206) 900-8741 or email us: HighlandHolden@seattle.gov.
