

35th Ave SW crossing improvements starting as early as Monday, January 28: SW Juneau St

WORK AT SW JUNEAU ST

Starting Monday, January 28, we will begin drainage repairs and accessible curb ramp installation. To complete work safely and efficiently, SW Juneau St will be closed to through traffic at 35th Ave SW. We will first work on and close the west side of the intersection. When west-side work is complete, we will close and work on the east side of the street.

Work will last approximately 6-8 weeks.

WORK AT SW DAWSON ST

We have completed preparatory work to determine the future location of signal poles. We will return in February to install accessible curb ramps and repair pavement. The new signal will be installed in fall once we receive the necessary equipment from the manufacturer.

PROJECT OVERVIEW

In 2019, we are making crossing improvements to enhance safety and access for people walking, biking, and driving at 3 intersections along 35th Ave SW (see map on reverse). We will provide advanced notice to each area as the details of the construction schedule and impacts are confirmed.

WHAT TO EXPECT

We will minimize construction impacts as much as possible. During construction, please expect:

- SW Juneau St temporarily closed to through traffic, 1 side of the intersection at a time
- Lane restrictions and/or pedestrian detours
- Signage and flaggers to direct people around the work zone
- Noise, vibrations, and dust during work hours
- Equipment and materials near the project area
- "No Park" signs placed in work area 72 hours in advance of work starting
- Schedule is weather-dependent and subject to change

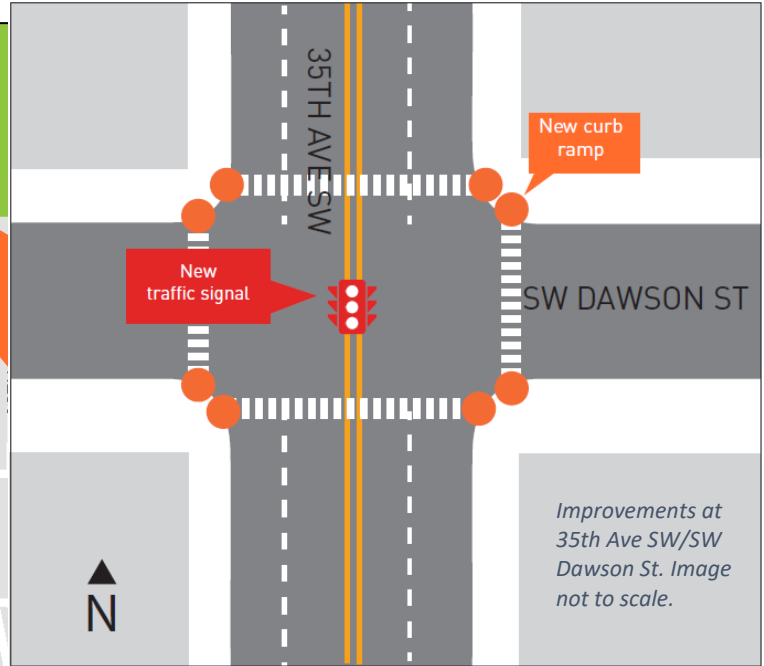

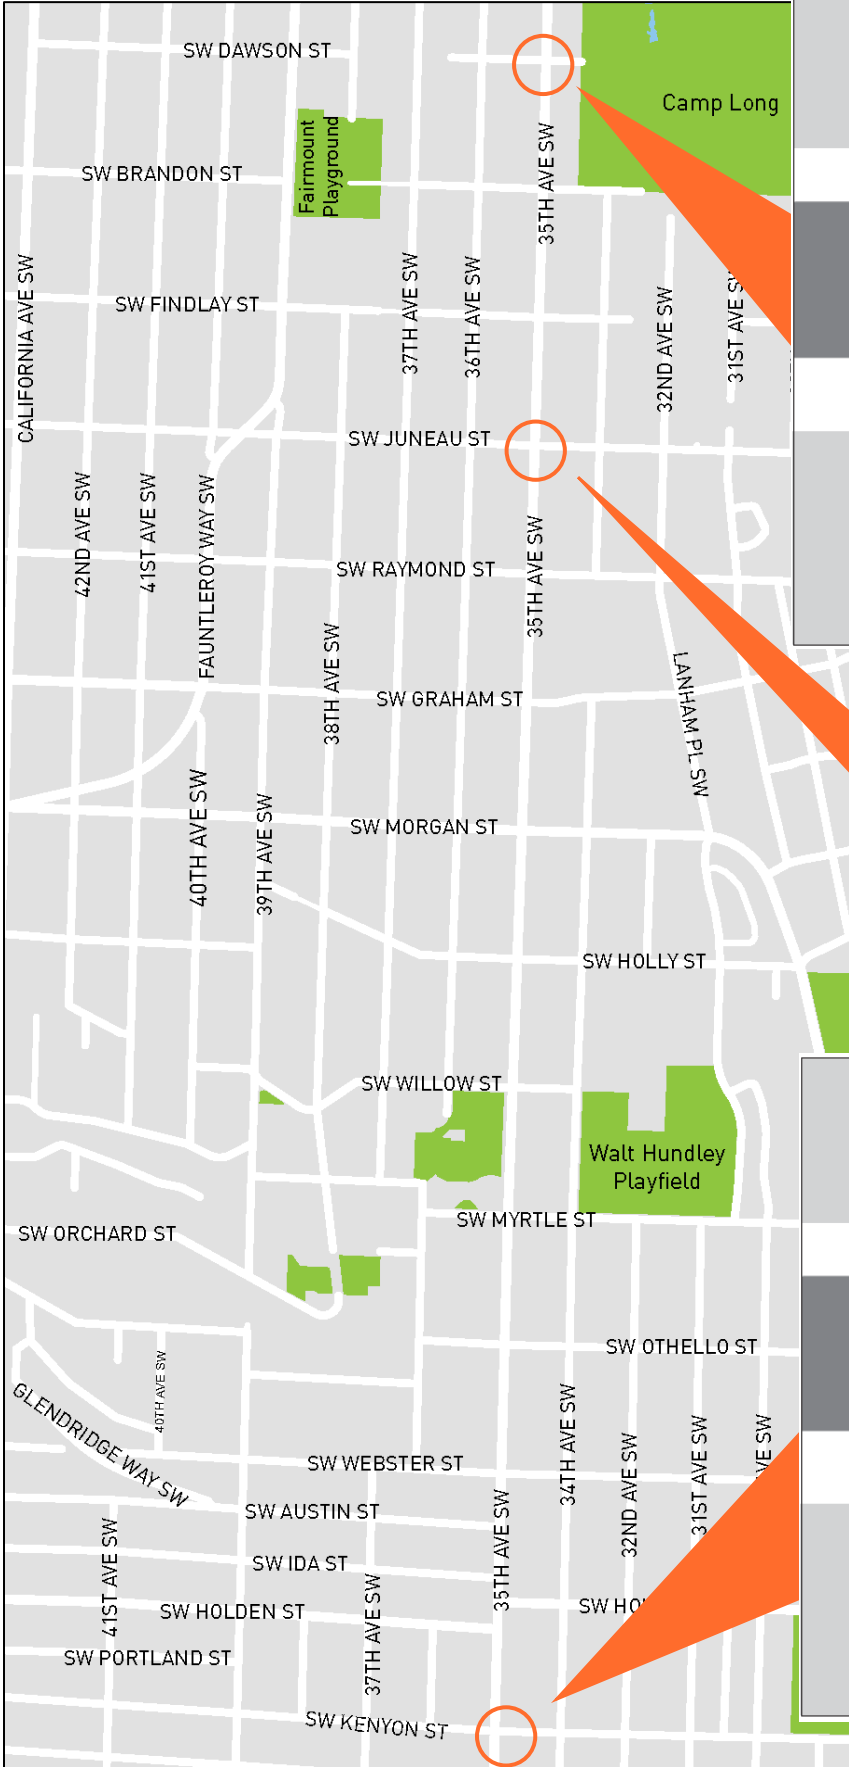

Improvements at 35th Ave SW/SW Juneau St. Image not to scale.
